

Hot Rolled 5mm Carbon Steel Sheet Metal 1219mm 1220mm 1500mm Standard Tensile Strength

Our Product Introduction

For more products please visit us on sheetstainless-steel.com

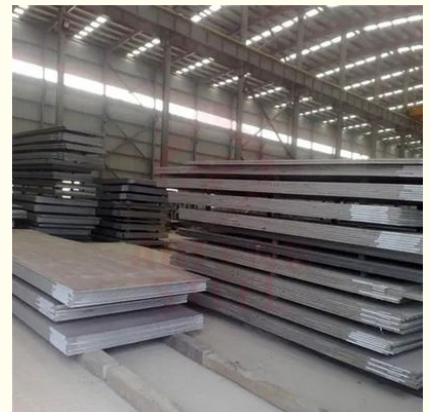

Basic Information

- Place of Origin: Wuxi
- Brand Name: Hailian
- Certification: ISO SGS MTC
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard packing
- Payment Terms: 30% T/T 70% before shipping
- Supply Ability: 50000 ton/month

Product Specification

- Tolerance: $\pm 1\%$
- Surface: Natural Black
- Impact Strength: Standard
- Hardness: Standard
- Length: Can Be Customized
- Yield Strength: Standard
- Material: Mild Steel
- Thickness: As Customer's Requirements
- Highlight: **5mm carbon steel sheet metal ,
high strength carbon steel sheet metal ,
5mm hot rolled carbon steel sheet**

Product Description

Product Description:

Mild Steel Plate

Mild Steel Plate, also known as Hot-rolled Steel Sheets, is a type of steel plate made from low carbon steel. It is widely used in various industries due to its high strength, durability, and versatility.

The Mild Steel Plate is made from Q235B Steel Plates, which are hot-rolled and have a natural black surface. It is available in three standard widths: 1219mm, 1220mm, and 1500mm.

Product Attributes:

Impact Strength: Standard

Yield Strength: Standard

Surface: Natural Black

Material: Mild Steel

Width: 1219mm, 1220mm, 1500mm

The Mild Steel Plate is known for its high impact strength, making it suitable for applications where strength and durability are important factors. It also has a standard yield strength, making it a reliable choice for various structural and construction projects.

The natural black surface of the Mild Steel Plate gives it a sleek and modern look, making it suitable for both industrial and decorative purposes. The use of mild steel as the material ensures that the plate is not only strong but also lightweight and easy to work with.

The three standard widths of the Mild Steel Plate provide customers with a variety of options to choose from, making it suitable for different project requirements.

Overall, the Mild Steel Plate is a high-quality, durable, and versatile product that is essential in various industries and applications. Its hot-rolled and Q235B Steel construction ensures its strength and reliability, making it a popular choice among customers.

Features:

Product Name: Mild Steel Plate

Elongation: Standard

Length: Can Be Customized

Impact Strength: Standard

Surface: Natural Black

Type: Plate

Key Features:

Q355 MS Sheets

Q345 MS Sheets

|---|----------------------------|
| Product Name: | Mild Steel Plate |
| Finish: | Hot-rolled |
| Length: | Can Be Customized |
| Material: | Carbon Steel Sheets |
| Elongation: | Standard |
| Width: | 1219mm, 1220mm, 1500mm |
| Impact Strength: | Standard |
| Thickness: | As Customer's Requirements |
| Grade: | Q235, 20#, Q345, Q355 |
| Yield Strength: | Standard |
| Hardness: | Standard |
| *Other specifications and sizes can be customized according to customer's requirements | |

Applications:

Product Application of Mild Steel Plate

The Mild Steel Plate, produced by Hailian, is a versatile and cost-effective product that is widely used in various industries. With its high strength, durability, and excellent performance, it is the preferred choice for many construction and manufacturing projects.

Brand Name: Hailian

As a well-known and trusted brand in the steel industry, Hailian has gained a reputation for providing high-quality products that meet the highest standards of excellence.

Place of Origin: Wuxi

Our Mild Steel Plate is manufactured in Wuxi, a city renowned for its advanced steel production technology and high-quality materials. This ensures that our products are of superior quality and meet international standards.

Certification: ISO SGS MTC

Our Mild Steel Plate has been certified by ISO, SGS, and MTC, which means that our products have been tested and approved to meet the highest quality standards. This gives our customers peace of mind and confidence in using our products.

Minimum Order Quantity: 1 ton

Whether you need a small or large quantity, our Mild Steel Plate is available for purchase with a minimum order quantity of 1 ton. This allows our customers to order the exact amount they need without any waste or excess.

Price: 460 - 530 USD/ton

Our Mild Steel Plate is competitively priced at 460 - 530 USD per ton, making it a cost-effective choice for various projects.

Packaging Details: Standard packing

To ensure the safe delivery of our products, we use standard packing techniques to protect the Mild Steel Plate during transportation. This guarantees that our customers receive their products in perfect condition.

