

## Customizable Length Mild Steel Plate 3mm In Construction

### Our Product Introduction

For more products please visit us on [sheetstainless-steel.com](http://sheetstainless-steel.com)

#### Basic Information

- Place of Origin: Wuxi
- Brand Name: Hailian
- Certification: ISO SGS MTC
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard packing
- Payment Terms: 30% T/T 70% before shipping
- Supply Ability: 50000 ton/month

#### Product Specification

- Tensile Strength: Standard
- Surface: Natural Black
- Elongation: Standard
- Impact Strength: Standard
- Type: Plate
- Hardness: Standard
- Length: Can Be Customized
- Finish: Hot Rolled
- Highlight: **construction mild steel plate ,  
mild steel plate 3mm ,  
customizable length 3mm steel plate**

Product Description:

Mild Steel Plate

The Mild Steel Plate, also known as Hot-rolled Steel Sheets, is a type of steel product that is widely used in various industries such as construction, manufacturing, and transportation. It is made from low carbon steel and has a relatively low cost, making it a popular choice for many applications.

Product Overview

The Mild Steel Plate is a flat, rectangular-shaped steel sheet with a thickness of As Customer's Requirements. It is produced according to GB Standard, ensuring high quality and reliability. The surface of the plate is natural black, giving it a sleek and professional appearance.

Key Features

- Tensile Strength:** The Mild Steel Plate has a standard tensile strength, making it strong and durable for various applications.
- Elongation:** It also has a standard elongation, meaning it can withstand bending and stretching without breaking easily.
- Length:** The length of the Mild Steel Plate can be customized according to the customer's requirements, making it suitable for different project needs.

Applications

The Mild Steel Plate is commonly used in the following industries:

Construction - used for building structures such as bridges, buildings, and highways.

Manufacturing - used for making various machinery and equipment.

Transportation - used for manufacturing vehicles and their components.

It is also used in many other industries that require a strong and versatile material.

Conclusion

The Mild Steel Plate is a versatile and cost-effective steel product that is essential in many industries. With its GB Standard production and customizable length, it is a reliable and practical choice for any project. Its natural black surface adds a professional touch to any application. Choose the Mild Steel Plate for your next project and experience its strength and durability.

Features:

- Product Name: Mild Steel Plate
- Finish: Hot-rolled
- Tolerance: +/-1%
- Yield Strength: Standard
- Grade: Q235 20# Q345 Q355
- Type: Plate
- Customized Thickness
- Corrosion Resistant
- 20# MS Sheets
- Hot-rolled Steel Sheets
- Standard Yield Strength

Technical Parameters:

Parameter	Value
Yield Strength	Standard
Material	Mild Steel
Length	Can Be Customized
Surface	Natural Black
Thickness	As Customer's Requirements (Customized thickness available)
Tolerance	+/-1%
Tensile Strength	Standard
Hardness	Standard
Type	Plate
Width	1219mm, 1220mm, 1500mm

Customized thickness and width available

Material: Carbon Steel Sheets

Surface: Black Steel Sheets

Applications:

Product Description

Our Mild Steel Plate, branded as Hailian, is a high-quality carbon steel sheet that is widely used in various industrial applications. It is made with the best quality raw materials and is produced in our state-of-the-art manufacturing facility in Wuxi, China. Our product is certified with ISO, SGS, and MTC, ensuring its quality and durability.

Application

Our MS sheets are commonly used in the manufacturing industry for various purposes. Some of its common applications include:

Industrial construction - Our mild steel plate is widely used for structural purposes in building construction. It is used to create beams, columns, and other structural components.

Manufacturing industry - Our product is used in the manufacturing of various products such as vehicles, machinery, and equipment. It is also used in the production of consumer goods like appliances, furniture, and more.

Shipbuilding - Our mild steel plate is also used in the shipbuilding industry for the construction of ships and other marine vessels.

Automotive industry - Our product is used in the production of automotive parts and components such as chassis, body panels, and more.

Railway industry - Our mild steel plate is also used in the railway industry for the construction of railway tracks, bridges, and other structures.

Product Attributes

Our Mild Steel Plate, also known as Q235B Steel Plates, is a hot rolled carbon steel sheet that is available in various grades such as Q235, 20#, Q345, and Q355. It has the following attributes:

Impact strength - Our product meets the standard requirements for impact strength, making it suitable for various industrial applications.

Yield strength - Our mild steel plate meets the standard requirements for yield strength, ensuring its durability and strength.

Hardness - Our product has a standard level of hardness, making it suitable for various cutting and drilling processes.

Elongation - Our mild steel plate meets the standard requirements for elongation, making it suitable for bending and forming processes.

