

7mm ASTM 304 Stainless Steel Sheet Plate 2500mm Length Customized

Our Product Introduction

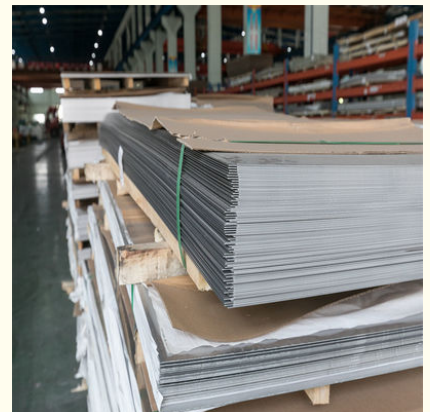

Basic Information

- Place of Origin: Jiangsu
- Brand Name: Hailian
- Model Number: 304
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard seaworthy packing
- Delivery Time: 3 - 5 work days
- Payment Terms: L/C, T/T
- Supply Ability: 10000 ton per month

Product Specification

- Name: SS304 Stainless Steel Plate
- Grade: 304
- Thickness: 7mm
- Type: Sheet
- Surface: 2B
- Size: 1219 * 2438mm
- Color: White
- Application: Construction Use
- Standard: ASTM
- Technique: Cold-rolled
- Highlight: **Stainless Steel Sheet Plate 2500mm,
7mm Stainless Steel Sheet Plate,
ASTM 304 Stainless Steel Sheet**

Product Description

SS304 Stainless Steel Plate Cold - Rolled ASTM 7mm Thickness 2B Finish Construction Use 1219 * 2438mm Size

Product Description

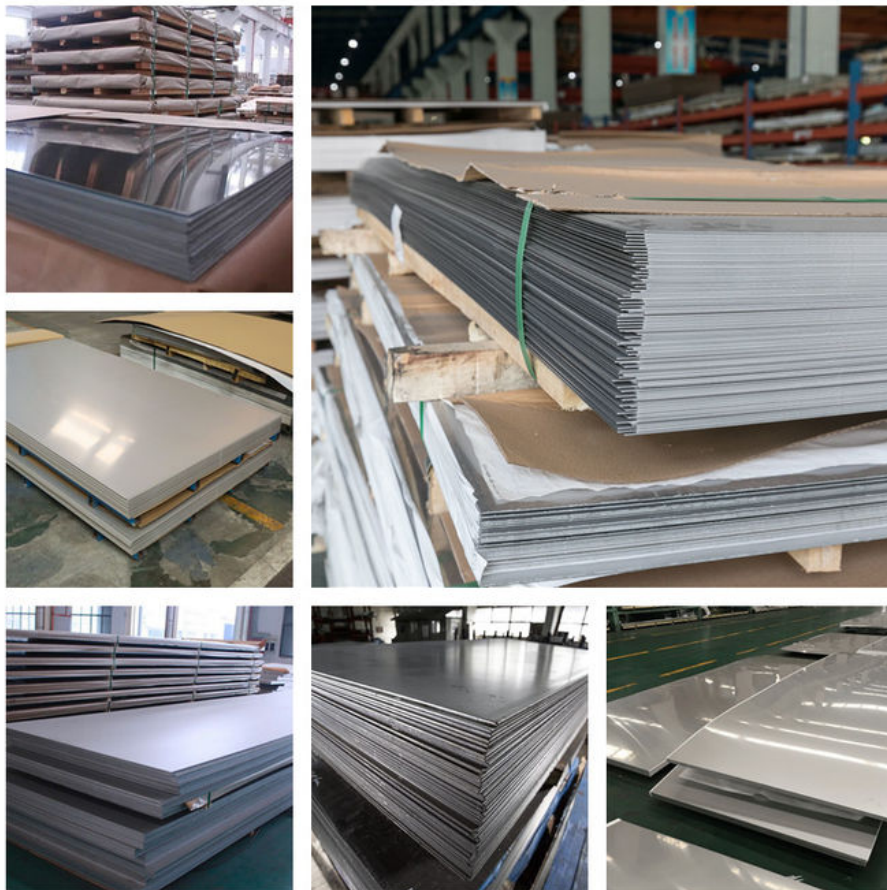

304 stainless steel plate (&304L) are common use austenitic stainless steel, they are a relatively low cost stainless (compared to 316/316L stainless). Referred standards ASTM A-240, ASME SA -240. Both grades are austenitic stainless steel which is one of the most widely used and versatile type of steel. As 304/304L stainless steel plates & sheets have excellent corrosion resistance, 316/316L plates have higher nickel content than 304 and 304L SS sheets giving them even better corrosion resistance especially in marine applications. The corrosion resistance of stainless steel mainly depends on its alloy composition (chromium, nickel, titanium, silicon, aluminum, etc.) and the internal structure major role is chromium (Cr). Chromium has high chemical stability and can form a passivation film on the steel surface to isolate the metal from the outside. To protect the steel plate from oxidation, and increase the corrosion resistance of the steel plate. When the passivation film is broken, the corrosion resistance is lowered