Payment Terms: 30% T/T 70% before shipping

We offer flexible payment terms of 30% T/T (Telegraphic Transfer) and 70% before shipping, making it convenient for our customers to make payments.

Supply Ability: 50000 ton/month

With a monthly supply capacity of 50000 tons, we can meet the demands of our customers and ensure timely delivery of our products.

Thickness: As Customer's Requirements

Our Mild Steel Plate can be customized to meet the specific thickness requirements of our customers, making it suitable for a wide range of applications.

Surface: Natural Black

The surface of our Mild Steel Plate is natural black, giving it a sleek and professional appearance. This makes it suitable for various industrial and construction projects.

Yield Strength: Standard

Our Mild Steel Plate has a standard yield strength, ensuring its durability and ability to withstand heavy loads and pressure.

Type: Plate

Our Mild Steel Plate is available in the form of a plate, making it easy to handle, transport, and use in various applications.

Finish: Hot-rolled

The finish of our Mild Steel Plate is hot-rolled, giving it a smooth and uniform surface. This makes it suitable for welding and other fabrication processes.

Product Applications and Scenarios

Industrial Construction: Our Mild Steel Plate is widely used in industrial construction projects, such as factories, warehouses, and manufacturing plants, due to its high strength and durability.

Structural Steel: The high strength and load-bearing capacity of our Mild Steel Plate make it an ideal choice for structural steel applications, such as beams, columns, and trusses.

Machinery Manufacturing: Our Mild Steel Plate is commonly used in the manufacturing of machinery and equipment, such as cranes, bulldozers, and excavators, due to its strength and reliability.

Building Materials: With its versatility and cost-effectiveness, our Mild Steel Plate is a popular choice for building materials, such as roofing, flooring, and wall panels.

Shipbuilding: The durability and corrosion-resistant properties of our Mild Steel Plate make it suitable for shipbuilding applications, such as hulls, decks, and bulkheads.

Automobile Manufacturing: Our Mild Steel Plate is commonly used in the production of automobiles, such as car frames, chassis, and body panels, due to its strength and formability.

Bridge Construction: The high strength and load-bearing capacity of our Mild Steel Plate make it an ideal choice for bridge construction, providing a sturdy and reliable foundation for bridges of all sizes.

Customization:

Hailian Mild Steel Plate - Customization Service

Brand Name: Hailian

Place of Origin: Wuxi

Certification: ISO, SGS, MTC

Minimum Order Quantity: 1 ton

Price: 460 - 530 USD/ton

Packaging Details: Standard packing

Payment Terms: 30% T/T, 70% before shipping

Supply Ability: 50000 ton/month

Hardness: Standard

Impact Strength: Standard

Width: 1219mm, 1220mm, 1500mm

Type: Plate

Tensile Strength: Standard

Customizable Options

- GB Standard or ASTM Standard
- Q355 MS Sheets
- Customize dimensions and thickness
- Custom packaging
- Other certifications can be provided upon request

Support and Services:

Technical Support

Our Mild Steel Plate is backed by our team of expert technicians who are available to provide technical support for any inquiries or issues you may have. With years of experience in the industry, our technicians are knowledgeable and well-equipped to assist with any technical questions.

Service

We pride ourselves on providing excellent customer service for our Mild Steel Plate. Our team is dedicated to ensuring that you have a positive experience when purchasing and using our product. We offer prompt and efficient delivery services to ensure that your order reaches you in a timely manner. Additionally, we provide a warranty for our product to give you peace of mind and assure you of its quality. Our customer service team is also available to assist with any post-purchase inquiries or concerns.

Packing and Shipping:

Product Packaging and Shipping for Mild Steel Plate

Our Mild Steel Plate is carefully packaged to ensure safe delivery to our customers.

Packaging:

The Mild Steel Plate is wrapped with protective layers to prevent scratches and damage during transportation.

It is then placed in a sturdy wooden crate for added protection.

The crate is sealed and labeled with the product information and handling instructions.

Shipping:

We offer worldwide shipping for our Mild Steel Plate.

For domestic orders, we use reliable ground shipping services.

For international orders, we work with trusted freight forwarders to ensure timely and secure delivery.

We provide tracking information for all orders so customers can monitor their shipment.

At every step of the packaging and shipping process, we prioritize the safety of our product and the satisfaction of our customers.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Hailian.

Q: Where is the product manufactured?

A: This product is manufactured in Wuxi, China.

Q: What certifications does this product have?

A: This product is certified by ISO, SGS, and MTC.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1 ton.

Q: What is the price range for this product?

A: The price for this product ranges from 460 to 530 USD per ton.

Q: How is this product packaged?

A: This product is packaged in standard packaging.

Q: What are the payment terms for this product?

A: The payment terms for this product are 30% T/T and 70% before shipping.

Q: What is the supply ability for this product?

A: The supply ability for this product is 50000 tons per month.
