

## JIS 45mm 201 Stainless Steel Sheet Hot Rolled 1219\*2438mm For Building

### Our Product Introduction

for more products please visit us on [sheetstainless-steel.com](http://sheetstainless-steel.com)

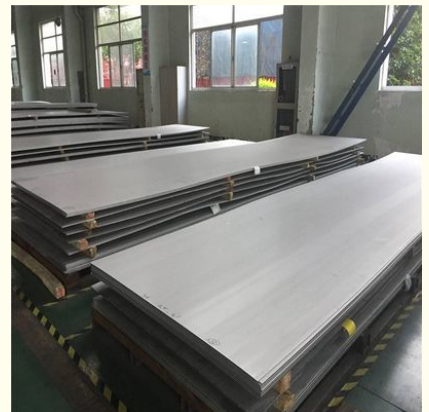

#### Basic Information

- Place of Origin: Jiangsu
- Brand Name: Hailian
- Model Number: 201
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard seaworthy packing
- Delivery Time: 3 - 5 work days
- Payment Terms: L/C, T/T
- Supply Ability: 10000 ton per month

#### Product Specification

- Name: SS201 Stainless Steel Plate
- Grade: 201
- Thickness: 45mm
- Type: Sheet
- Surface: No.1
- Size: 1219\* 2438mm
- Color: Natural Color
- Standard: JIS
- Technique: Hot Rolled
- Highlight: **45mm 201 Stainless Steel Sheet,  
Stainless Steel Sheet 1219\*2438mm,  
JIS Hot Rolled Stainless Steel Sheet**

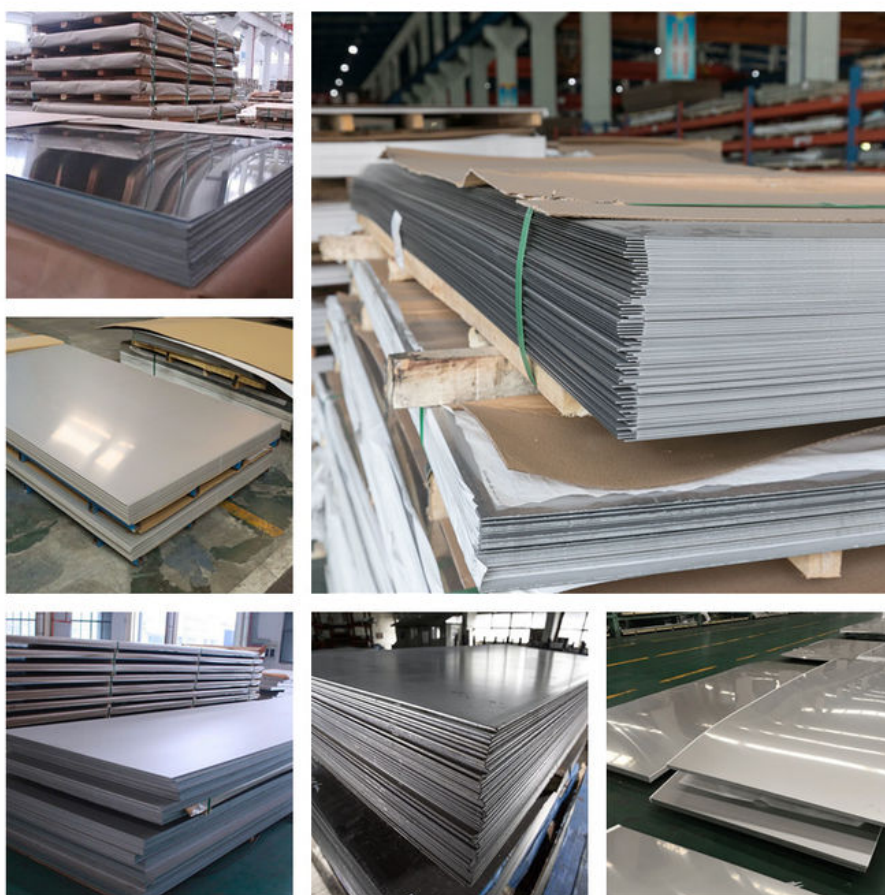

## Product Description

JIS 45mm Thickness 201 Stainless Steel Sheet No.1 Finish Hot Rolled 1219\*2438mm For Building

### Product Description

By definition, the ingot or billet is difficult to deform and process at room temperature. It is generally heated to 1100 ~ 1250°C for rolling. This rolling process is called hot rolling. Hot rolled plate rolling parts of high temperature, so the deformation resistance is small, can achieve large deformation. Taking the rolling of steel plate as an example, the general thickness of continuous casting billet is about 230mm, and after rough rolling and finishing rolling, the final thickness is 1~20mm. At the same time, due to the small thickness ratio of steel plate, dimensional accuracy requirements are relatively low, it is not easy to appear plate shape problems, to control the convexity. For the organization of the requirements, generally through the control of rolling and cooling, that is, to control the finish rolling temperature, rolling temperature and curling temperature to control the microstructure and mechanical properties of strip steel.

