

## ASTM Customized Thickness Mild Steel Plate Hot Rolled

Our Product Introduction

For more products please visit us on [sheetstainless-steel.com](http://sheetstainless-steel.com)

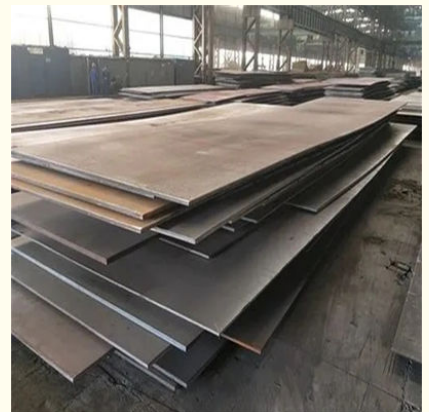

### Basic Information

- Place of Origin: Wuxi
- Brand Name: Hailian
- Certification: ISO SGS MTC
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard packing
- Payment Terms: 30% T/T 70% before shipping
- Supply Ability: 50000 ton/month

### Product Specification

- Hardness: Standard
- Material: Mild Steel
- Elongation: Standard
- Tolerance:  $\pm 1\%$
- Impact Strength: Standard
- Yield Strength: Standard
- Tensile Strength: Standard
- Type: Plate
- Highlight: Customized Thickness mild steel plate,  
ASTM mild steel plate,  
ASTM hot rolled mild steel plate

## Product Description

### Product Description:

Mild Steel Plate

Product Overview

Mild Steel Plate, also known as plain carbon steel plate, is a type of steel that contains low amounts of carbon. It is an essential product in construction, manufacturing, and industrial applications due to its strength and durability.

At our company, we offer high-quality Mild Steel Plate with natural black surface finish. Our plates are made from Q235B Steel, Q355 MS Sheets, which adhere to GB Standard, ensuring superior quality and reliability.

Product Attributes

**Surface:** Natural Black

**Width:** 1219mm, 1220mm, 1500mm

**Length:** Can Be Customized

**Grade:** Q235, 20#, Q345, Q355

**Hardness:** Standard

Technical Specifications

Material	Thickness (mm)	Width (mm)	Length (mm)	Surface Finish	Grade
Mild Steel	3-20	1219, 1220, 1500	Customizable	Natural Black	Q235, 20#, Q345, Q355

Other specifications can be customized according to customer requirements.

### Features:

Product Name: Mild Steel Plate

Surface: Natural Black

Thickness: As Customer's Requirements

Tensile Strength: Standard

Length: Can Be Customized

Elongation: Standard

GB Standard

Q345 MS sheets

ASTM Standard

### Technical Parameters:

Item	Value
Product Name	Mild Steel Plate
Type	Plate
Material	Mild Steel
Thickness	As Customer's Requirements
Tolerance	+/- 1%
Length	Can Be Customized
Surface	Natural Black
Impact Strength	Standard
Elongation	Standard
Yield Strength	Standard
Tensile Strength	Standard
Additional Information	Hot-rolled Steel Sheets, MS sheets, Carbon Steel Sheets

### Applications:

## Mild Steel Plate - Strong and Versatile Carbon Steel

# Sheets

Brand Name: Hailian  
Place of Origin: Wuxi  
Certification: ISO SGS MTC  
Minimum Order Quantity: 1 ton  
Price: 460 - 530 USD/ton  
Packaging Details: Standard packing  
Payment Terms: 30% T/T 70% before shipping  
Supply Ability: 50000 ton/month

## Applications and Scenarios

The Mild Steel Plate by Hailian is a high-quality carbon steel sheet that is widely used in various industries and applications. With its strong and versatile properties, it is an essential material for construction, automobile, bridge, shipbuilding, machinery, manufacturing, engineering, and decoration.

### Construction

The Mild Steel Plate is a popular choice for structural components in the construction industry. It is commonly used for building frames, beams, columns, and other load-bearing structures due to its high strength and durability. The customizable thickness of the sheets makes it suitable for a wide range of construction projects.

### Automobile

In the automotive industry, the Mild Steel Plate is used for the manufacturing of various components such as chassis, body panels, and suspension systems. Its impact strength and ability to withstand heavy loads make it a reliable choice for vehicles.

### Bridge and Shipbuilding

The Mild Steel Plate is also widely used in the construction of bridges and ships. Its high tensile strength and resistance to corrosion make it suitable for withstanding harsh weather conditions and heavy loads. The wide width options of 1219mm, 1220mm, and 1500mm make it easy to fabricate large structures.

