- Material: Stainless Steel
- Species: Plate
- Standard: ASTM, AISI, JIS, DIN, EN
- Size: As Customer's Requirement
- Technique: Cold Rolled, Hot Rolled
- Processing Service: Cutting, Bending, Welding, Etc.
- Item: Stainless Steel Plate
- Width: 1000mm-2000mm
- Highlight: cold rolled 1mm stainless steel plate ,
AISI 1mm stainless steel plate ,
1mm hot rolled stainless steel plate

Product Description:

Stainless Steel Sheet Plate

The Stainless Steel Sheet Plate is a high-quality product made of stainless steel, which is a type of steel alloy containing a minimum of 10.5% chromium content by mass. It has excellent corrosion resistance, making it ideal for use in many different applications.

Our Stainless Steel Sheet Plate is available in various steel grades, including 304, 316, 316l, 430, 201, and 310s. These grades offer different properties and characteristics, allowing customers to choose the most suitable one for their specific needs.

As the name suggests, our product is available in the form of a sheet or plate. This allows for easy customization and cutting to meet the customer's specific requirements. The size of the sheet or plate can be customized according to the customer's needs, providing them with a product that fits their project perfectly.

One of the key features of our Stainless Steel Sheet Plate is its processing service. We offer cutting, bending, welding, and other services to ensure that our product meets the customer's specifications. This saves time and effort for our customers, as they don't have to go through the hassle of processing the sheet or plate themselves.

At Stainless Steel Plate Price, we understand the importance of quality and affordability. That's why we offer our Stainless Steel Sheet Plate at competitive prices, making it accessible for a wide range of customers. Our Stainless Steel Sheet Price is also competitive, ensuring that our customers get the best value for their money.

In conclusion, our Stainless Steel Sheet Plate is a high-quality, versatile, and customizable product that offers excellent corrosion resistance. With a variety of steel grades and processing services, we aim to provide our customers with a product that meets their specific needs at a competitive price. Choose Stainless Steel Sheet Plate for your next project and experience the quality and affordability of our product.

Features:

- Product Name: Stainless Steel Sheet Plate
- Width: 1000mm-2000mm
- Steel Grade: 304, 316, 316l, 430, 201, 310s
- Processing Technology: Cold Rolled
- Technique: Cold Rolled, Hot Rolled
- Length: 2000mm-6000mm
- Other Product Features:
- High corrosion resistance
- Durable and long-lasting
- Can be cut and shaped easily
- Available in various finishes
- Suitable for various industrial applications
- Can withstand high temperatures
- Easy to maintain and clean
- Versatile and customizable

Applications:

Stainless Steel Sheet Plate - Your Reliable Choice from Hailian

Are you looking for high-quality stainless steel sheet plate for your construction, decoration, or industrial projects? Look no further, Hailian

is here to meet all your needs!

Our stainless steel sheet plate is made from the best materials and is carefully crafted to perfection. As a reputable brand in the industry, we take pride in providing our customers with top-notch products that meet the highest standards.

Brand Name: Hailian

Our brand, Hailian, is well-known and trusted in the market. With years of experience and expertise, we have become a reliable supplier of stainless steel sheet plate to customers all over the world.

Place of Origin: Wuxi

Our stainless steel sheet plate is produced in Wuxi, a city known for its advanced manufacturing capabilities and high-quality products. We are proud to say that our products are made in Wuxi, a symbol of quality and excellence.

Certification: ISO SGS MTC

We understand the importance of quality and safety in the industry. That's why our stainless steel sheet plate is certified by ISO, SGS, and MTC, ensuring that our products meet international standards and regulations.

Minimum Order Quantity: 1 ton

At Hailian, we believe in providing flexibility to our customers. You can order as little as 1 ton of stainless steel sheet plate from us, making it convenient for small-scale projects or for testing purposes.

Price: 1500 - 1750 USD/ton

Our stainless steel sheet plate is competitively priced at 1500 - 1750 USD/ton. We offer high-quality products at affordable prices, making it a cost-effective choice for your projects.

Packaging Details: Standard packing

We understand the importance of safe and secure packaging for transportation. That's why we use standard packing methods to ensure that your stainless steel sheet plate arrives at your doorstep in perfect condition.

Delivery Time: 3 - 5 days

Time is of the essence in the construction and industrial industry. That's why we strive to deliver your stainless steel sheet plate in the shortest time possible. With our efficient production and delivery process, you can expect your order to arrive within 3 - 5 days.

Payment Terms: 30% T/T 70% before shipping

We offer flexible payment terms for our customers. You can pay 30% of the total amount as a deposit and the remaining 70% before shipping. This allows you to manage your finances more efficiently.

Supply Ability: 50000 ton/month

With a large production capacity of 50000 ton/month, we can fulfill your orders in a timely and efficient manner. You can rely on us to meet your demands, no matter the quantity.

Steel Grade: 304 316 316L 430 201 310s

We offer a variety of steel grades to choose from, including 304, 316, 316L, 430, 201, and 310s. Each grade has its unique properties and benefits, making it suitable for different applications.

Technique: Cold Rolled, Hot Rolled

Our stainless steel sheet plate is produced using both cold rolled and hot rolled techniques. Each technique has its advantages, ensuring that our products have a smooth surface and precise dimensions.

Package: Standard Export Package, Or As Required

We offer standard export packaging for our stainless steel sheet plate. However, we also provide customized packaging options to meet your specific requirements. Just let us know, and we will make it happen.

Species: Plate

Our stainless steel sheet plate comes in the form of plates, making it easy to handle, transport, and install. This also allows for more flexibility in your projects, as you can cut and shape the plates according to your needs.

Material: Stainless Steel

Our stainless steel sheet plate is made from high-quality stainless steel, known for its durability, strength, and corrosion resistance. It is a reliable and long-lasting material, suitable for various applications.

Wide Application

Our stainless steel sheet plate has a wide range of applications, including but not limited to:

Construction: Used in building structures, bridges, roofing, and more.

Decoration: Perfect for interior and exterior design, such as wall cladding, elevator panels, and furniture.

Industrial: Ideal for machinery, equipment, and tools used in different industries.

Household: Used in kitchen appliances, utensils, and home décor.

Customizable

We understand that every project is unique, and that's why we offer customizable options for our stainless steel sheet plate. From size and shape to surface finish and packaging, we can tailor our products to meet your specific needs.

Hailian is your one-stop solution for all your stainless steel sheet plate needs. Choose us and experience top-quality products, excellent service, and competitive prices. Contact us today to place your order!
