

1mm Mild Steel Cold Rolled Sheet Grade Q235B Q235 20 Q345 Q355

Our Product Introduction

For more products please visit us on sheetstainless-steel.com

Basic Information

- Place of Origin: Wuxi
- Brand Name: Hailian
- Certification: ISO SGS MTC
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard packing
- Payment Terms: 30% T/T 70% before shipping
- Supply Ability: 50000 ton/month

Product Specification

- Width: 1219mm 1220mm 1500mm
- Impact Strength: Standard
- Hardness: Standard
- Surface: Natural Black
- Yield Strength: Standard
- Material: Mild Steel
- Grade: Q235 20# Q345 Q355
- Thickness: As Customer's Requirements
- Highlight: 1mm mild steel cold rolled sheet ,
Q235B mild steel cold rolled sheet ,
Q345 1mm mild steel sheet

Product Description:

Mild Steel Plate

The Mild Steel Plate is a type of plate made from low carbon steel, also known as MS sheets or Carbon Steel Sheets. It is a widely used and versatile product in the construction industry due to its high strength and durability.

The Mild Steel Plate is designed to meet the ASTM Standard, ensuring its quality and reliability. It is a cost-effective option for various applications, such as flooring, shipbuilding, and structural components.

The yield strength of the Mild Steel Plate is standard, providing a strong and sturdy base for any project. Its thickness can be customized according to the customer's requirements, making it suitable for a wide range of projects and applications.

The length of the Mild Steel Plate can also be customized, providing flexibility and convenience to customers. This allows for a perfect fit in any project, eliminating the need for additional cutting or modifications.

Moreover, the Mild Steel Plate has a standard impact strength, ensuring its ability to withstand external forces and impacts. This makes it a reliable and durable choice for various industrial and construction projects.

With its customizable options and high durability, the Mild Steel Plate is an ideal choice for any construction or industrial project. Its versatility, strength, and cost-effectiveness make it a popular option among contractors and builders. Choose the Mild Steel Plate for your next project and experience its exceptional quality and performance.

Features:

Product Name: Mild Steel Plate

Hardness: Standard

Tensile Strength: Standard

Impact Strength: Standard

Type: Plate

Grade: Q235 20# Q345 Q355

Key Features:

MS sheets

Customized thickness

20# MS Sheets

Q235 MS Sheets

Technical Parameters:

Product Name	Mild Steel Plate
Material	Mild Steel
Width	1219mm, 1220mm, 1500mm
Thickness	As Customer's Requirements
Length	Can Be Customized
Tolerance	+/- 1%
Surface	Natural Black
Impact Strength	Standard
Hardness	Standard
Tensile Strength	Standard
Yield Strength	Standard
Key Words	MS sheets, Q345 MS sheets, Hot-rolled Steel Sheets

Applications:

Mild Steel Plate - Hailian

Brand Name: Hailian

Place of Origin: Wuxi

Certification: ISO SGS MTC

Minimum Order Quantity: 1 ton

Price: 460 - 530 USD/ton

Packaging Details: Standard packing

Payment Terms: 30% T/T 70% before shipping

Supply Ability: 50000 ton/month

Impact Strength: Standard

Yield Strength: Standard

Tolerance: +-1%

Finish: Hot-rolled

Surface: Natural Black

Product Description:

Hailian Mild Steel Plate, also known as 20# MS Sheets, is a high-quality, versatile and cost-effective product designed for various applications in the construction, industrial and manufacturing sectors. It is made from high-quality steel and meets the ASTM standard, ensuring its durability and strength.

Applications:

Construction: Mild Steel Plate is widely used in the construction industry to create strong and stable structures such as buildings, bridges, and roads.

Industrial: This product is essential for industrial applications, including manufacturing, engineering, fabrication, and welding. It is commonly used in the production of machinery and equipment.

Building: Mild Steel Plate is a popular choice for building applications due to its strength and durability. It is commonly used in the construction of residential and commercial buildings.

Automobile: The automotive industry relies heavily on Mild Steel Plate for the production of various components such as chassis, body frames, and engine parts.

Shipbuilding: Due to its high strength and corrosion resistance, Mild Steel Plate is widely used in the shipbuilding industry for the construction of ships and other marine vessels.

Bridge: Bridges require strong and durable materials, making Mild Steel Plate an ideal choice for their construction. It can withstand heavy loads and harsh weather conditions.

Machinery: Mild Steel Plate is essential for the manufacturing of machinery and equipment used in various industries such as agriculture, mining, and construction.

Product Features:

Feature	Description
High-quality steel	Made from top-grade steel, ensuring strength and durability.
ASTM standard	Meets the ASTM standard, guaranteeing quality and consistency.
Impact strength	Provides standard impact strength for various applications.
Yield strength	Offers standard yield strength for structural stability.
Tolerance	Strictly adheres to a tolerance of +-1% for precise and accurate measurements.
Finish	Hot-rolled finish for a smooth and polished surface.
Surface	Natural black surface for a sleek and modern look.