Packaging and Payment Terms

Our Mild Steel Plate is packaged in standard packing to ensure its safety during transportation. The minimum order quantity is 1 ton, with a price range of 460 - 530 USD/ton. We accept 30% T/T as an advance payment and the remaining 70% before shipping. Our supply ability is 50000 ton/month, ensuring a steady supply for our customers.

Conclusion

With its high-quality raw materials, standard certifications, and various applications, our Mild Steel Plate is the perfect choice for your industrial needs. Trust Hailian for all your carbon steel sheet needs and experience superior quality and durability.

Customization:

Product Name: Mild Steel Plate

Customization Service Details

**Brand Name:** Hailian

**Place of Origin:** Wuxi

**Certification:** ISO, SGS, MTC

**Minimum Order Quantity:** 1 ton

**Price:** 460 - 530 USD/ton

**Packaging Details:** Standard packing

**Payment Terms:** 30% T/T, 70% before shipping

**Supply Ability:** 50000 ton/month

**Tolerance:** +-1%

**Thickness:** As Customer's Requirements

**Material:** Mild Steel

**Impact Strength:** Standard

**Type:** Plate

This Mild Steel Plate is manufactured according to ASTM Standard and is a product of Hailian, a leading manufacturer of Carbon Steel Sheets. The plate is made of high-quality mild steel and has a standard impact strength. We offer customization services for thickness and tolerance as per the customer's requirements. Our prices range from 460 to 530 USD per ton and we have a minimum order quantity of 1 ton. With a monthly supply ability of 50000 tons, we ensure timely delivery of our products. Our packaging is done in a standard manner for safe transportation. Payment can be made through 30% T/T and the remaining 70% before shipping.

Support and Services:

Technical Support and Services for Mild Steel Plate

Our company is committed to providing top-quality technical support and services for our Mild Steel Plate product. With years of experience in the steel industry, we understand the importance of reliable and efficient support for our customers.

Technical Support

Our team of highly skilled and knowledgeable engineers is available to assist with any technical enquiries or issues you may have with our Mild Steel Plate. We offer prompt and thorough support to ensure that your project runs smoothly and meets your requirements.

We also provide technical documentation, including product specifications and installation guides, to help you make the most of our Mild Steel Plate. Our support team is always happy to provide training and advice on best practices for using our product.

Customization Services

We understand that every project is unique and may require customized solutions. That's why we offer a range of customization services for our Mild Steel Plate, including cutting, drilling, and welding. Our team will work closely with you to ensure that our product meets your specific needs and specifications.

Quality Assurance

As a reputable supplier, we take quality very seriously. Our Mild Steel Plate undergoes strict quality control measures to ensure that it meets the highest standards. We use advanced testing equipment and techniques to guarantee the strength, durability, and performance of our product.

Delivery and After-Sales Service

We offer fast and reliable delivery services to ensure that you receive your Mild Steel Plate on time and in perfect condition. Our team is

also available for after-sales support to address any concerns or issues you may have with our product. Thank you for choosing our Mild Steel Plate. We are dedicated to providing exceptional technical support and services to help you achieve your project goals. Please feel free to contact us for any further assistance.

## Packing and Shipping:

### Mild Steel Plate

Our Mild Steel Plate is packaged and shipped with utmost care to ensure its safe delivery to our valued customers.

We use high-quality packaging materials to protect the steel plate from any damage during transportation.

The plate is carefully wrapped in plastic or paper to prevent scratches and moisture.

For added protection, the plate is then placed in a wooden crate or steel frame.

The crate is securely sealed and labeled with necessary information, such as product name, dimensions, and weight.

For international shipments, we comply with all necessary regulations and provide all required documentation.

Our experienced team ensures that the packaging is sturdy and can withstand any handling during shipping.

For shipping, we use reliable and trusted carriers to ensure timely and safe delivery of your order.

Customers can also request for special packaging or shipping requirements, and we will do our best to accommodate them.

At Mild Steel Company, we prioritize the safe delivery of our products to our customers. We strive to provide the best packaging and shipping services for a hassle-free experience.

## FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Hailian.

Q: Where is this product originated from?

A: This product is originated from Wuxi.

Q: What certifications does this product have?

A: This product has ISO, SGS, and MTC certifications.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1 ton.

Q: What is the price range for this product?

A: The price range for this product is 460 - 530 USD/ton.

Q: How is this product packaged?

A: This product is packaged in standard packing.

Q: What are the payment terms for this product?

A: The payment terms for this product are 30% T/T and 70% before shipping.

Q: What is the supply ability for this product?

A: The supply ability for this product is 50000 ton/month.
