Basic Information

- Place of Origin: Wuxi
- Brand Name: Hailian
- Certification: ISO SGS MTC
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard packing
- Delivery Time: 3 - 5 days
- Payment Terms: 30% T/T 70% before shipping
- Supply Ability: 50000 ton/month

Product Specification

- Package: Standard Export Package, Or As Required
- Length: 2000mm-6000mm
- Packing: Standard Sea-worthy Packing
- Technique: Cold Rolled, Hot Rolled
- Processing Technology: Cold Rolled
- Size: As Customer's Requirement
- Item: Stainless Steel Plate
- Species: Plate
- Highlight: **310s stainless steel sheet plate, stainless steel sheet plate cold rolled, 310s cold rolled stainless steel sheet**

Product Description:

Stainless Steel Sheet Plate

Stainless Steel Sheet Plate is a high-quality product that is widely used in various industries such as construction, automotive, marine, and more. Made from stainless steel, it offers exceptional durability and versatility, making it a popular choice for many applications.

Steel Grade:

304
316
316l
430
201
310s

These steel grades are carefully selected to meet specific requirements and standards for different industries. Each grade offers unique properties and characteristics, making it suitable for a wide range of applications.

Material:

Made from stainless steel, this product is known for its excellent corrosion resistance, making it ideal for various environments. It is also highly durable, able to withstand heavy loads and extreme temperatures. Additionally, it is non-reactive, making it safe for use in food and medical applications.

Standard:

Our Stainless Steel Sheet Plate meets the highest quality standards, including ASTM, AISI, JIS, DIN, and EN. These standards ensure that our product is of consistent quality and meets all necessary requirements for its intended use.

Packing:

To ensure the safe delivery of our product, we use standard sea-worthy packing. This includes proper packaging materials and techniques to protect the product from damage during transportation.

Size:

Our Stainless Steel Sheet Plate is available in a variety of sizes to meet the specific requirements of our customers. We can also customize the size according to their needs, providing them with a perfect fit for their project.

With its high-quality material, exceptional properties, and reliable standards, our Stainless Steel Sheet Plate is a top choice for many industries. Its corrosion resistance, durability, and versatility make it a valuable investment for any project. Contact us today to learn more about our product and how it can benefit your business.

Features:

Product Name: Stainless Steel Sheet Plate

Processing Technology: Cold Rolled

Standard: ASTM, AISI, JIS, DIN, EN

Item: Stainless Steel Plate

Package: Standard Export Package, Or As Required

Technique: Cold Rolled, Hot Rolled

Technical Parameters:

Product Name	Stainless Steel Sheet Plate
Length	2000mm-6000mm
Processing Service	Cutting, Bending, Welding, Etc.
Width	1000mm-2000mm

Material	Stainless Steel
Item	Stainless Steel Plate
Technical	Cold Rolled/Hot Rolled
Package	Standard Export Package, Or As Required
Size	As Customer's Requirement
Species	Plate

Applications:

Stainless Steel Sheet Plate - A Durable and Versatile Product for Various Applications

When it comes to finding the perfect material for your construction or manufacturing needs, stainless steel sheet plate is an excellent

choice. Known for its strength, durability, and versatility, this product is widely used in various industries and applications. In this article, we will explore the different applications and scenarios where Hailian's Stainless Steel Sheet Plate from Wuxi is an ideal choice.

Brand Name: Hailian

Hailian is a well-known brand in the stainless steel industry, renowned for its high-quality products and excellent customer service. With years of experience and expertise, Hailian is a trusted name when it comes to stainless steel sheet plate.

Place of Origin: Wuxi

Wuxi, a city located in the Jiangsu province of China, is known for its steel production. With a long history of steel manufacturing, Wuxi is a hub for high-quality stainless steel products, making it the perfect place for Hailian's production of stainless steel sheet plate.

Certification: ISO SGS MTC

Hailian's Stainless Steel Sheet Plate is certified by ISO, SGS, and MTC, ensuring that it meets the highest standards of quality and safety. These certifications are a testament to the company's commitment to providing customers with top-notch products.

Minimum Order Quantity: 1 ton

Whether you need a small quantity or a large order, Hailian offers a minimum order quantity of 1 ton, making it convenient for all types of customers.

Price: 1500 - 1750 USD/ton

With competitive pricing, Hailian's Stainless Steel Sheet Plate is an affordable option for all your steel needs. The price range of 1500 - 1750 USD/ton makes it a cost-effective choice without compromising on quality.

