

SS304 SUS Stainless Steel Sheet Plate Hot Rolled 25mm 1219*2438 For Building

Our Product Introduction

for more products please visit us on sheetstainless-steel.com

Basic Information

- Place of Origin: Jiangsu
- Brand Name: Hailian
- Model Number: 304
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard seaworthy packing
- Delivery Time: 3 - 5 work days
- Payment Terms: L/C, T/T
- Supply Ability: 10000 ton per month

Product Specification

- Name: SS304 Stainless Steel Plate
- Grade: 304
- Thickness: 25mm
- Type: Sheet
- Surface: No.1
- Size: 1219*2438mm
- Color: Natural Color
- Application: Construction Use
- Standard: SUS
- Technique: Hot Rolled
- Highlight: **SUS Stainless Steel Sheet For Building,
1219*2438 Stainless Steel Sheet,
25mm Stainless Steel Sheet**

Product Description

No.1 SS304 Stainless Steel Sheet Plate SUS Hot Rolled 25mm Thickness 1219*2438 For Building

Product Description

Use of steel plate

high pressure vessels with steel plate has good processing performance and compressive strength, for the production of 500! The following high-pressure gas pressure vessels are filled with LPG, acetylene gas and various gases.

The stainless steel plate has a smooth surface, high plasticity, toughness and mechanical strength, and is resistant to corrosion by acids, alkaline gases, solutions and other media. Mainly divided into austenitic stainless steel plate, martensitic stainless steel plate, etc.

And in the field of application, hot rolled stainless steel plate is also surprising. It is used in more fields including cold rolled raw plate, automobile steel, structural steel, weather resistant steel, high pressure vessel steel, etc. Hot rolled stainless steel plate can be used to produce ordinary structural steel and welding structural steel, mainly used for steel structural parts, Bridges, ships and vehicles production.

In weather resistant steel, add a certain amount of special elements in hot rolled stainless steel plate, such as phosphorus, copper and carbon, the board will have excellent corrosion resistance and atmospheric corrosion resistance, can be used to produce containers and special vehicles, can also be made into building structures.

As for the steel used in automobile structure, the high strength hot rolled stainless steel plate with good welding performance can be used in the production of automobile structure.

Hot rolled stainless steel plate can also be made into cold rolled stainless steel original plate, so as to make all kinds of cold rolled stainless steel plate products, such as color stainless steel plate. In addition, the hot rolled stainless steel plate also has better processing performance and compressive strength, so it can also be used to make the content of less than 500 filling acetylene gas and other gas pressure vessels.

In addition to the above applications, hot rolled stainless steel plate itself has good corrosion resistance, after the corresponding processing process can also be used in the food industry, petrochemical, aerospace and medical equipment and other fields.

Product Properties

Product Name	stainless steel plate/sheet
Length	2000mm, 2438mm, 2500mm, 3000mm, 6000mm or as required
Width	1000mm, 1219mm, 1240mm, 1500mm, 1800mm, 2000mm or as required
Thickness	0.3-4mm cold rolled; 3-16mm hot rolled; 16-100mm hot rolled; Customized according to customer requirements
Standard	AISI,ASTM,DIN,JIS,GB,JIS,SUS,EN,etc
Technique	Hot rolled / cold rolled
Surface Treatment	2B ,2D, BA,No.1 ,No.3 ,No.4, No.5 ,No.8 ,8K,HL.etc.
Thickness Tolerance	±0.01mm
Material	201,202,301,302,302HQ,303,304,304L,304F,309,310,310s,314,314I,316,316L,316Ti,316F,317,317I,321,409L,410,410S,416,420,420J1,420JS430,430F,431,2205,2507 etc.
Application	It is widely used in high temperature applications, medical devices, building materials, chemistry, food industry,agriculture,ship components. It also applies to food, beverage packaging, kitchen supplies, trains, aircraft, conveyor belts, vehicles, bolts, nuts,springs,and screen.
MOQ	1 ton , We can accept sample order.
Shipment Time	Within 7-15 workdays after receiving deposit
Export Packing	Waterproof paper, and steel strip packed. Standard Export Seaworthy Package.Suit for all kinds of transport,or as required
Capacity	25000 tons/month

Company Profile

Conformity Certificate and other required certificates are available before the order. Samples are also available from us for you to test in your own testing facility. Hailian Steel also supports third-party inspection before shipping. Hailian Steel also welcomes a company tour for you to check our factory status. Shandong Hailian Steel Group has deeply engaged in Chinese domestic market for over 10 years. We established perfect reputation and deep co-operations with large number of reliable partners. Our high-tech factory and well-trained workers are able to manufacture best quality and highly customized metal products. The professional sales team guarantees the perfect trading experience with Hailian. Our company is willing to provide our copies of company registration certificate and Chinese exporting registration for you to view. These certificates are under Chinese Trading Law effect. They can help you officially check our company's capability and status. On the products' side, certificates as Mill Test Certificate (MTC), Third Party Material Quality Conformity

Certificate and other required certificates are available before the order. Samples are also available from us for you to test in your own testing facility. Hailian Steel also supports third-party inspection before shipping. Hailian Steel also welcomes a company tour for you to check our factory status.

FAQ

1.What is your payment terms?

Our company prefers 30%TT before inspection and the rest 70% against BL. However, our price term is negotiable. Multiple payment terms are available from us.

2.What products and materials do you supply?

Our company mainly supplies all catalogs and all grades of steel and stainless steel products. Coils, strips, sheet, pipes, bars, beams, flanges and other customized products. Tin coating, Ti coating, galvanization and other surface treatments are also available. Other than steel products, we also has high production capacity and holds large ready stock of all kinds of copper and aluminum products. Please feel free to consult us about any related products above, we can surely meet your requirements.

3.Is sample providing service available?

Our company provides free samples to our clients. We usually also cover the sample shipping cost. Please feel free to order a sample from us.
