

## DC51D Galvanized Steel Pipes ASTM GB ASME JIS DIN EN 22mm

Our Product Introduction

For more products please visit us on [sheetstainless-steel.com](http://sheetstainless-steel.com)

### Basic Information

- Place of Origin: Shandong
- Certification: ISO SGS MTC
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard packing
- Delivery Time: 3 - 5 days
- Payment Terms: 30% T/T 70% before shipping
- Supply Ability: 50000 ton/month

### Product Specification

- Thickness: As Request
- Application: Construction, Machinery, Electronics, Light Industry, Etc.
- Size: 22mm - 720mm
- Shape: Round Square Pipe
- Alloy Or Not: Non-alloy
- Special Pipe: Available
- Material: Galvanized Steel
- Technique: Hot-dipped
- Highlight: **DC51D Galvanized Steel Pipes,  
ASME Galvanized Steel Pipes,  
22mm Galvanized Pipes**

## Product Description

### Product Description:

Galvanized Steel Pipe is a type of steel pipe which is coated with zinc to prevent corrosion and rust. It is made of galvanized steel, an alloy of iron and carbon, and is available in a variety of standards, including ASTM GB ASME JIS DIN EN. It is suitable for a wide range of applications, such as construction, machinery, electronics, and light industry. The galvanized steel pipe has a 22mm to 720mm diameter, and a 108mm to 720mm thickness, with 80g, 100g, and 120g zinc layers. Non-alloy steel is used for the galvanized steel pipe, providing a strong and durable finish.

### Applications:

Galvanized Steel Pipe, with an origin from Shandong, is certified with ISO SGS MTC and has a minimum order quantity of 1 ton. It has a price range of 605 - 640 USD per ton with a standard packing for delivery within 3 - 5 days. Payment terms are 30% T/T 70% before shipping. The supply ability is 50000 ton/month and it has thickness ranging from 57mm - 89mm and length of 6m 12m and is available in shapes like round square pipe. It is non-alloy and has a surface treatment of galvanization. It is widely used in construction, machinery, electronics, light industry, etc.

### Customization:

We offer customized Galvanized Steel Pipe with 108 - 720mm thickness. These DC51D Galvanized Pipes are made from Galvanized Steel and are available with Standard connection. Our Galvanized Steel Pipes Tube are manufactured in accordance with ASTM GB ASME JIS DIN EN standards. Also, these pipes are available at a competitive price of 600 - 650 USD per ton with a minimum order quantity of 1 ton.

We provide the best quality assurance with our Galvanized Steel Pipe as it is certified with ISO SGS MTC. Our products are safely delivered within 3 - 5 days in standard packing. We are based in Shandong and have a production capacity of 50000 ton/month. Also, our payment terms are 30% T/T 70% before shipping.

### Support and Services:

Technical Support and Service for Galvanized Steel Pipe

We offer technical support and service for Galvanized Steel Pipe. Our dedicated team of experts can help with any questions or problems you may have. We can provide advice on maintenance, installation, and troubleshooting. We also offer custom-made solutions for your specific needs. Our team is available 24/7 to answer your questions and provide assistance. We are committed to providing the highest quality products and service to our customers.

### Packing and Shipping:

Galvanized Steel Pipe typically arrives in individual bundles, strapped and wrapped in protective plastic. The pipe is then secured to a pallet for shipping to the customer.

Each bundle contains a length of galvanized steel pipe, typically up to 12 feet in length. The pipe is wrapped in a protective plastic and tied with a strap. Each bundle is then secured to a pallet with strapping for shipping.

For larger orders, multiple bundles of galvanized steel pipe may be secured to a single pallet for shipment. Each pallet is then secured to a shipping crate and shipped to the customer.

### FAQ:

Q: What is Galvanized Steel Pipe?

A: Galvanized Steel Pipe is a type of steel pipe that has been coated with zinc for corrosion resistance.

Q: Where is Galvanized Steel Pipe from?

A: Galvanized Steel Pipe originates from Shandong, China.

Q: What certifications do Galvanized Steel Pipe have?

A: Galvanized Steel Pipe have ISO SGS MTC certifications.

Q: What is the minimum order quantity?

A: The minimum order quantity for Galvanized Steel Pipe is 1 ton.

Q: What is the price range for Galvanized Steel Pipe?

A: The price range for Galvanized Steel Pipe is 605 - 640 USD.