Packaging Details: Standard packing

Hailian takes great care in packaging its products to ensure they reach customers in perfect condition. The Stainless Steel Sheet Plate is packed using standard packaging methods, providing protection during transportation and storage.

Delivery Time: 3 - 5 days

With a fast and efficient delivery system, Hailian ensures that customers receive their orders within 3 - 5 days. This quick turnaround time is ideal for urgent projects and helps keep your production on schedule.

Payment Terms: 30% T/T 70% before shipping

Hailian offers flexible payment options, with a 30% deposit and 70% payment before shipping. This allows customers to manage their budget and make payments conveniently.

Supply Ability: 50000 ton/month

With a supply ability of 50000 tons per month, Hailian can meet the demands of large-scale projects and bulk orders. This ensures that customers never have to compromise on their production schedule due to a lack of supply.

Length: 2000mm-6000mm

Hailian's Stainless Steel Sheet Plate comes in a variety of lengths, ranging from 2000mm to 6000mm. This allows for customization and flexibility in design and construction.

Steel Grade: 304 316 316L 430 201 310s

The Stainless Steel Sheet Plate from Hailian is available in various steel grades, including 304, 316, 316L, 430, 201, and 310s. Each grade offers unique properties and characteristics, making it suitable for different applications.

Third Party: SGS ISO

Hailian's Stainless Steel Sheet Plate is verified by third-party organizations like SGS and ISO, ensuring its quality and authenticity. This gives customers peace of mind and confidence in the product they are purchasing.

Material: Stainless Steel

Made from high-quality stainless steel, Hailian's Stainless Steel Sheet Plate is a durable and long-lasting product that can withstand harsh environments and extreme conditions. Its corrosion resistance and strength make it an ideal choice for various applications.

Processing Service: Cutting, Bending, Welding, Etc.

Hailian offers various processing services for its Stainless Steel Sheet Plate, including cutting, bending, and welding. This allows for customization and versatility in applications, making it a preferred choice for many industries.

Conclusion

In conclusion, Hailian's Stainless Steel Sheet Plate is a top-quality product that offers durability, versatility, and customization options.

With its various certifications, competitive pricing, and efficient delivery system, it is a reliable and convenient choice for all your stainless steel needs. Whether it's for construction, manufacturing, or any other application, Hailian's Stainless Steel Sheet Plate from Wuxi is the perfect solution.

Support and Services:

Stainless Steel Sheet Plate Technical Support and Service

At Stainless Steel Sheet Plate, we are committed to providing top-quality products and excellent customer service. Our team of experienced professionals is dedicated to meeting all of your technical support and service needs.

Technical Support

Our technical support team is available to assist you with any questions or concerns you may have regarding our stainless steel sheet and plate products. Whether you need help with product specifications, installation, or troubleshooting, our experts are here to provide prompt and efficient support. We also offer technical documentation and training to ensure that our customers have a thorough understanding of our products.

Service

In addition to our technical support, we also offer a variety of services to meet the needs of our customers. These include custom sizing and cutting, surface treatments, and packaging and shipping options. Our goal is to make the process of purchasing and using our stainless steel sheet and plate products as seamless as possible for our customers.

Customer Satisfaction

At Stainless Steel Sheet Plate, customer satisfaction is our top priority. We are constantly striving to improve our products and services to meet the ever-changing needs of our customers. Our team is dedicated to providing a positive and hassle-free experience for every customer, and we are always open to feedback and suggestions for improvement.

Packing and Shipping:

Packaging and Shipping for Stainless Steel Sheet Plate

Our Stainless Steel Sheet Plates are carefully packaged and shipped to ensure they arrive at your location in perfect condition.

Packaging:

Each sheet plate is individually wrapped in protective film to prevent scratches and damage during transportation.

Multiple sheets are then stacked and packed in wooden crates for added protection.

The crates are securely fastened with metal straps to prevent shifting during shipping.

Customized packaging options are available upon request.

Shipping:

We offer worldwide shipping for our Stainless Steel Sheet Plates.

For domestic orders, we use reliable courier services for fast and efficient delivery.

For international orders, we use air or sea freight depending on the size and quantity of the order.

All shipments are insured to protect against any damages during transit.

Shipping costs will be calculated and included in the final invoice.

With our careful packaging and reliable shipping methods, you can be confident that your Stainless Steel Sheet Plates will arrive in perfect condition and on time.
