

JIS Standard Seamless Steel Pipe GB EN ASTM DIN 6m Length

Our Product Introduction

For more products please visit us on sheetstainless-steel.com

Basic Information

- Place of Origin: Shandong
- Brand Name: Hailian
- Certification: ISO SGS MTC
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard packing
- Delivery Time: 3 - 5 days
- Payment Terms: 30% T/T 70% before shipping
- Supply Ability: 50000 ton/month

Product Specification

- Length: 6m Or As Request
- Type: Seamless
- Standard: GB EN ASTM DIN JIS
- Size: 22 - 720mm OD
- Wall Thickness: As Request
- Surface Treatment: Standard (Can Be Oiled Or Painted)
- Application: Construction, Machinery, Electronics, Oil, Water, Agriculture Etc.
- Package: Standard
- Highlight: **JIS Standard Seamless Steel Pipe, 6m Length Seamless Pipe**

Product Description

Product Description:

Seamless Steel Pipe is a kind of steel pipe which is made of 45# carbon steel and meets GB EN ASTM standards. Its size is from 219mm to 720mm in outside diameter, and its surface treatment can be oiled or painted. Its package is standard. It has excellent features such as high strength, good ductility, corrosion resistance and so on. Customized products are also available.

The seamless steel pipe has high strength, good ductility, corrosion resistance and other excellent performances, which make it widely used in chemical industry, construction industry, medical equipment, aviation, boiler heat exchanger, hydraulic and other industries. Moreover, it can be used in the cooling system of automobile, the production of scaffolding and couplers, and other fields.

Applications:

Hailian Brand Seamless Steel Pipe is the perfect choice for construction, machinery, electronics, oil, water, and agriculture applications. It is made from high-quality steel with GB EN ASTM DIN JIS standard. The pipes feature high strength, excellent corrosion resistance, and superior weldability. The pipe wall thickness ranges from 219 to 720mm, and the pipe's diameter is 20#. The material used is Q235 MS. Hailian is an ISO SGS MTC certified company, and the minimum order quantity is one ton. The price ranges from 655 to 770 USD per ton, and the delivery time is three to five days. The payment terms are 30% T/T and 70% before shipping. The company has a supply ability of 50000 tons per month, and the packaging is standard.

Customization:

We offer **Seamless Steel Pipe** from **Hailian**, with certification of ISO SGS MTC. The minimum order quantity is 1 ton, and the price is 655 - 770 USD/ton. Standard packing is used for delivery time of 3 - 5 days, and payment terms are 30% T/T 70% before shipping. Supply ability is 50000 ton/month. The type of the pipe is seamless, and the length is 6m or as requested. The size is 22 - 720mm OD and the standard is GB EN ASTM DIN JIS. The application is construction, machinery, electronics, oil, water, agriculture etc. We also provide **45# Carbon Steel Pipes** with **customized thickness**, 22mm - 89mm OD, 6m length.

Support and Services:

We provide technical support and services for Seamless Steel Pipe. Our technical support team is available to answer any questions you may have about our products. We provide comprehensive product information and detailed installation instructions. We also offer troubleshooting assistance and technical advice to ensure that our customers get the best results from their Seamless Steel Pipe.

We offer a wide range of services, from installation and repair to preventative maintenance. Our experienced technicians are available to help you with any issue you may have. We also offer regular inspections and maintenance services to ensure that your Seamless Steel Pipe is working properly and efficiently.

We are committed to providing our customers with the highest quality Seamless Steel Pipe and the best customer service experience. We strive to ensure that our customers are satisfied with their purchase and that their expectations are met.

Packing and Shipping:

Packaging and Shipping

Seamless Steel Pipes are packaged and shipped in bundles or coils, and are secured with steel straps. Bundles are wrapped with plastic film and then covered with a waterproof steel plate. All pipes are labeled with product identification and are clearly marked with size, length, grade, and other relevant information.

The pipes are then shipped in accordance with the customer's requirements. They can be shipped via land, sea, or air transport.

FAQ:
