

Q235B 8mm Mild Steel Sheet Hot Rolled MS Plate 4m Length Black

Our Product Introduction

for more products please visit us on sheetstainless-steel.com

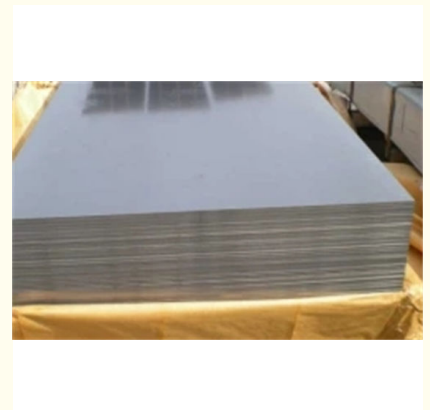

Basic Information

- Place of Origin: Jiangsu
- Brand Name: Hailian
- Model Number: Q235b
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard seaworthy packing
- Delivery Time: 3 - 5 work days
- Payment Terms: L/C, T/T
- Supply Ability: 10000 ton per month

Product Specification

- Name: Q235b Carbon Steel Plate
- Grade: Q235b
- Length: 2438mm
- Type: Sheet/Plate
- Thickness: 8mm
- Width: 1219mm
- Color: Black
- Application: Construction Use
- Standard: JIS
- Technique: Hot - Rolled
- Highlight: **Q235B 8mm Mild Steel Sheet,
8mm Mild Steel Sheet, Hot Rolled MS Plate 4m**

Product Description

Q235b JIS Carbon Steel Plate 8mm Thickness 1219 * 2438 mm Size Black Color Construction Use Hot - Rolled

Product Description

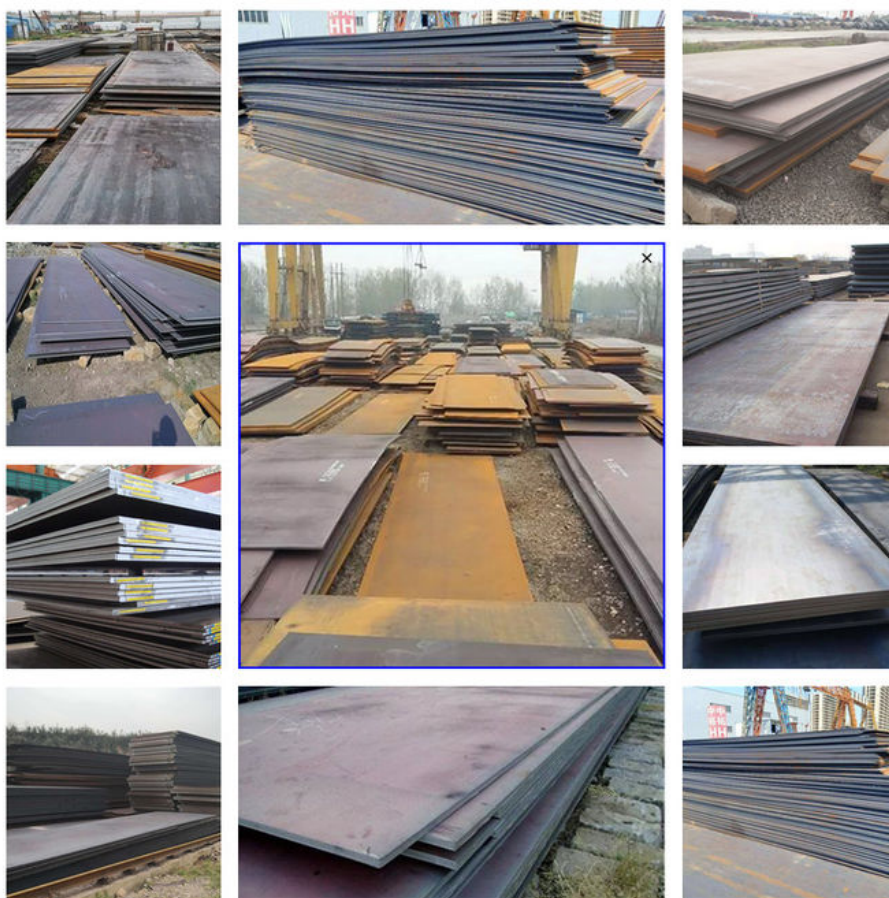

Q235B Carbon Steel Plate is one of the most common steels in China, with a low price, it can be used for most products with low performance requirements. Thickness range: 2mm-300mm. Width range: 1250mm-2200mm. Length range: 2500mm-11000mm.

