Basic Information

- Place of Origin: Wuxi
- Brand Name: Hailian
- Certification: ISO SGS MTC
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard packing
- Delivery Time: 3 - 5 days
- Payment Terms: 30% T/T 70% before shipping
- Supply Ability: 50000 ton/month

Product Specification

- Material: Stainless Steel
- Technique: Cold Rolled, Hot Rolled
- Standard: ASTM, AISI, JIS, DIN, EN
- Width: 1000mm-2000mm
- Package: Standard Export Package, Or As Required
- Processing Service: Cutting, Bending, Welding, Etc.
- Processing Technology: Cold Rolled
- Species: Plate
- Highlight: 1 16 stainless steel cold rolled sheet ,
ASTM stainless steel cold rolled sheet ,
durable 1 16 stainless steel plate

Product Description:

Stainless Steel Sheet Plate

Welcome to our Stainless Steel Sheet Plate, where you can find high quality stainless steel products that meet your specific needs. Our Stainless Steel Sheet Plate is made from top-grade materials and is manufactured to the highest industry standards.

Product Overview

Our Stainless Steel Sheet Plate is a flat, thin, and rectangular piece of metal that is used in various industries such as construction, automotive, and manufacturing. It is available in a variety of sizes and grades to suit different applications.

Packing

Our Stainless Steel Sheet Plate is packed in standard sea-worthy packaging to ensure safe and secure transportation. This packaging is designed to protect the product from damage during shipping, and it is suitable for long-distance transportation.

Species

Our Stainless Steel Sheet Plate is available in the form of a plate. This means that it is a large, flat piece of metal with a thickness that is greater than 3mm. Plate is the most common form of stainless steel, and it is widely used in many industries due to its strength and durability.

Steel Grade

Our Stainless Steel Sheet Plate is available in a variety of steel grades to meet the specific requirements of our customers. We offer 304, 316, 316L, 430, 201, and 310s stainless steel grades, each with its own unique properties and characteristics.

Size

We understand that every project is unique, which is why our Stainless Steel Sheet Plate is available in various sizes to meet the specific needs of our customers. We can provide custom sizes as per the customer's requirements, ensuring a perfect fit for their project.

Standard

Our Stainless Steel Sheet Plate is manufactured according to the highest industry standards. We adhere to ASTM, AISI, JIS, DIN, and EN standards to ensure that our products meet the quality and performance requirements of our customers.

Conclusion

In conclusion, our Stainless Steel Sheet Plate is a high-quality product that offers durability, strength, and versatility. With different grades, sizes, and standards available, we are confident that our product will meet and exceed your expectations. Thank you for choosing our Stainless Steel Sheet Plate. We look forward to serving you.

Support and Services:

Technical Support and Service of Stainless Steel Sheet Plate

At Stainless Steel Sheet Plate, we are committed to providing exceptional technical support and service to our customers. Our team of experts is dedicated to helping you find the perfect solution for your specific needs and ensuring that you have a positive experience with our products.

Technical Support

Our technical support team is available to assist you with any questions or concerns you may have about our stainless steel sheet plates. We have a deep understanding of the properties and applications of stainless steel and can provide guidance on material selection, fabrication techniques, and more.

In addition, we offer troubleshooting assistance and can provide recommendations for maintenance and care to help extend the lifespan of your stainless steel sheet plate.

Customization Services

At Stainless Steel Sheet Plate, we understand that every project is unique and may require specific dimensions or finishes. That's why we offer customization services to meet your exact specifications.

Our team can work with you to create custom sizes, shapes, and finishes to ensure that our stainless steel sheet plate is a perfect fit for your project. We also offer additional services such as shearing, welding, and polishing to provide a complete solution for your needs.

Quality Assurance

We take great pride in the quality of our products and stand behind them with our guarantee of satisfaction. Our stainless steel sheet plates undergo rigorous testing and inspection to ensure that they meet the highest standards of quality and durability.

In the rare event that you encounter any issues with our products, our team is here to help. We will work with you to resolve any problems and ensure that you are completely satisfied with your purchase.

Contact Us

If you have any technical questions or require assistance with your stainless steel sheet plate, please do not hesitate to contact us. Our friendly and knowledgeable team is always here to help and provide the best possible support and service to our customers.

Thank you for choosing Stainless Steel Sheet Plate. We look forward to serving you and meeting all of your stainless steel needs.

Packing and Shipping:

Packaging and Shipping for Stainless Steel Sheet Plate

Our Stainless Steel Sheet Plate is carefully packaged to ensure safe delivery to our customers:

Each sheet plate is individually wrapped with protective plastic to prevent scratches and damage during transportation.

The wrapped sheet plates are then placed in a strong wooden box for added protection.

The wooden box is sealed and labeled with the product information and shipping details.

We offer different shipping options to meet our customers' needs:

For domestic orders, we use reliable courier services to ensure prompt and secure delivery.

For international orders, we work with trusted freight forwarding companies to ship our products worldwide.

Customers can also arrange their own shipping if preferred.

At Stainless Steel Inc., we take great care in packaging and shipping our products to ensure they arrive in pristine condition. If you have any special packaging or shipping requirements, please let us know and we will do our best to accommodate.
