

Q345 Mild Steel Sheets Coil 4 - 25MT 400-550N/Mm2 Tensile Strength 20% Elongation

Our Product Introduction

For more products please visit us on sheetstainless-steel.com

Basic Information

- Place of Origin: Shandong
- Brand Name: Hailian
- Certification: Available
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard packing
- Delivery Time: 3 - 5 days
- Payment Terms: 30% T/T 70% before shipping
- Supply Ability: 50000 ton/month

Product Specification

- Hardness: Soft, Hard, Half Hard, Quarter Hard, Spring Hard Etc.
- Surface Treatment: Coated
- Length: 1000-6000 Mm
- Application: Automobile Industry, Construction, Oil & Gas Industry, Pharmaceutical / Chemical Industry, Etc.
- Thickness: 0.2-3 Mm
- Coil Weight: 4-25 MT
- Material: Mild Steel
- Edge: Mill Edge, Slit Edge
- Highlight: **Q345 Mild Steel Sheets Coil,
550N/mm2 Mild Steel Sheet Coil,
20% Elongation Mild Sheet Coil**

Product Description

Product Description:

Mild Steel Coil is an important carbon steel material that is widely used in different industries. It is made from Q235 MS Sheets Coil, which is a kind of carbon steel with excellent properties such as high tensile strength, good corrosion resistance, good weldability, and good machinability. It has a thickness of 0.2-3 mm and a width of 1000-2000 mm, and it comes in coils and sheets with a length of 1000-6000 mm. It also has a surface treatment of coated. The Carbon Steel Coil is an ideal choice for a variety of applications, such as in automotive, construction, engineering, and industrial projects.

Applications:

Mild Steel Coil is a kind of material with a customized thickness, made from mild steel material. It has excellent characteristics such as high strength, good formability, good weldability and excellent surface finish. Its main application is in the aerospace, automobile, electricity and other industries.

Mild Steel Coil is widely used in many industries, such as aerospace, automobile, electricity and other industries. It has a high yield strength of 240 N/mm² (MPa) and a width of 1000-2000 mm. The length of the coil is available from 1000-6000 mm. The surface of steel coil can be treated with coating to protect it from corrosion.

Mild Steel Coil is available from Shandong, China and it is available in various sizes and shapes. The minimum order quantity is 1 ton and the price range is 500 - 550 USD per ton. The payment term is 30% T/T 70% before shipping and the supply ability is up to 50000 ton/month. Standard packing is available for delivery and it takes 3 - 5 days for delivery. Certifications are also available upon request.

Customization:

Customized Mild Steel Coil

Place of Origin: Shandong

Certification: Available

Minimum Order Quantity: 1 ton

Price: 500 - 550 USD

Packaging Details: Standard packing

Delivery Time: 3 - 5 days

Payment Terms: 30% T/T 70% before shipping

Supply Ability: 50000 ton/month

Edge: Mill Edge, Slit Edge

Coil Weight: 4-25 MT

Material: Mild Steel

Width: 1000-2000 Mm

Customized Thickness: 20# Steel Coil

20# Steel Coil Price: 500 - 550 USD

Application: Automobile Industry, Construction, Oil & Gas Industry, Pharmaceutical / Chemical Industry, Etc.

Support and Services:

Mild Steel Coil Technical Support and Service:

We provide technical advice and assistance on the selection and use of Mild Steel Coil products.

We provide comprehensive product testing and certification.

We provide detailed product information including datasheets, instructions, and safety guidelines.

We offer on-site installation and maintenance services.

We provide after-sales service and warranty.

Packing and Shipping:

Mild Steel Coil Packaging and Shipping:

Mild Steel Coils are typically packaged in wooden boxes or crates, which are then strapped onto pallets for shipping. These wooden boxes or crates are designed to protect the coils from any damage that may occur during the shipping process. All of the packaging materials must be of a high enough quality that the coils are not damaged during transit, and the crates must be labeled with the product name and address of the shipper and receiver.

FAQ:

Q: Where is Mild Steel Coil from?

A: Mild Steel Coil is from Shandong.

Q: What certification is available for Mild Steel Coil?

A: Certification for Mild Steel Coil is available.

Q: What is the minimum order quantity for Mild Steel Coil?

A: The minimum order quantity for Mild Steel Coil is 1 ton.

Q: How much is Mild Steel Coil?

A: The price of Mild Steel Coil is between 480 - 550 USD.

Q: What is the packaging and delivery time of Mild Steel Coil?

A: The packaging of Mild Steel Coil is standard packing and the delivery time is 3 - 5 days.
