

ERW Stainless Steel Pipe Tube 4mm To 2500mm Matt Black Surface

Our Product Introduction

For more products please visit us on sheetstainless-steel.com

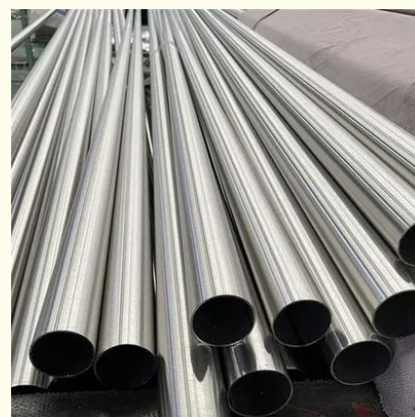

Basic Information

- Place of Origin: Wuxi
- Brand Name: Hailian
- Certification: ISO SGS MTC
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard packing
- Delivery Time: 3 - 5 days
- Payment Terms: 30% T/T 70% before shipping
- Supply Ability: 50000 ton/month

Product Specification

- Welding Line Type: ERW
- Corrosion Resistance: High
- Steel Grade: 400 Series 304 201 316L
- Process: Cold -rolling
- Packaging: Standard Export Package
- Keyword: Stainless Steel
- Packing: Standard Seaworthy Package
- Origin: Jiangsu China(Mainland)
- Highlight: **ERW Stainless Steel Pipe Tube, 4mm Stainless Steel Pipe Tube**

Product Description:

Stainless Steel Pipe Tube

Welcome to our Stainless Steel Pipe Tube product overview page! Our stainless steel pipe tube is a high-quality and durable product that is widely used in various industries due to its excellent corrosion resistance and versatile properties.

Product Description

Our Stainless Steel Pipe Tube is made from premium quality stainless steel material, ensuring superior strength, durability, and resistance to corrosion. It is available in different forms, including stainless steel capillary tubes, hollow bars, seamless pipes, and welded pipes, to meet the diverse needs of our customers.

Packaging

Our Stainless Steel Pipe Tube is carefully packaged in Standard Export Packages to ensure safe and damage-free delivery to our customers. We understand the importance of protecting the product during transportation, and our packaging is designed to meet international shipping standards.

Process

Our Stainless Steel Pipe Tube is manufactured using the cold-rolling process, which involves passing the steel through a series of rollers at room temperature. This process ensures precise dimensional accuracy, smooth surface finish, and high strength of the product.

Size Range

Our Stainless Steel Pipe Tube is available in a wide range of sizes, with an outside diameter ranging from 4mm to 2500mm (1/8"inch-120"inch). This makes our product suitable for various applications, from small precision instruments to large industrial pipelines.

Surface Finish

Our Stainless Steel Pipe Tube comes in various surface finishes, including MIRROR, SATIN, and Matt Black. These finishes not only enhance the appearance of the product but also provide additional protection against corrosion, making it suitable for use in harsh environments.

Key Features

High-quality stainless steel material

Excellent corrosion resistance

Versatile properties

Precise dimensional accuracy

Smooth surface finish

Wide size range

Various surface finishes

Applications

Our Stainless Steel Pipe Tube is used in various industries, including:

Chemical and petrochemical

Oil and gas

Food and beverage

Pharmaceutical

Automotive

Construction

And many more

Conclusion

In summary, our Stainless Steel Pipe Tube is a top-quality product that offers excellent corrosion resistance, precise dimensions, and versatile properties. With its various surface finishes and wide size range, it is suitable for a wide range of applications in different industries. Contact us today to learn more about our product and how it can meet your specific needs.