### Machinery and Manufacturing

In the machinery and manufacturing industries, the Mild Steel Plate is used for making various machine parts and equipment. Its versatility, malleability, and cost-effectiveness make it a preferred material for manufacturing processes.

### Engineering and Decoration

Due to its natural black surface and hot-rolled finish, the Mild Steel Plate is also used for decorative purposes in engineering and interior design. It can be easily shaped and welded to create aesthetically pleasing structures and components.

Overall, the Mild Steel Plate by Hailian is a reliable and versatile product that meets international quality standards. With its customizable thickness and wide range of applications, it is a cost-effective solution for various industries and scenarios.

## Customization:

Brand Name: Hailian  
Place of Origin: Wuxi  
Certification: ISO SGS MTC  
Our Mild Steel Plate, also known as Q235B Steel Plates or Carbon Steel Sheets, is a type of hot-rolled steel sheet that is commonly used in structural applications. We offer a wide range of customization options to meet the specific needs of our customers.  
Minimum Order Quantity: 1 ton  
Price: 460 - 530 USD/ton  
Packaging Details: Standard packing  
Payment Terms: 30% T/T 70% before shipping  
Supply Ability: 50000 ton/month  
Length: Can Be Customized  
Grade: Q235, 20#, Q345, Q355  
Elongation: Standard  
Tensile Strength: Standard  
Type: Plate

With our high-quality Mild Steel Plate, we provide customized services to ensure that our customers get the exact specifications and dimensions they require. Our team is dedicated to delivering the best products and services to meet the demands of our clients.

Choose Hailian for your Mild Steel Plate needs and experience our top-notch customer service and reliable products.

## Support and Services:

Mild Steel Plate  
Technical Support and Services

At Mild Steel Plate, we are committed to providing our customers with high-quality products and excellent technical support and services. Our team of experts is always available to assist you with any inquiries or concerns you may have regarding our mild steel plates.

#### Technical Support

Our technical support team is well-trained and knowledgeable about our mild steel plates, and can provide you with detailed information and guidance on product selection, installation, and maintenance. We also offer technical training and on-site support to ensure that our customers have a thorough understanding of our products and their proper usage.

#### Customization Services

We understand that each project may have specific requirements, and we are dedicated to meeting our customers' needs. Our customization services allow us to cut and shape our mild steel plates to your desired specifications, ensuring a perfect fit for your project.

#### Quality Assurance

We take pride in the quality of our mild steel plates and have implemented strict quality control measures to ensure that our products meet the highest standards. Our plates undergo rigorous testing and inspection before leaving our facilities to ensure that they meet all relevant industry standards.

#### Timely Delivery

We understand the importance of timely delivery in the construction industry, and we strive to meet our customers' deadlines. Our efficient production process and strong logistics network allow us to deliver our products to your site promptly. We also offer rush delivery services for urgent orders.

#### Customer Satisfaction

Our ultimate goal is to provide our customers with complete satisfaction. We value your feedback and continuously strive to improve our products and services to meet your needs. Our team is always available to address any concerns or issues you may have, and we are committed to resolving them promptly.

Choose Mild Steel Plate for reliable products and exceptional technical support and services. Contact us today for more information.

### **Packing and Shipping:**

#### Packaging and Shipping of Mild Steel Plate

##### Packaging:

The Mild Steel Plate will be packaged in strong and sturdy wooden crates to ensure safe transportation and protection against any damage during shipping. Each plate will be individually wrapped in plastic or paper to prevent scratches and other surface damage.

##### Shipping:

The Mild Steel Plate will be shipped via sea freight or air freight, depending on the customer's preference and urgency. We work with reliable and experienced shipping companies to ensure timely and secure delivery of the product to its destination. For international shipping, all necessary export documentation and customs clearance will be handled by our team to ensure a smooth and hassle-free process for our customers.

Customers can also arrange for pick-up or use their own preferred shipping method if they wish.

For more information on packaging and shipping, please contact our sales team.

### **FAQ:**

Q: What is the brand name of this product?

A: The brand name of this product is Hailian.

Q: Where is this product manufactured?

A: This product is manufactured in Wuxi.

Q: What certifications does this product have?

A: This product has ISO, SGS, and MTC certifications.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1 ton.

Q: What is the price range for this product?

A: The price range for this product is 460 - 530 USD/ton.

Q: How is this product packaged?

A: This product is packaged in standard packing.

Q: What are the payment terms for this product?

A: The payment terms for this product are 30% T/T and 70% before shipping.

Q: What is the supply ability for this product?

A: The supply ability for this product is 50000 ton/month.