Features:

- Good corrosion resistance than other steel in variety of different media
- Excellent low temperature performances
- Good welding characteristics
- Post weld annealing is not normally required
- Heat resistant performances
- Hot workability such as punching or bending
- No heat treatment hardening phenomenon (non-magnetic, use temperature -196 °C ~ 800 °C)

Applications:

- Energy and Heavy Industries - Oil and Gas, Electrical steel (Silicon Steel), Solar Board.
- Power Plant.
- Heat Exchangers, Boilers
- Chemical Storage Vessels
- Automotive and Transportation
- Architectural and Construction
- Marine Building
- Medical Equipment
- Food Machine Manufacturing, Food and Catering

Product Properties

Product Name	stainless steel plate/sheet
Length	2000mm, 2438mm, 2500mm, 3000mm, 6000mm or as required
Width	1000mm, 1219mm, 1240mm, 1500mm, 1800mm, 2000mm or as required
Thickness	0.3-4mm cold rolled; 3-16mm hot rolled; 16-100mm hot rolled; Customized according to customer requirements
Standard	AISI,ASTM,DIN,JIS,GB,JIS,SUS,EN,etc
Technique	Hot rolled / cold rolled
Surface Treatment	2B ,2D, BA,No.1 ,No.3 ,No.4, No.5 ,No.8 ,8K,HL.etc.
Thickness Tolerance	±0.01mm
Material	201,202,301,302,302HQ,303,304,304L,304F,309,310,310s,314,314L,316,316L,316Ti,316F,317,317L,321,409L,410,410S,416,420,420J1,420JS430,430F,431,2205,2507 etc.
Application	It is widely used in high temperature applications, medical devices, building materials, chemistry, food industry,agriculture,ship components. It also applies to food, beverage packaging, kitchen supplies, trains, aircraft, conveyor belts, vehicles, bolts, nuts,springs,and screen.
MOQ	1 ton , We can accept sample order.
Shipment Time	Within 7-15 workdays after receiving deposit
Export Packing	Waterproof paper, and steel strip packed. Standard Export Seaworthy Package.Suit for all kinds of transport,or as required
Capacity	25000 tons/month

Company Profile

Conformity Certificate and other required certificates are available before the order. Samples are also available from us for you to test in your own testing facility. Hailian Steel also supports third-party inspection before shipping. Hailian Steel also welcomes a company tour for you to check our factory status. Shandong Hailian Steel Group has deeply engaged in Chinese domestic market for over 10 years. We established perfect reputation and deep co-operations with large number of reliable partners. Our high-tech factory and well-trained workers are able to manufacture best quality and highly customized metal products. The professional sales team guarantees the perfect trading experience with Hailian.

FAQ

1.How can I make sure you are a reliable supplier?

Our company is willing to provide our copies of company registration certificate, registration and Chinese exporting registration for you to view. These certificates are under Chinese Trading Law effect. They can help you officially check our company's capability and status.

On the products' side, certificates as Mill Test Certificate(MTC), Third Party Material Quality Conformity Certificate and other required certificates are available before the order. Samples are also available from us for you to test in your own testing facility. Hailian Steel also supports third-party inspection before shipping. Hailian Steel also welcomes a company tour for you to check our factory status.

2.What products and materials do you supply?

Our company mainly supplies all catalogs and all grades of steel and stainless steel products. Coils, strips, sheet, pipes, bars, beams, flanges and other customized products. Tin coating, Ti coating, galvanization and other surface treatments are also available. Other than steel products, we also have high production capacity and hold large ready stock of all kinds of copper and aluminum products. Please feel free to consult us about any related products above, we can surely meet your requirements.

3.Is customization available?

Our factory's expert equipment and highly-trained workers are capable of manufacturing highly customized products. Please feel free to discuss with us about your customized requirements, we can surely meet your needs.