1. Structural steel is mainly used in the production of steel structural parts, Bridges, ships and vehicles.
2. weatherproof steel added special elements (P, Cu, C, etc.), has good corrosion resistance and atmospheric corrosion resistance, used in the production of containers, special vehicles, but also used in building structures.
3. automobile structure steel with good stamping performance and welding performance of high strength steel plate, used for automobile FRAME, WHEEL and other production.
4. hot rolled special steel general mechanical structure with carbon steel, alloy steel, tool steel, after heat treatment engineering for the production of various mechanical parts.
5. Cold rolled original plate is used to produce various cold rolled products, including CR, GI, color coated plate, etc.
6. steel pipe steel plate has good processing performance and compressive strength, used for the production of content volume below 500L filling LPG, acetylene gas and a variety of gas pressure vessels.
7. high pressure vessel steel plate has good processing performance and compressive strength, used for the production of content volume below 500L filling LPG, acetylene gas and a variety of gas pressure vessels.
8. stainless steel plate has good corrosion resistance, mainly used in food industry, surgical equipment, aerospace, petroleum, chemical and other industries.

### Product Properties

Product Name	stainless steel plate/sheet
Length	2000mm, 2438mm, 2500mm, 3000mm, 6000mm or as required
Width	1000mm, 1219mm, 1240mm, 1500mm, 1800mm, 2000mm or as required

Thickness	0.3-4mm cold rolled; 3-16mm hot rolled; 16-100mm hot rolled; Customized according to customer requirements
Standard	AISI,ASTM,DIN,JIS,GB,JIS,SUS,EN,etc
Technique	Hot rolled / cold rolled
Surface Treatment	2B ,2D, BA,No.1 ,No.3 ,No.4, No.5 ,No.8 ,8K,HL.etc.
Thickness Tolerance	±0.01mm
Material	201,202,301,302,302HQ,303,304,304L,304F,309,310,310s,314,314L,316,316L,316Ti,316F,317,317L,321,409L,410,410S,416,420,420J1,420JS430,430F,431,2205,2507 etc.
Application	It is widely used in high temperature applications, medical devices, building materials, chemistry, food industry,agriculture,ship components. It also applies to food, beverage packaging, kitchen supplies, trains, aircraft, conveyor belts, vehicles, bolts, nuts,springs,and screen.
MOQ	1 ton , We can accept sample order.
Shipment Time	Within 7-15 workdays after receiving deposit
Export Packing	Waterproof paper, and steel strip packed. Standard Export Seaworthy Package.Suit for all kinds of transport,or as required
Capacity	25000 tons/month

### Company Profile

Conformity Certificate and other required certificates are available before the order. Samples are also available from us for you to test in your own testing facility. Hailian Steel also supports third-party inspection before shipping. Hailian Steel also welcomes a company tour for you to check our factory status. Shandong Hailian Steel Group has deeply engaged in Chinese domestic market for over 10 years. We established perfect reputation and deep co-operations with large number of reliable partners. Our high-tech factory and well-trained workers are able to manufacture best quality and highly customized metal products. The professional sales team guarantees the perfect trading experience with Hailian. Our company is willing to provide our copies of company registration certificate and Chinese exporting registration for you to view. These certificates are under Chinese Trading Law effect. They can help you officially check our company's capability and status. On the products' side, certificates as Mill Test Certificate(MTC), Third Party Material Quality Conformity Certificate and other required certificates are available before the order. Samples are also available from us for you to test in your own testing facility. Hailian Steel also supports third-party inspection before shipping. Hailian Steel also welcomes a company tour for you to check our factory status.

### FAQ

1.Which payment method can I choose?

Our company accepts all types of secured payment methods. Bank transaction, Trading Assurance, Paypal and etc are all available from us. Please feel free to contact us about your preferred payment method.

2.Is sample providing service available?

Our company provides free samples to our clients. We usually also cover the sample shipping cost. Please feel free to order a sample from us.

3.What is your payment terms?

Our company prefers 30%TT before inspection and the rest 70% against BL. However, our price term is negotiable. Multiple payment terms are available from us.
