#### Mild Steel Square Tube Q355 Steel Square Pipe Standard JIS Hot Rolled Diameter 168mm OD 7mm Thick 6m Length **Product Description**

Carbon Steel Square Tube is made up of different grades of carbon steels and in square cross sections. These tubes are used in structural engineering to form structures. The Low-carbon Steel Square Tubes are used in applications where high ductility is expected. The application is seen mostly in the construction industry. The Carbon Steel Square Pipe ranges in grades such as A500B FR, A500B HSS, A500B redkote and so on. There are added options for the tubes such as high precision laser cutting, saw cutting, galvanizing, hole punching and bending.

Shandong Hailian Steel Group has deeply engaged in Chinese domestic market for over 10 years. We established perfect reputation and deep co-operations with large number of reliable patners. Our high-tech factory and well-trained workers are able to manufature best quality and highly customized metal products. The professional sales team guarantes the prefect trading experience with Hailian.

The goal of Hailian is doing our best to offer our clients best service and product quality with lowest price. We are looking forward to deal business with you!

#### FAQ

1.What is your payment terms?

Our company prefers 30%TT before inspection and the rest 70% against BL. However, our price term is negotiable. Multiple payment terms are available from us.

2.Is customization available?

Our factory's expert equipment and highly-trained workers are capable of manufacturing highly customized products. Please feel free to discuss with us about your customized requirements, we can surely meet your needs.

3. What products and materials do you supply?

Our company mainly supplies all catalogs and all grades of steel and stainless steel products. Coils, strips, sheet, pipes, bars, beams, flanges and other customized products. Tin coating, Ti coating, galvanization and other surface treatments are also available.

Other than steel products, we also has high production capacity and holds large ready stock of all kinds of copper and aluminum products. Please feel free to consult us about any related products above, we can surely meet your requirements.
