

SUS 40mm 201 Stainless Steel Sheet Hot Rolled 1500*6000mm For Construction

Our Product Introduction

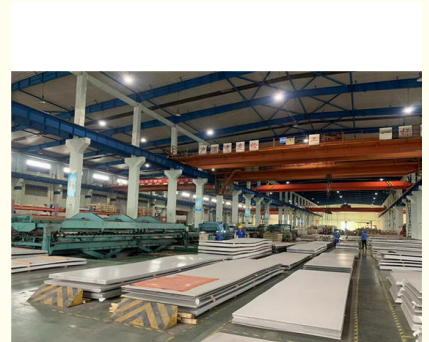

Basic Information

- Place of Origin: Jiangsu
- Brand Name: Hailian
- Model Number: 201
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard seaworthy packing
- Delivery Time: 3 - 5 work days
- Payment Terms: L/C, T/T
- Supply Ability: 10000 ton per month

Product Specification

- Name: SS201 Stainless Steel Plate
- Grade: 201
- Thickness: 40mm
- Type: Sheet
- Surface: No.1
- Size: 1500* 6000mm
- Color: Natural Color
- Application: Construction Use
- Standard: SUS
- Technique: Hot Rolled
- Highlight: **201 Stainless Steel Sheet 40mm,
SUS Hot Rolled Stainless Steel Sheet,
Stainless Steel Sheet 1500*6000mm**

Product Description

SUS 40mm Thickness 201 Stainless Steel Sheet No.1 Finish Hot Rolled 1500*6000mm For Construction

Product Description

Hot rolled steel is a good choice when tight tolerances are not of utmost importance. There are many fields where that is the case. Its great **advantage in price** matters more than precision. Some common uses for hot rolled steel are:

- Constructions
- Pipes and tubes
- Truck frames
- Doors and shelving
- Railroad tracks
- Railroad car parts

Hot rolled coil is made of slab (mainly continuous casting billet) as raw material, which is heated and made into strip by roughing mill and finishing mill. The hot steel strip from the last finishing mill is cooled to the set temperature by laminar flow, and is rolled into steel strip coil by the coiler. The cooled steel strip coil is processed into steel plate, flat coil and longitudinal strip products by different finishing lines (leveling, straightening, transverse or longitudinal cutting, inspection, weighing, packaging and marking, etc.) according to different needs of users. Because hot rolling steel plate products have high strength, good toughness, easy processing and good weldability and other excellent performance, so it is widely used in ships, automobiles, Bridges, construction, machinery, pressure vessels and other manufacturing industries. With the increasing maturity of new control technologies such as dimensional accuracy, shape and surface quality of hot rolling and the coming out of new products, hot rolling steel sheet and strip products have been more and more widely used and have more and more competitive power in the market.

