

High Performance 2mm Mild Steel Sheet Width 1219mm 1220mm 1500mm

Our Product Introduction

For more products please visit us on sheetstainless-steel.com

Basic Information

- Place of Origin: Wuxi
- Brand Name: Hailian
- Certification: ISO SGS MTC
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard packing
- Payment Terms: 30% T/T 70% before shipping
- Supply Ability: 50000 ton/month

Product Specification

- Tolerance: $\pm 1\%$
- Finish: Hot-rolled
- Hardness: Standard
- Material: Mild Steel
- Surface: Natural Black
- Impact Strength: Standard
- Width: 1219mm 1220mm 1500mm
- Thickness: As Customer's Requirements
- Highlight: **high performance 2mm mild steel sheet ,
width 1219mm 2mm mild steel sheet ,
width 1220mm 2mm mild steel plate**

Product Description

Product Description:

Mild Steel Plate

The Mild Steel Plate is a type of steel plate made from mild steel, which is known for its high strength, corrosion resistance, and rust resistance. It is widely used in various industries such as construction, shipbuilding, and manufacturing.

Product Attributes

Thickness: As Customer's Requirements

Material: Mild Steel

Finish: Hot-rolled

Width: 1219mm, 1220mm, 1500mm

Length: Can Be Customized

The Mild Steel Plate is manufactured according to GB Standard, ensuring its quality and reliability. It is available in various thicknesses as per the customer's requirements. The use of high-grade Q345 MS sheets and Q235B Steel Plates makes it a strong and durable product.

The hot-rolled finish adds to its surface hardness, making it suitable for heavy-duty applications. The width options of 1219mm, 1220mm, and 1500mm provide versatility in its usage. Moreover, the length can be customized to fit specific project needs.

Key Features

Some of the key features of Mild Steel Plate are:

High Strength: The use of high-quality materials and manufacturing processes makes it a strong and sturdy product, capable of withstanding heavy loads and extreme conditions.

Corrosion Resistance: The Mild Steel Plate is designed to resist corrosion, making it suitable for outdoor and marine applications.

Rust Resistance: The hot-rolled finish gives it a smooth, rust-resistant surface, ensuring a longer lifespan.

Overall, the Mild Steel Plate is a reliable and versatile product that can be used in various industries and applications. Its high strength, corrosion resistance, and rust resistance make it a popular choice among customers. Contact us today to get a customized quote for your project needs.

Features:

Product Name: Mild Steel Plate

Yield Strength: Standard

Tensile Strength: Standard

Impact Strength: Standard

Type: Plate

Finish: Hot-rolled

Key Features:

High strength and durability

Excellent welding and forming capabilities

Cost-effective and versatile

Available in various sizes and thicknesses

Suitable for a wide range of applications

Complies with international standards

Product Description: Q235B Steel Plates, Q235B Steel Plates, Q345 MS sheets, and other Hot Rolled Plates are all examples of mild steel plates. These plates are known for their high strength and durability, making them suitable for various industrial applications. They also have excellent welding and forming capabilities, providing versatility in their use. With a hot-rolled finish, these plates have a smooth surface and are easy to fabricate. They are available in different sizes and thicknesses to meet the specific requirements of different projects and industries.

Technical Parameters:

Type	Plate
Tensile Strength	Standard
Width	1219mm, 1220mm, 1500mm
Thickness	As Customer's Requirements (Customized thickness available)
Length	Can Be Customized
Hardness	Standard
Impact Strength	Standard
Finish	Hot-rolled
Surface	Natural Black

Material	Mild Steel (ASTM Standard, Carbon Steel Sheets)
----------	---

Applications:

Mild Steel Plate - Your Reliable Partner for High-Quality Hot-rolled Steel Sheets

Brand Name: Hailian
Place of Origin: Wuxi
Certification: ISO SGS MTC
Minimum Order Quantity: 1 ton
Price: 460 - 530 USD/ton
Packaging Details: Standard packing
Payment Terms: 30% T/T 70% before shipping
Supply Ability: 50000 ton/month
Impact Strength: Standard
Elongation: Standard
Hardness: Standard
Finish: Hot-rolled
Length: Can Be Customized

Mild Steel Plate, also known as MS sheets, is a high-quality product offered by Hailian. Our company, based in Wuxi, is a leading manufacturer and supplier of Hot-rolled Steel Sheets.

Product Applications

Mild Steel Plate is widely used in various industries such as construction, automotive, manufacturing, and shipbuilding. It is commonly used for making structural beams, frames, and panels. Its excellent strength and durability make it ideal for heavy-duty applications.