Why Choose Hailian Mild Steel Plate?

High-quality product made from top-grade steel and meets ASTM standards.

Durable and long-lasting, suitable for various applications in different industries.

Competitive pricing, making it a cost-effective choice for your projects.

Strict quality control and adherence to tolerances for precise measurements.

Quick and efficient delivery with a supply ability of 50000 tons per month.

Excellent customer service and after-sales support.

Choose Hailian Mild Steel Plate for all your construction, industrial, and manufacturing needs. Contact us now for more information and to place an order.

Customization:

Mild Steel Plate Customized Services

Brand Name: Hailian

Place of Origin: Wuxi

Certification: ISO / SGS / MTC

Minimum Order Quantity: 1 ton

Price: 460 - 530 USD/ton

Packaging Details: Standard packing

Payment Terms: 30% T/T 70% before shipping

Supply Ability: 50000 ton/month

Material: Mild Steel

Width: 1219mm / 1220mm / 1500mm

Grade: Q235 / 20# / Q345 / Q355

Surface: Natural Black

Hardness: Standard

Customized Services:

20# MS Sheets

Q235B Steel Plates

Hot-rolled Steel Sheets

Customized sizes and shapes

Customized packaging

Choose Hailian Mild Steel Plate for high-quality and customizable steel solutions.

Support and Services:

Technical Support and Services for Mild Steel Plate

Technical Support:

Our team of experienced engineers and technicians are dedicated to providing top-notch technical support for our Mild Steel Plate products. We offer extensive assistance in product selection, design, and application, ensuring that our customers get the best solution for their specific needs.

Customization Services:

We understand that every project has unique requirements, which is why we offer customization services for our Mild Steel Plate products. Our team works closely with our customers to tailor our products to their specific dimensions, shapes, and finishes, ensuring the perfect fit for their project.

Quality Control:

At Mild Steel Plate, we take quality seriously. Our products go through rigorous quality control processes to ensure that they meet industry standards and customer expectations. We use advanced testing equipment and techniques to ensure that our products are of the highest quality and free from any defects.

Delivery and Logistics:

We understand that timely delivery is crucial for our customers' projects. That's why we have developed efficient logistics and delivery systems to ensure timely and safe delivery of our Mild Steel Plate products to our customers.

After-Sales Services:

Our commitment to our customers does not end with the delivery of our products. We provide excellent after-sales services, including technical support, maintenance, and troubleshooting, to ensure that our customers are satisfied with our products' performance.

Customer Satisfaction:

At Mild Steel Plate, our top priority is customer satisfaction. We strive to provide the best technical support and services to our customers to ensure that they have a positive experience with our products. We value our customers' feedback and continuously work towards improving our products and services.

Packing and Shipping:

Mild Steel Plate

Packaging and Shipping

The Mild Steel Plate is packaged and shipped with great care to ensure its safe arrival at its destination. Each plate is first wrapped in protective film to prevent any scratches or damage during handling and transportation.

After being carefully inspected for quality and dimensions, the plates are then stacked and secured with metal straps to prevent movement or shifting during transit.

For domestic shipments, the plates are typically loaded onto pallets and wrapped with stretch wrap to provide additional protection against moisture and damage.

For international shipments, the plates are packed into durable wooden crates or cases to ensure their safe transportation across long distances. These crates are also treated to prevent any damage from moisture or pests.

The Mild Steel Plate can be shipped via various modes of transportation, such as truck, rail, or ocean freight, depending on the customer's preference and location. Our team works closely with reputable shipping companies to ensure timely delivery and safe handling of the plates.

Upon arrival at its destination, the plates are carefully unloaded and inspected once again to ensure they have arrived in perfect condition. Customers can have peace of mind knowing that our packaging and shipping methods guarantee the safe and secure delivery of our Mild Steel Plates.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Hailian.

Q: Where is this product manufactured?

A: This product is manufactured in Wuxi.

Q: What certifications does this product have?

A: This product is certified with ISO, SGS, and MTC.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1 ton.

Q: What is the price range for this product?

A: The price range for this product is 460 - 530 USD per ton.

Q: How is this product packaged?

A: This product is packaged in standard packing.

Q: What are the payment terms for this product?

A: The payment terms for this product are 30% T/T and 70% before shipping.

Q: What is the supply ability for this product?

A: The supply ability for this product is 50000 ton per month.

Q: Is this product suitable for outdoor use?

A: Yes, this product is made with mild steel which is suitable for outdoor use.

Q: Can this product be customized?

A: Yes, this product can be customized according to the customer's requirements.