Q235B Carbon Steel Plate has certain elongation, strength, good toughness and castability, easy to punch and weld, and is widely used in the manufacture of general mechanical parts. It is mainly used for welded structural parts with high quality requirements in construction and bridge engineering. Q235 steel. It is a kind of steel material. Q represents the yield of this material, the latter 235 refers to the yield value of this material, around 235. Normally we use this Type of Steel to make structure, Q235B steel plate is a kind of low carbon steel. The national standard GB/T 700-2006 "Carbon Structural Steel" has a clear definition. Q235B is one of the most common steel products in China. It is cheap and can be used for most products that do not require high performance. Q235B steel plate is a kind of low carbon steel. The national standard GB/T 700-2006 "Carbon Structural Steel" has a clear definition. Q235B is one of the most common steel products in China. It is cheap and can be used for most products that do not require high performance. Method:

① Consists of Q+number+quality grade symbol+deoxidation method symbol. Its steel number is prefixed with "Q", which represents the yield point of the steel, and the following number represents the yield point value in MPa. For example, Q235 represents a carbon structural steel with a yield point (σ_s) of 235 MPa.

② If necessary, a symbol indicating quality grade and deoxidation method can be marked after the steel number. The quality grade symbols are A, B, C, D. Symbol of deoxidation method: F means boiling steel; b means semi-killed steel; Z means killed steel; TZ means special killed steel. Killed steel may not be marked with symbols, that is, both Z and TZ may not be marked. For example, Q235-AF represents Class A boiling steel.

③ Carbon steel for special purposes, such as bridge steel, ship steel, etc., basically uses the expression method of carbon structural steel, but the letter indicating the purpose is added at the end of the steel number.

Product Properties

| | |
|--------------|--------------------------------|
| Product Name | Carbon Steel Plate |
| Standard | DIN GB JIS BA AISI ASTM EN etc |

| | |
|-------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Grade | Q235A,Q235B,Q235C,Q235D,Q345B,Q345C,Q345D,Q345E, Q390B,Q390C,Q390D,Q390E,Q420B, Q420C,Q420D,Q420E,Q460B,Q460C,Q460D,Q460E, 20CR 40CR 20# 45# 50# 20MN,35MN,45MN, 40MN,50MN,60Si2MN,65MN,15CRMO,20CRMO,35CRMO,42CRMO,1 2CR1MOV, 27SIMN,16MNDR,16MNR,15MNVN,etc. S235JR,S235JO,S235J2,S275JO,S275JR,S275J2,S355JR, S355JO,S355J2,ST37,ST37-2,ST52-3,S20C, S45C,S35C,CK22,CK45,C20,C45,1020,1045,SM45,AH36,DH36, EH36,A3,A36,A516GR50 A516GR60,A516GR65/70,A572GR50/60/65/70,A588GR.A/B/C/D/E/F, SS400,A570GRA/B/C/D, A283,A572GR42/45/50/60/65,S235JRG1,UST37-2, Q235NH,Q295NH,Q355NH,Q460NH.HR235, HR355 etc. |
| Surface | Clean, blasting and painting according to customer requirement |
| Technique | Hot rolled or cold rolled |
| Thickness | 3mm-300mm or as required |
| Width | 0.6m-3m or as required |
| Length | 4m-12m or as required |
| Weighting | On actual weight basis |
| Application | It is widely used in engineering machinery, metallurgical machinery, coal industry, mining machinery,environmental protection machinery,the feeder,container,dumper bodies, sieve plate,hoister,edge plate,wheel gear,cutter etc other industry. |

Company Profile

Shandong Hailian Steel Group has deeply engaged in Chinese domestic market for over 10 years. We established perfect reputation and deep co-operations with large number of reliable partners. Our high-tech factory and well-trained workers are able to manufacture best quality and highly customized metal products. The professional sales team guarantees the perfect trading experience with Hailian.

The goal of Hailian is doing our best to offer our clients best service and product quality with lowest price. We are looking forward to deal business with you!

Our company is willing to provide our copies of company registration certificate and Chinese exporting registration for you to view. These certificates are under Chinese Trading Law effect. They can help you officially check our company's capability and status.

FAQ

1.What products and materials do you supply?

Our company mainly supplies all catalogs and all grades of steel and stainless steel products. Coils, strips, sheet, pipes, bars, beams, flanges and other customized products. Tin coating, Ti coating, galvanization and other surface treatments are also available.

Other than steel products, we also have high production capacity and hold large ready stock of all kinds of copper and aluminum products. Please feel free to consult us about any related products above, we can surely meet your requirements.

2.Is customization available?

Our factory's expert equipment and highly-trained workers are capable of manufacturing highly customized products. Please feel free to discuss with us about your customized requirements, we can surely meet your needs.

3.Why should I choose you?

Our company has deeply engaged in metal material market for over 15 years. We established perfect reputation world-wide. Craftsmanship spirit is the fundamental of Xuda Steel since we are established. Xuda Steel keeps our products as highest quality and lowest price to maintain our self competitive. Proving our clients with best trading experience is the goal we always insist of.
