

## H62 Round Copper Pipe Tube 89mm OD 1.5mm Thick SUS For Decoration

### Our Product Introduction

#### Basic Information

- Place of Origin: Jiangsu
- Brand Name: Hailian
- Model Number: H62
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard seaworthy packing
- Delivery Time: 3 - 5 work days
- Payment Terms: L/C, T/T
- Supply Ability: 10000 ton per month

#### Product Specification

- Name: H62 Copper Pipe
- Grade: H62
- OD: 89mm
- Type: Pipes
- Thickness: 1.5mm
- Material: Copper
- Color: Yellow
- Application: Decoration Use
- Standard: SUS
- Surface: Bright
- Highlight: **H62 Copper Pipe Tube,  
Copper Pipe Tube 89mm,  
Copper Round Tube 1.5mm**

## Product Description

H62 Copper Pipe SUS Standard 89mm OD 1.5mm Thickness Yellow Color Decoration Use

### Product Description

Copper PIPE HAS strong, corrosion resistance characteristics, and become the modern contractor in all residential commercial water pipe, heating, cooling pipe installation of the first choice.

The copper tube melts many advantages in one: it is strong, has the high strength of the general metal; At the same time than general metal is easy to bend, easy to twist, not easy crack, not easy to break, and have certain antifreeze swelling and anti-impact ability, because of this the copper conduit in the water supply system in the building is installed, use rises safe and reliable, need not maintain and maintain even. Copper pipe is hard, not easy to corrosion, and high temperature and high pressure resistance, can be used in a variety of environments. Compared WITH THIS, THE SHORTCOMING OF A LOT OF OTHER MATERIAL IS OBVIOUS, FOR EXAMPLE THE GALVANIZED STEEL PIPE WITH MULTI-PURPOSE IN THE PAST RESIDENCE, EASY RUST, USE TIME IS NOT LONG CAN APPEAR THE PROBLEM SUCH AS TAP WATER YELLOWING, CURRENT DECRESCENT. Other materials rapidly lose strength at high temperatures, making them unsafe to use in hot water pipes, and copper's melting point is as high as 1083 degrees Celsius, making the temperature of the hot water system negligible. Archaeologists have discovered a 4,500-year-old copper pipe inside an Egyptian pyramid that is still functional. The chemical properties of copper are stable, cold resistance, heat resistance, pressure resistance, corrosion resistance and fire resistance (copper melting point up to 1083 degrees Celsius) and other characteristics in one, can be used in different environments for a long time. Copper pipes can last as long or longer than the life of a building. Copper pipe sets the advantages of metal pipe and non-metal pipe in a suit. It is harder than plastic pipe, with the high strength of general metal (cold drawn copper pipe strength and the same wall thickness of steel pipe); It is more flexible than ordinary metals, good toughness and high ductility, with excellent vibration resistance, impact resistance and frost heave resistance.

### Product Properties

Product Name	Copper Pipe
Material	T1,T2,C10100,C10200,C10300,C10400,C10500,C10700,C10800,C10910,C10920,TP1,TP2,C10930,C11000,C11300,C11400,C11500,C11600,C12000,C12200,C12300,TU1,TU2,C12500,C14200,C14420,C14500,C14510,C14520,C14530,C17200,C19200,C21000,C23000,C26000,C27000,C27400,C28000,C33000,C33200,C37000,C44300,C44400,C44500,C60800,C63020,C65500,C68700,C70400,C70600,C70620,C71000,C71500,C71520,C71640,C72200,C83600/C93200,C62900/C95400/C95500/CuAl10Fe5Ni5,H59,H62,H65,H70

Standard	GB/T17791-2007,GB/T1527-2006, GB/T18033-2007, YS/T450-2002ASTM B280,ASTM B68,ASTM B75,ASTM B88 EN12735,AS1571,JIS H3300
Shape	Round,Square,Rectangular,Oval,Half-Round
Temper	Soft (M), half soft (M2) and half hard (Y2)
Application	Water tube, Air condition or Refrigerator, Water heater Water and Heater Tube,Condenser,Industry Electric appliance,Machinery and etc

### Company Profile

Shandong Hailian Steel Group has deeply engaged in Chinese domestic market for over 10 years. We established perfect reputation and deep co-operations with large number of reliable partners. Our high-tech factory and well-trained workers are able to manufacture best quality and highly customized metal products. The professional sales team guarantees the perfect trading experience with Hailian.

The goal of Hailian is doing our best to offer our clients best service and product quality with lowest price. We are looking forward to deal business with you!

### FAQ

#### 1.What is your payment terms?

Our company prefers 30%TT before inspection and the rest 70% against BL. However, our price term is negotiable. Multiple payment terms are available from us.

#### 2.Which payment method can I choose?

Our company accepts all types of secured payment methods. Bank transaction, Trading Assurance, Paypal and etc are all available from us. Please feel free to contact us about your preferred payment method.

#### 3.Is sample providing service available?

Our company provides free samples to our clients. We usually also cover the sample shipping cost. Please feel free to order a sample from us.
