

Natural Black 5mm Mild Steel Plate Customized Length

Our Product Introduction

For more products please visit us on sheetstainless-steel.com

Basic Information

- Place of Origin: Wuxi
- Brand Name: Hailian
- Certification: ISO SGS MTC
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard packing
- Payment Terms: 30% T/T 70% before shipping
- Supply Ability: 50000 ton/month

Product Specification

- Width: 1219mm 1220mm 1500mm
- Grade: Q235 20# Q345 Q355
- Tensile Strength: Standard
- Surface: Natural Black
- Yield Strength: Standard
- Length: Can Be Customized
- Finish: Hot-rolled
- Thickness: As Customer's Requirements
- Highlight: 5mm mild steel plate,
customized length mild steel plate,
5mm mild steel sheet

Product Description

Product Description:

Product Overview: Mild Steel Plate

Mild steel plate, also known as MS plate, is a type of carbon steel that contains a low amount of carbon and is highly malleable. It is widely used in various industries such as construction, manufacturing, and automotive due to its strength and versatility.

Our Mild Steel Plate is made from high-quality Q355 MS sheets or 20# MS sheets, ensuring a durable and reliable product. It is available in various sizes and thicknesses to meet the specific needs and requirements of our customers.

Key Product Attributes

Finish: Our Mild Steel Plate is hot-rolled, a process that involves heating the steel above its recrystallization temperature to make it more malleable and easier to shape.

Yield Strength: Our MS sheets have a standard yield strength, making them suitable for various structural and construction applications.

Tolerance: We ensure that our Mild Steel Plate meets the highest quality standards by maintaining a tolerance level of $\pm 1\%$.

Impact Strength: Our product meets the standard impact strength requirements, making it a reliable and safe choice for various applications.

Thickness: We offer our Mild Steel Plate in different thicknesses, catering to the specific needs and requirements of our customers. Customization Options

At our company, we understand that every customer has unique requirements. Therefore, we offer the option to customize our Mild Steel Plate according to our customers' specific needs. From thickness to size, we can accommodate various customization requests to ensure complete customer satisfaction.

Conclusion

In conclusion, our Mild Steel Plate is a high-quality and versatile product that is suitable for various industrial applications. With its hot-rolled finish, standard yield and impact strength, and customizable options, it is a reliable and cost-effective choice for any project. Contact us today to learn more about our Mild Steel Plate and how it can meet your specific needs.

Features:

Product Name: Mild Steel Plate

Finish: Hot-rolled

Material: Mild Steel

Width: 1219mm 1220mm 1500mm

Type: Plate

Elongation: Standard

Customized Thickness

Q345 MS Sheets

MS Sheets

Technical Parameters:

Parameter	Description
Product Name	Mild Steel Plate
Material	Carbon Steel Sheets
Standard	ASTM Standard
Hardness	Standard
Tensile Strength	Standard
Impact Strength	Standard
Width	1219mm, 1220mm, 1500mm
Finish	Hot-rolled
Tolerance	$\pm 1\%$
Elongation	Standard
Surface	Natural Black
Yield Strength	Standard
Customized Thickness	Available upon request

Applications:

Mild Steel Plate - Hailian

Brand Name: Hailian
Place of Origin: Wuxi
Certification: ISO, SGS, MTC
Minimum Order Quantity: 1 ton
Price: 460 - 530 USD/ton
Packaging Details: Standard packing
Payment Terms: 30% T/T, 70% before shipping
Supply Ability: 50000 ton/month
Length: Can Be Customized
Material: Mild Steel
Grade: Q235, 20#, Q345, Q355
Finish: Hot-rolled
Thickness: As Customer's Requirements

The Mild Steel Plate by Hailian is a hot-rolled steel sheet made from high-quality mild steel material. With a brand name that is trusted by many, this plate is produced in Wuxi, known for its top-notch steel production. It is certified with ISO, SGS, and MTC, ensuring the quality and safety of the product.

With a minimum order quantity of just 1 ton, this Mild Steel Plate is perfect for various applications in different industries. The price range of 460 - 530 USD/ton makes it affordable for construction, industrial, structural, shipbuilding, automobile, and machinery projects.

The thickness of the plate can be customized according to the customer's requirements, making it suitable for a wide range of applications. Its hot-rolled finish gives it a smooth surface and high tensile strength, making it ideal for use in heavy-duty structures such as bridges, towers, containers, boilers, and pressure vessels.

This product is highly versatile and can be used in various industries, making it a popular choice among customers. Its durability and strength make it a reliable option for any project. With a supply ability of 50000 ton/month, Hailian can meet the demands of large-scale projects.

Choose Hailian's Mild Steel Plate for your next project and experience its high-quality, customizable, and cost-effective attributes. Contact us now to place your order!

Customization:

Brand Name: Hailian

Our Q355 MS sheets and Q235B steel plates are the best choice for your construction needs. Order now and experience the quality and durability of our MS sheets and Mild Steel Plates.

Support and Services:

Technical Support and Services for Mild Steel Plate
Product Introduction

Mild Steel Plate is a type of carbon steel plate that contains a low amount of carbon. It is widely used in various industries such as construction, manufacturing, and automotive due to its versatility and cost-effectiveness.

Technical Support

Our team of experienced engineers and technicians are dedicated to providing you with the best technical support for your Mild Steel Plate needs. We offer the following services:

Expert advice on material selection and specifications

Customized solutions for specific applications

Technical data and material testing

Troubleshooting and problem-solving assistance

On-site support for installation and maintenance

Services

In addition to our technical support, we also offer a range of services to ensure that you have a seamless experience with our Mild Steel Plate:

Fast and efficient delivery of products

Flexible and customizable packaging options

Quality control and inspection of products

Customized cutting and processing services

Comprehensive after-sales support and warranty

Contact Us

For any inquiries or assistance with our Mild Steel Plate, please do not hesitate to contact us. Our team is always ready to provide you with the best technical support and services.

Packing and Shipping:

Packaging and Shipping of Mild Steel Plate

The Mild Steel Plate is carefully packaged to ensure safe and secure delivery to our customers.

Packaging

Each Mild Steel Plate is first wrapped in a protective layer of plastic to prevent any scratches or damage during transportation. The plates are then stacked together and packed in sturdy wooden crates for added protection.

We also offer customized packaging options, such as adding additional layers of protection or using different types of packaging materials, upon request.

Shipping

We offer various shipping options to cater to the needs of our customers. Our experienced logistics team will work closely with you to determine the most efficient and cost-effective shipping method.

For domestic orders, we usually use land transportation, either by truck or train, depending on the distance and urgency of the delivery.

For international orders, we have partnerships with reliable shipping companies to ensure timely and safe delivery.

We also provide tracking information for all our shipments, so you can easily monitor the status of your order.

At Mild Steel Plate, we take great care in packaging and shipping our products to ensure they arrive at your doorstep in pristine condition.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Hailian.

Q: Where is this product manufactured?

A: This product is manufactured in Wuxi.

Q: What certifications does this product have?

A: This product has ISO, SGS, and MTC certifications.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1 ton.

Q: What is the price range for this product?

A: The price range for this product is 460 - 530 USD/ton.

Q: How is this product packaged?

A: This product is packaged in standard packing.

Q: What are the payment terms for this product?

A: The payment terms for this product are 30% T/T and 70% before shipping.

Q: What is the supply ability for this product?

A: The supply ability for this product is 50000 ton/month.
