

High Tolerance Mild Steel Plate 6mm Q355 Grade

Our Product Introduction

For more products please visit us on sheetstainless-steel.com

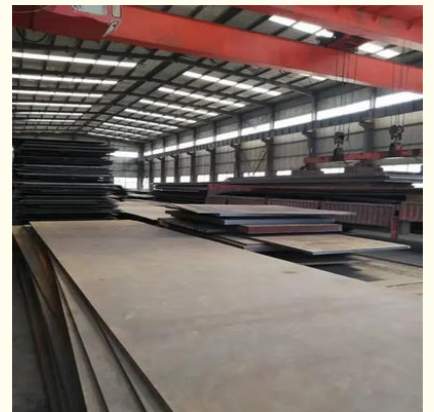

Basic Information

- Place of Origin: Wuxi
- Brand Name: Hailian
- Certification: ISO SGS MTC
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard packing
- Payment Terms: 30% T/T 70% before shipping
- Supply Ability: 50000 ton/month

Product Specification

- Yield Strength: Standard
- Type: Plate
- Elongation: Standard
- Tensile Strength: Standard
- Surface: Natural Black
- Material: Mild Steel
- Length: Can Be Customized
- Grade: Q235 20# Q345 Q355
- Highlight: **high tolerance mild steel plate, mild steel plate 6mm, high tolerance 6mm mild steel plate**

Product Description:

Mild Steel Plate

Mild Steel Plate, also known as Q235B Steel Plates, is one of the most commonly used carbon steels in the industry. It is widely used in construction, machinery manufacturing, transportation, and other industries. The following is a brief overview of this product.

Hardness

Mild Steel Plate has a standard hardness level, making it suitable for various applications. It is known for its excellent strength and durability, making it a popular choice among engineers and designers.

Material

This product is made of Mild Steel, a type of carbon steel that contains a low amount of carbon (less than 0.25%). This makes it more ductile and easier to work with compared to other types of steel. It is also known for its high tensile strength and good welding properties.

Width

Mild Steel Plate is available in three different widths: 1219mm, 1220mm, and 1500mm. This allows for versatility and flexibility in various projects, as it can be easily cut and customized to fit specific requirements.

Type

This product is a Plate, which is a flat, rectangular-shaped piece of steel that is often used as a structural element in buildings, bridges, and other structures. It is also commonly used as a base for machinery and equipment.

Finish

Mild Steel Plate is typically Hot-rolled, which means it is processed at a high temperature and then cooled. This results in a smooth and flat surface, making it suitable for a wide range of applications. The hot-rolling process also improves the strength and toughness of the steel.

Key Features

Q235B Steel Plates

Carbon Steel Sheets

High-Strength Steel Plate

Anti-corrosion Steel Plate

In summary, Mild Steel Plate is a versatile and durable product that is widely used in various industries. Its standard hardness, high strength, and excellent welding properties make it a preferred choice for many construction and manufacturing projects. With its three available widths and hot-rolled finish, it can easily be customized to fit specific needs and requirements. Choose Mild Steel Plate for your next project and experience its high-quality performance.

Features:

Product Name: Mild Steel Plate

Type: Plate

Material: Mild Steel

Thickness: As Customer's Requirements

Tolerance: +-1%

Finish: Hot-rolled

Key Words: Q345 MS sheets, ASTM Standard, ASTM A36, Mild Steel Plate

Technical Parameters:

Technical Parameter	Value
Thickness	As Customer's Requirements
Material	Mild Steel
Grade	Q235 20# Q345 Q355
Tolerance	+/-1%
Elongation	Standard
Type	Plate
Yield Strength	Standard
Hardness	Standard
Surface	Natural Black
Finish	Hot-rolled
Key Features	- MS sheets - Q345 MS sheets - Q355 MS Sheets

Applications:

Hailian Mild Steel Plate

Brand Name: Hailian
Place of Origin: Wuxi
Certification: ISO, SGS, MTC
Minimum Order Quantity: 1 ton
Price: 460 - 530 USD/ton
Packaging Details: Standard packing
Payment Terms: 30% T/T, 70% before shipping
Supply Ability: 50000 ton/month
Finish: Hot-rolled
Hardness: Standard
Impact Strength: Standard
Type: Plate
Width: 1219mm, 1220mm, 1500mm

Applications and Scenarios

Mild Steel Plate, also known as MS sheets, are versatile and widely used in various industries. Hailian's Mild Steel Plate is a reliable and high-quality product for all your construction, manufacturing, and transportation needs.