Product Features

High-Quality Material: Our Mild Steel Plate is made from premium quality 20# MS Sheets, ensuring superior strength and toughness.
Hot-rolled Finish: The sheets are hot-rolled, which gives them a smooth and glossy finish, making them perfect for visible applications.
Customizable Length: We offer customization options for length, ensuring that our product meets your specific requirements.
Standard Impact Strength, Elongation, and Hardness: Our Mild Steel Plate meets all standard requirements for impact strength, elongation, and hardness, making it a reliable and safe choice for any project.

Product Scene

Imagine a construction site where heavy-duty beams and frames are being installed to create a new skyscraper. These beams and frames are made from our Mild Steel Plate. The workers are able to easily handle and maneuver the sheets due to their lightweight yet strong nature. The hot-rolled finish gives the building a modern and sleek look, making it stand out in the city skyline.

At a nearby shipyard, our Mild Steel Plate is being used to manufacture the hull of a large cargo ship. The sheets are able to withstand the harsh sea environment and provide excellent strength and durability, ensuring the safety of the crew and cargo on board.

Conclusion

In conclusion, Mild Steel Plate by Hailian is a top-quality product that is widely used in various industries due to its excellent strength, durability, and customizable features. With our reliable supply and competitive pricing, we are your go-to partner for all your Hot-rolled Steel Sheet needs.

Customization:

Mild Steel Plate Customization Service
Product: Carbon Steel Sheets - Q345 MS Sheets, Q235B Steel Plates
Brand Name: Hailian
Place of Origin: Wuxi
Certification: ISO SGS MTC
Minimum Order Quantity: 1 ton
Price: 460 - 530 USD/ton
Packaging Details: Standard packing
Payment Terms: 30% T/T 70% before shipping
Supply Ability: 50000 ton/month
Tolerance: +-1%
Hardness: Standard
Yield Strength: Standard
Impact Strength: Standard
Length: Can Be Customized

Support and Services:

Mild Steel Plate

Technical Support and Services

Our Mild Steel Plate is a high-quality and versatile product that can be used in various industries and applications. We are committed to providing excellent technical support and services for our customers to ensure the best performance and satisfaction with our product.

Technical Support

Our team of experienced engineers and technicians are always available to provide technical support for any inquiries or issues related to our Mild Steel Plate. We offer comprehensive technical assistance, including product specifications, performance data, and recommendations for the best usage and maintenance of our product.

Customization Services

We understand that every customer has unique requirements for their projects. That's why we offer customization services for our Mild Steel Plate to meet specific design and size specifications. Our team will work closely with you to understand your needs and provide tailor-made solutions to meet your requirements.

Quality Assurance

At Mild Steel Plate, we are committed to delivering the highest quality product to our customers. Our product undergoes rigorous quality

control measures to ensure it meets the industry standards and specifications. We also provide quality assurance documentation and certificates upon request.

On-time Delivery

We understand the importance of timely delivery for our customers' projects. Our dedicated logistics team works closely with our production team to ensure on-time delivery of our Mild Steel Plate to your desired location. We also provide updates on the status of your order to keep you informed.

After-sales Services

Our commitment to our customers does not end with the product delivery. We offer after-sales services to address any concerns or issues you may have with our Mild Steel Plate. Our team will work closely with you to resolve any problems and ensure your satisfaction with our product.

Conclusion

At Mild Steel Plate, we are dedicated to providing the best technical support and services for our customers. Our goal is to not only deliver a high-quality product but also to build long-term relationships with our customers through our exceptional support and services.

Packing and Shipping:

Packaging and Shipping for Mild Steel Plate

Our Mild Steel Plate is carefully packaged to ensure safe delivery to our customers. The packaging process includes: Wrapping the steel plate in a protective film to prevent scratches and damage during transportation.

Placing the wrapped steel plate into a sturdy cardboard box.

Adding additional cushioning materials, such as foam or bubble wrap, to further protect the steel plate.

Sealing the box with strong packing tape to secure its contents.

For larger orders, the steel plates are stacked and secured on a pallet for easier handling and transportation.

Once packaged, our Mild Steel Plate is ready for shipping. We offer various shipping options to meet our customers' needs, including:

Ground shipping for domestic orders within the United States.

Air freight for international orders.

Express shipping for urgent orders.

Our team carefully monitors the shipping process to ensure prompt and on-time delivery of our Mild Steel Plate to our customers.

Upon arrival, customers can expect to receive their steel plates in excellent condition, ready for use in their projects.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Hailian.

Q: Where is this product manufactured?

A: This product is manufactured in Wuxi, China.

Q: What certifications does this product have?

A: This product has ISO, SGS, and MTC certifications.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1 ton.

Q: What is the price range for this product?

A: The price for this product ranges from 460 to 530 USD per ton.

Q: How is this product packaged?

A: This product is packaged using standard packing methods.

Q: What are the payment terms for this product?

A: The payment terms for this product are 30% T/T and 70% before shipping.

Q: What is the supply ability for this product?

A: The supply ability for this product is 50000 ton per month.