Features:

Product Name: Stainless Steel Pipe Tube

Business Type: Manufacturer

Thickness: As Request

Packaging: Standard Export Package

Outside Diameter: 4mm To 2500mm(1/8"inch-120"inch)

Outer Diameter: Customized

Product Features:

High quality stainless steel material

Seamless and capillary tube options available

Customizable outer diameter for specific project needs

Wide range of thickness options

Expertly manufactured by experienced professionals

Standard export packaging for safe transportation

Durable and corrosion-resistant

Available in various lengths and sizes

Ideal for industrial and commercial applications

Technical Parameters:

Product Attribute	Value
Steel Grade	400 Series 304 201 316L
Packaging	Standard Export Package
Process	Cold-rolling
Surface	MIRROR / SATIN / Matt Black
Thickness	As Request
Keyword	Stainless Steel
Outside Diameter	4mm to 2500mm (1/8" inch - 120" inch)
Business Type	Manufacturer
Grade	304 201 316 304L 420 430 410 310S
Outer Diameter	Customized
Key Features	Stainless Steel Exhaust Pipe, 304 Stainless Steel Pipes, Stainless Steel Hollow Bar

Applications:

Stainless Steel Pipe Tube - The Perfect Solution for Various Applications

Welcome to Hailian, your trusted source for high-quality stainless steel pipe tube. Our products are manufactured in Wuxi, China and are known for their exceptional quality and durability. With ISO, SGS, and MTC certifications, we guarantee that our products meet the highest industry standards.

Our stainless steel pipe tube is suitable for a wide range of applications and can be used in various industries such as construction, automotive, chemical, and more. With a minimum order quantity of 1 ton and a price range of 2300-2518 USD per ton, our products are affordable and accessible to all.

Perfect for Different Environments

Our stainless steel pipe tube is available in both welded and seamless forms, making it suitable for different environments and applications. The welded pipes are ideal for structural and mechanical purposes, while the seamless pipes are perfect for high-pressure and high-temperature applications.

Wide Range of Grades and Surfaces

At Hailian, we offer a wide range of grades for our stainless steel pipe tube, including 304, 201, 316, 304L, 420, 430, 410, and 310S. This ensures that our products can meet the diverse needs of our customers. In addition, we also offer different surface finishes such as mirror, satin, and matt black, giving our customers the flexibility to choose the best option for their specific application.

Various Applications

Our stainless steel pipe tube is suitable for a variety of applications, including:

Stainless Steel Welded Pipe: Our welded pipes are widely used in construction, automotive, and structural applications.

Stainless Steel Seamless Pipe: With its high strength and corrosion resistance, our seamless pipes are perfect for high-pressure and high-temperature applications in industries such as oil and gas, chemical, and petrochemical.

Stainless Steel Hydraulic Tube: Our hydraulic tubes are designed to withstand high pressure and are commonly used in hydraulic systems, such as in construction equipment and heavy machinery.

Stainless Steel Heat Exchanger Tube: These tubes are ideal for heat exchange applications, such as in boilers, heat exchangers, and condensers.

Stainless Steel Sanitary Tube: Our sanitary tubes are made with high-quality stainless steel and are suitable for food and pharmaceutical industries, where hygiene and cleanliness are of utmost importance.

Trustworthy Supplier

As a manufacturer, we are committed to providing our customers with the highest quality products and exceptional service. With a supply ability of 50000 tons per month, we can ensure timely delivery of our products. Our payment terms are also flexible, with 30% T/T and 70% before shipping, making it convenient for our customers.

Get Your Stainless Steel Pipe Tube from Hailian Today

With our wide range of grades, surfaces, and applications, and our commitment to quality and service, Hailian is the perfect choice for all your stainless steel pipe tube needs. Contact us today to place your order and experience the quality and reliability of our products.