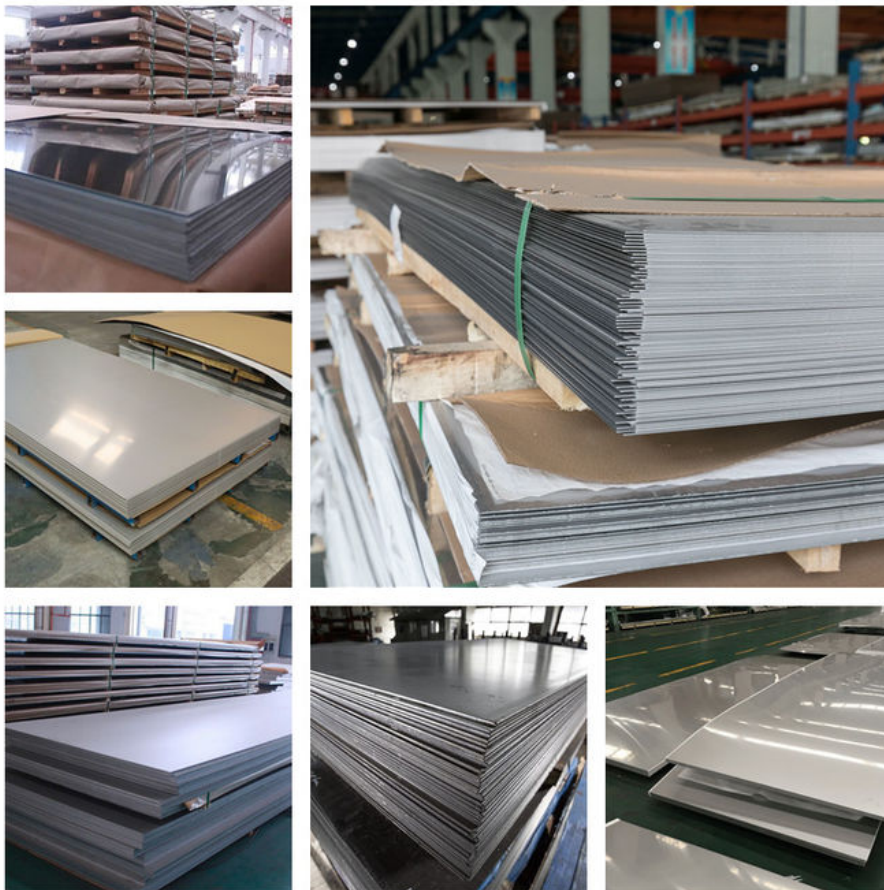

Product category:

Hot rolling steel plate products include steel strip (coil) and steel plate made by cutting thereof. The steel belt (coil) can be divided into straight coil and finishing coil (split coil, flat coil and slitting coil).

According to its different uses, it can be divided into: cold forming steel, structural steel, automobile structural steel, corrosion resistant structure steel, mechanical structure steel, welding gas cylinder and pressure vessel steel, pipeline steel, etc.

General instructions:

Hot rolling steel plate products, steel specifications variety, wide range of uses, from general engineering structure to automobile, bridge, ship, boiler pressure vessels and other manufacturing, have been widely used. All kinds of different uses, the material performance of steel plate, surface quality and size, contour accuracy and other requirements are also different, therefore, we must have a good understanding of the variety, material, characteristics and use of hot rolled steel plate products, in order to achieve economic and reasonable utilization.

Product Properties

Product Name	stainless steel plate/sheet
Length	2000mm, 2438mm, 2500mm, 3000mm, 6000mm or as required
Width	1000mm, 1219mm, 1240mm, 1500mm, 1800mm, 2000mm or as required
Thickness	0.3-4mm cold rolled; 3-16mm hot rolled; 16-100mm hot rolled; Customized according to customer requirements
Standard	AISI,ASTM,DIN,JIS,GB,JIS,SUS,EN,etc
Technique	Hot rolled / cold rolled
Surface Treatment	2B ,2D, BA,No.1 ,No.3 ,No.4, No.5 ,No.8 ,8K,HL.etc.
Thickness Tolerance	±0.01mm
Material	201,202,301,302,302HQ,303,304,304L,304F,309,310,310s,314,314L,316,316L,316Ti,316F,317,317L,321,409L,410,410S,416,420,420J1,420JS430,430F,431,2205,2507 etc.
Application	It is widely used in high temperature applications, medical devices, building materials, chemistry, food industry,agriculture,ship components. It also applies to food, beverage packaging, kitchen supplies, trains, aircraft, conveyor belts, vehicles, bolts, nuts,springs,and screen.
MOQ	1 ton , We can accept sample order.
Shipment Time	Within 7-15 workdays after receiving deposit
Export Packing	Waterproof paper, and steel strip packed. Standard Export Seaworthy Package.Suit for all kinds of transport,or as required
Capacity	25000 tons/month

Company Profile

Conformity Certificate and other required certificates are available before the order. Samples are also available from us for you to test in your own testing facility. Hailian Steel also supports third-party inspection before shipping. Hailian Steel also welcomes a company tour for you to check our factory status. Shandong Hailian Steel Group has deeply engaged in Chinese domestic market for over 10 years. We established perfect reputation and deep co-operations with large number of reliable partners. Our high-tech factory and well-trained workers are able to manufacture best quality and highly customized metal products. The professional sales team guarantees the perfect trading experience with Hailian. Our company is willing to provide our copies of company registration certificate and Chinese exporting registration for you to view. These certificates are under Chinese Trading Law effect. They can help you officially check our company's capability and status. On the products' side, certificates as Mill Test Certificate(MTC), Third Party Material Quality Conformity

Certificate and other required certificates are available before the order. Samples are also available from us for you to test in your own testing facility. Hailian Steel also supports third-party inspection before shipping. Hailian Steel also welcomes a company tour for you to check our factory status.

FAQ

1.Which payment method can I choose?

Our company accepts all types of secured payment methods. Bank transaction, Trading Assurance, Paypal and etc are all available from us. Please feel free to contact us about your preferred payment method.

2.Is sample providing service available?

Our company provides free samples to our clients. We usually also cover the sample shipping cost. Please feel free to order a sample from us.

3.What is your payment terms?

Our company prefers 30%TT before inspection and the rest 70% against BL. However, our price term is negotiable. Multiple payment terms are available from us.