Industrial Uses

With its strong and durable properties, Mild Steel Plate is commonly used in the industrial sector for making machinery, equipment, and tools. Its malleable nature also makes it suitable for fabrication processes such as welding, cutting, and bending.

Construction

Mild Steel Plate is an essential material in the construction industry, used for building structures, bridges, and other infrastructure. Its high tensile strength and low cost make it a preferred choice for construction projects.

Manufacturing

From automotive components to household appliances, Mild Steel Plate is widely used in the manufacturing industry. Its ability to be molded into different shapes and sizes makes it a versatile material for creating a wide range of products.

Transportation

Mild Steel Plate is also commonly used in the transportation industry for making components for vehicles, ships, and aircraft. Its strength and durability make it a reliable choice for withstanding heavy loads and harsh environments.

Customization:

Brand Name: Hailian
Place of Origin: Wuxi
Certification: ISO SGS MTC
Minimum Order Quantity: 1 ton
Price: 460 - 530 USD/ton
Packaging Details: Standard packing
Payment Terms: 30% T/T 70% before shipping
Supply Ability: 50000 ton/month
Finish: Hot-rolled
Length: Can Be Customized
Material: Mild Steel
Tensile Strength: Standard
Thickness: As Customer's Requirements
Key Words: Q345 MS Sheets, Carbon Steel Sheets, GB Standard

Support and Services:

Mild Steel Plate Technical Support and Service

Thank you for choosing our Mild Steel Plate product. We are committed to providing you with high-quality products and excellent service. Here is our technical support and service information:

Technical Support

Our technical support team is available to assist you with any questions or concerns you may have about our Mild Steel Plate. They are knowledgeable and experienced in all aspects of the product and can provide you with prompt and accurate solutions.

You can reach our technical support team through the following channels:

Phone: +1-XXX-XXX-XXXX

Email: support@mildsteelplate.com

Online chat: Visit our website and click on the chat bubble

Our technical support team is available during our business hours, Monday to Friday, 9:00 AM to 5:00 PM (GMT+8).

Service

In addition to technical support, we also provide the following services to ensure your satisfaction with our Mild Steel Plate:

Customized cutting and sizing: We can cut and size the Mild Steel Plate according to your specific requirements.

Fast delivery: With our efficient logistics system, we can deliver your order in a timely manner.

Quality assurance: We have strict quality control measures in place to ensure that our products meet the highest standards.

Customer satisfaction guarantee: If for any reason you are not satisfied with our product, please contact us and we will do our best to resolve the issue.

Thank you again for choosing our Mild Steel Plate. We are confident that you will be satisfied with our product and services. If you have any further questions or feedback, please do not hesitate to contact us.

Sincerely,

The Mild Steel Plate Team

Packing and Shipping:

Packaging and Shipping of Mild Steel Plate

Our Mild Steel Plate is carefully packaged to ensure safe delivery to our customers. Here is the standard packaging and shipping process for this product:

The Mild Steel Plate is first wrapped in protective packaging material to prevent any damage during transportation.

It is then placed in a sturdy wooden crate for added protection.

The crate is securely sealed and labeled with the necessary shipping information.

For international shipments, the crate is also marked with the required customs documentation.

The packaged Mild Steel Plate is then loaded onto a delivery truck or container for transportation.

We work with trusted shipping partners to ensure timely and safe delivery of our products.

Upon arrival at the destination, our customers can expect to receive the Mild Steel Plate in excellent condition and ready for use.

We also offer the option for customers to pick up their orders directly from our warehouse, if preferred.

At every step of the packaging and shipping process, we strive to provide the best service and ensure the satisfaction of our customers.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Hailian.

Q: Where is this product manufactured?

A: This product is manufactured in Wuxi.

Q: What certifications does this product have?

A: This product is certified by ISO, SGS, and MTC.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1 ton.

Q: What is the price range for this product?

A: The price for this product ranges from 460 to 530 USD per ton.

Q: How is this product packaged?

A: This product is packaged in standard packing.

Q: What are the payment terms for this product?

A: The payment terms for this product are 30% T/T and 70% before shipping.

Q: What is the supply ability for this product?

A: The supply ability for this product is 50000 ton per month.