Customization:

Customization Service for Stainless Steel Pipe Tube

Brand Name: Hailian

Place of Origin: Wuxi

Certification: ISO, SGS, MTC

Minimum Order Quantity: 1 ton

Price: 2300-2518 USD/ton

Packaging Details: Standard packing

Delivery Time: 3 - 5 days

Payment Terms: 30% T/T, 70% before shipping

Supply Ability: 50000 ton/month

Origin: Jiangsu China(Mainland)

Thickness: As Request

Invoicing: By Actual Weight

Keyword: Stainless Steel

Outer Diameter: Customized

Key Features: Stainless Steel Hydraulic Tube, 304 Stainless Steel Pipes, 316 Stainless Steel Pipes

Support and Services:

Technical Support and Services for Stainless Steel Pipe Tube

We provide comprehensive technical support and services for our Stainless Steel Pipe Tube products. Our team of experts is dedicated to ensuring that our customers have the best experience and receive the highest quality products.

Technical Support

Our technical support team is available to assist with any inquiries or issues related to our Stainless Steel Pipe Tube products. Whether it's installation, troubleshooting, or maintenance, our experts are here to help. You can reach our technical support team through phone, email, or online chat.

Customization and Design

We understand that each project may have unique requirements. That's why we offer customization and design services for our Stainless Steel Pipe Tube products. Our team of engineers and designers will work closely with you to develop a product that meets your specific needs and specifications.

Quality Control

Our Stainless Steel Pipe Tube products undergo rigorous quality control processes to ensure they meet the highest standards. We use state-of-the-art equipment and techniques to test and inspect our products, and we adhere to strict quality control procedures to ensure consistent quality.

Installation and Training

In addition to providing high-quality products, we also offer installation and training services to ensure that our customers can use our Stainless Steel Pipe Tube products safely and effectively. Our experienced technicians will provide on-site installation and training, as well as detailed instructions and guidance.

Maintenance and Repair

To ensure the longevity and performance of our Stainless Steel Pipe Tube products, we offer maintenance and repair services. Our team of experts can provide regular maintenance to keep your products in top condition, as well as repair services if any issues arise.

Customer Service

At Stainless Steel Pipe Tube, we pride ourselves on providing excellent customer service. Our dedicated customer service team is available to assist with any inquiries or concerns you may have. We strive to provide timely and helpful responses to ensure the satisfaction of our customers.

Thank you for choosing Stainless Steel Pipe Tube for your stainless steel pipe needs. We are committed to providing the best technical support and services to ensure your satisfaction. Please do not hesitate to contact us for any assistance or inquiries.

Packing and Shipping:

Stainless Steel Pipe Tube Packaging and Shipping

Our Stainless Steel Pipe Tube is packaged and shipped with the utmost care to ensure its safe arrival at your destination. Here is a breakdown of our packaging and shipping process:

All pipes and tubes are first inspected for quality and any defects.

They are then carefully cleaned and polished to remove any surface impurities.

Next, the pipes and tubes are wrapped in protective packaging material to prevent scratches and damage during transit.

They are then placed in sturdy, durable shipping containers to further protect them during transportation.

Our team carefully loads the containers onto our trucks or ships, ensuring that they are packed securely and efficiently.

We work with trusted shipping partners to ensure timely and safe delivery of your order.

Once your order arrives at its destination, our team will assist with unloading and unpacking to ensure that your pipes and tubes are in perfect condition.

We take great pride in our packaging and shipping process to ensure that our customers receive their Stainless Steel Pipe Tube in pristine condition. If you have any special packaging or shipping requirements, please let us know and we will do our best to accommodate your needs.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Hailian.

Q: Where is this product manufactured?

A: This product is manufactured in Wuxi.

Q: What certifications does this product have?

A: This product is certified with ISO, SGS, and MTC.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1 ton.

Q: What is the price range for this product?

A: The price for this product ranges from 2300 to 2518 USD per ton.

Q: How is this product packaged?

A: This product is packaged with standard packing.

Q: How long does it take for this product to be delivered?

A: The delivery time for this product is 3-5 days.

Q: What are the payment terms for this product?

A: The payment terms for this product are 30% T/T and 70% before shipping.

Q: What is the supply ability for this product?

A: The supply ability for this product is 50000 ton per month.
