

## Double Side Galvanized Roofing Sheets 100g Zinc Layer 1200\*6000mm G450 6.0mm

### Our Product Introduction

#### Basic Information

- Place of Origin: Jiangsu
- Brand Name: Hai Lian
- Model Number: SPCC
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard seaworthy packing
- Delivery Time: 3 - 5 work days
- Payment Terms: L/C, T/T
- Supply Ability: 10000 ton per month

#### Product Specification

- Name: Galvanized Roofing Sheets
- Grade: SPCC
- Thickness: Customized
- Type: Galvanized
- Surface: Customized Color
- Size: 1200\*6000mm
- Color: Silver Green Blue Red
- Application: Roofing Sheets
- Standard: ASME SUS GB
- Technique: Hot - Dipped
- Highlight: zinc layer Galvanized Roofing Sheets ,  
1200\*6000mm Galvanized Roofing Sheets ,  
6.0 mm G450 Galvanized Roofing Sheets

## Product Description

Galvanized Roofing Sheets Double Side 100g Zinc Layer Customized Patterns 1200\*6000mm Size Various Color

### Product Description

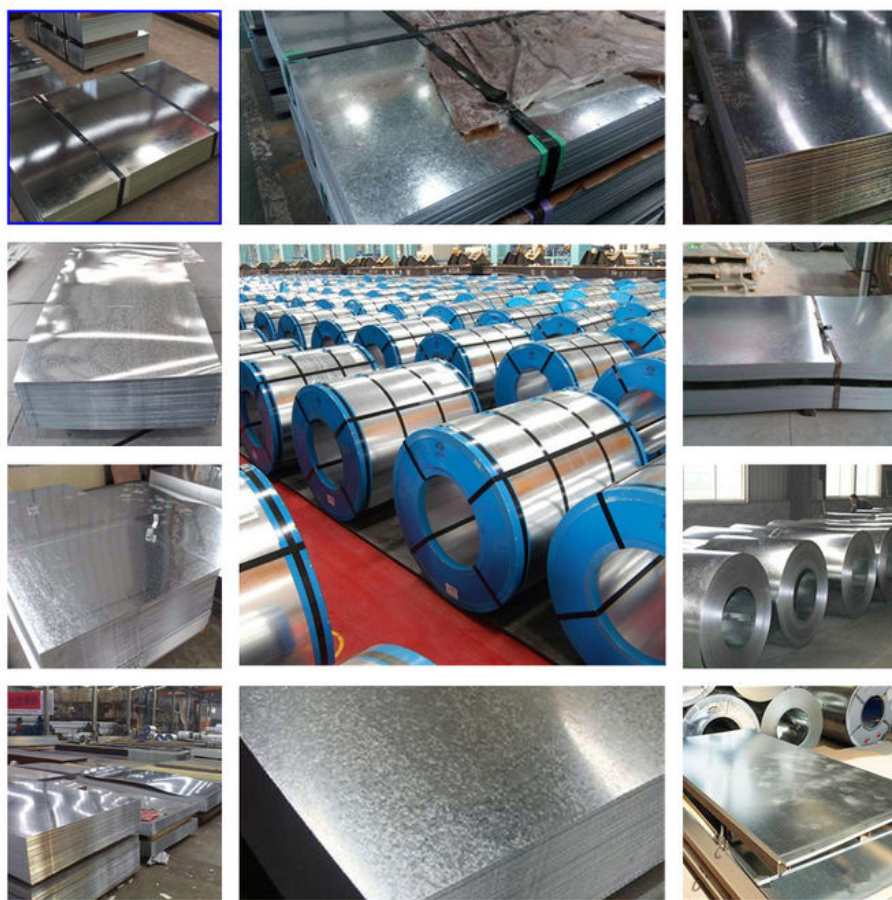

Many different industries utilize galvanized steel primarily because it has such a wide array of benefits for industries to take advantage of, including having:

Low initial cost compared to most treated steels. In addition, galvanized steel is immediately ready to use when delivered. It does not require additional preparation of the surface, inspections, painting/coatings, etc. sparing companies more costs on their end.

Longer life. With galvanization, a piece of industrial steel is expected to last more than 50 years in average environments, and can last over 20 years with severe water exposure. There is no maintenance required. The increased durability of the steel's finished product also increases the product's reliability.

The sacrificial anode ensures that any damaged steel is protected by the surrounding zinc coating. It doesn't matter if the steel section is completely exposed; the zinc will still corrode first. The coating will corrode preferentially to the steel, creating a sacrificial protection to the areas that are damaged.

Rust resistance from the zinc coating. The iron elements in steel are incredibly prone to rusting, but the addition of zinc acts as a protective buffer between the steel and any moisture or oxygen. Galvanized steel is very protective, including sharp corners and recesses that couldn't be protected with other coatings, making it resistant to damage.

### Product Properties

Product Name	Galvanized steel sheet
Material	SGCC, SGCH, G350, G450, G550, DX51D, DX52D, DX53D
Thickness	0.12-6.0mm
Width	20-1500mm
Zinc coating	Z30-300G/M2
Coil ID	508 / 610mm
Coil Weight	3-8Tons
Monthly Output	50000 tons
Payment	T/T, L/C, KunLun Bank, Western Union, Paypal, O/A, D/P
Hardness	Soft hard(60), medium hard(HRB60-85), full hard(HRB85-95)
Surface structure	Regular spangle, Minimum spangle, Zero spangle, Big spangle
Surface treatment	Chromated/Non-Chromated, Oiled/Non-oiled, Skin pas

### Company Profile

Shandong Hailian Steel Group has deeply engaged in Chinese domestic market for over 10 years. We established perfect reputation and deep co-operations with large number of reliable partners. Our high-tech factory and well-trained workers are able to manufacture best quality and highly customized metal products. The professional sales team guarantees the perfect trading experience with Hailian.

The goal of Hailian is doing our best to offer our clients best service and product quality with lowest price. We are looking forward to deal business with you!

## FAQ

### 1.What is your payment terms?

Our company prefers 30%TT before inspection and the rest 70% against BL. However, our price term is negotiable. Multiple payment terms are available from us.

### 2.Is customization available?

Our factory's expert equipment and highly-trained workers are capable of manufacturing highly customized products. Please feel free to discuss with us about your customized requirements, we can surely meet your needs.

### 3.Is sample providing service available?

Our company provides free samples to our clients. We usually also cover the sample shipping cost. Please feel free to order a sample from us.

### 5.What products and materials do you supply?

Our company mainly supplies all catalogs and all grades of steel and stainless steel products. Coils, strips, sheet, pipes, bars, beams, flanges and other customized products. Tin coating, Ti coating, galvanization and other surface treatments are also available.

Other than steel products, we also have high production capacity and hold large ready stock of all kinds of copper and aluminum products. Please feel free to consult us about any related products above, we can surely meet your requirements.

### 6.Why should I choose you?

Our company has deeply engaged in metal material market for over 15 years. We established perfect reputation world-widely. Craftsmanship spirit is the fundamental of Hailian Steel since we are established. Hailian Steel keeps our products as highest quality and lowest price to maintain our self competitive. Providing our clients with best trading experience is the goal we always insist of.
