

## 1/8 Inch Stainless Steel Hollow Bar Corrosion Resistance

Our Product Introduction

For more products please visit us on [sheetstainless-steel.com](http://sheetstainless-steel.com)

### Basic Information

- Place of Origin: Wuxi
- Brand Name: Hailian
- Certification: ISO SGS MTC
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard packing
- Delivery Time: 3 - 5 days
- Payment Terms: 30% T/T 70% before shipping
- Supply Ability: 50000 ton/month

### Product Specification

- Surface: MIRROR / SATIN / Matt Black
- Outside Diameter: 4mm To 2500mm(1/8"inch-120"inch)
- Corrosion Resistance: High
- Welding Line Type: ERW
- Outer Diameter: Customized
- Invoicing: By Actual Weight
- Origin: Jiangsu China(Mainland)
- Business Type: Manufacturer
- Highlight: **1/8 Inch Stainless Steel Hollow Bar, Stainless Steel Hollow Bar Corrosion Resistance**

## Product Description:

Product Overview: Stainless Steel Pipe Tube

Stainless Steel Pipe Tube is a high-quality, corrosion-resistant product made from cold-rolled stainless steel. It is widely used in various industries, such as construction, decoration, and industrial manufacturing. With its excellent properties, it has become a popular choice for many applications.

Corrosion Resistance

Stainless Steel Pipe Tube is known for its high level of corrosion resistance, making it ideal for use in harsh environments. It can resist corrosion caused by chemicals, acids, and saltwater, ensuring a longer lifespan and lower maintenance costs.

Process: Cold-Rolling

The production process of Stainless Steel Pipe Tube involves cold-rolling, which ensures a smooth and uniform surface, as well as precise dimensions. This results in a product with high strength and excellent mechanical properties.

Packaging: Standard Export Package

To ensure the safe transportation and delivery of our products, we use standard export packaging for Stainless Steel Pipe Tube. This includes wrapping the pipes and tubes in protective materials, such as plastic or foam, and then packing them in sturdy wooden crates or boxes.

Welding Line Type: ERW

Stainless Steel Pipe Tube is manufactured using the Electric Resistance Welding (ERW) method. This produces a welded joint that is strong and durable, ensuring the pipes and tubes can withstand high pressure and temperature.

Invoicing: By Actual Weight

At our company, we believe in transparency and accuracy when it comes to invoicing our customers. Therefore, we invoice our Stainless Steel Pipe Tube products by actual weight, ensuring that our customers only pay for what they receive.

Key Products: Stainless Steel Welded Pipe, Stainless Steel Decoration Pipe, Stainless Steel Capillary Tube

We offer a wide range of Stainless Steel Pipe Tube products, including welded pipes, decoration pipes, and capillary tubes. Our products are available in various sizes and specifications, making them suitable for different applications. With our high-quality materials and advanced production technology, we guarantee the best performance and durability for our customers.

## Features:

Product Name: Stainless Steel Pipe Tube

Outside Diameter: 4mm To 2500mm (1/8"inch-120"inch)

Invoicing: By Actual Weight

Packing: Standard Seaworthy Package

Corrosion Resistance: High

Thickness: As Request

Stainless Steel Welded Pipe

Stainless Steel Round Tube

Stainless Steel Hollow Bar

## Technical Parameters:

Product Name	Stainless Steel Pipe Tube
Outside Diameter	4mm To 2500mm (1/8"inch - 120"inch)
Surface	MIRROR / SATIN / Matt Black
Process	Cold-rolling
Corrosion Resistance	High
Welding Line Type	ERW
Grade	304, 201, 316, 304L, 420, 430, 410, 310S
Packing	Standard Seaworthy Package
Thickness	As Request
Outer Diameter	Customized
Invoicing	By Actual Weight
Product Keyword	Stainless Steel Hollow Bar, 304 Stainless Steel Pipes, Stainless Steel Capillary Tube

## Applications:

Stainless Steel Pipe Tube - Hailian

Stainless Steel Pipe Tube is a high-quality product manufactured by Hailian in Wuxi. With ISO, SGS, and MTC certifications, it is guaranteed to meet international standards and provide excellent performance. Minimum Order Quantity is only 1 ton, making it accessible for small businesses and individuals. The price of our products ranges from 2300 to 2518 USD per ton, offering a cost-effective solution for your piping needs.

Our Stainless Steel Pipe Tube is suitable for various applications and can be used in different industries. It is commonly used in chemical, petrochemical, oil and gas, food processing, and marine industries. The durability and corrosion resistance of stainless steel make it the ideal choice for harsh environments and high-temperature applications. It is also widely used in construction, architecture, and transportation for its aesthetic appeal and strength.

Product Features

**Brand Name:** Hailian

**Place of Origin:** Wuxi

**Certification:** ISO, SGS, MTC

**Minimum Order Quantity:** 1 ton

**Price:** 2300-2518 USD/ton

**Packaging Details:** Standard packing

**Delivery Time:** 3 - 5 days

**Payment Terms:** 30% T/T, 70% before shipping

**Supply Ability:** 50000 ton/month

**Packaging:** Standard Export Package

**Process:** Cold-rolling

**Invoicing:** By Actual Weight

**Welding Line Type:** ERW

**Business Type:** Manufacturer

Applications and Scenarios

Stainless Steel Pipe Tube is used in a wide range of applications and scenarios. It is commonly used in the chemical industry for transporting corrosive materials. In the petrochemical industry, it is used for pipelines, heat exchangers, and storage tanks. In the oil and gas industry, it is used for drilling, production, and transportation of oil and gas. In the food processing industry, it is used for sanitary piping and equipment.

In the marine industry, Stainless Steel Pipe Tube is used for shipbuilding, offshore platforms, and underwater piping systems. In the construction industry, it is used for structural support, roofing, and cladding. In architecture, it is used for decorative purposes, such as handrails, balustrades, and facades. In transportation, it is used for exhaust systems, fuel lines, and other components.

Types of Stainless Steel Pipe Tube

We offer a variety of stainless steel pipes and tubes to meet your specific requirements. Our product range includes Stainless Steel Seamless Pipe, 304 Stainless Steel Pipes, Stainless Steel Round Tube, Stainless Steel Square Tube, and Stainless Steel Rectangular Tube. No matter what shape or size you need, we have the perfect solution for your project.

Why Choose Hailian?

As a leading manufacturer of stainless steel pipes and tubes, Hailian has a strong reputation for providing high-quality products and exceptional service. Our products are made with advanced technology and strict quality control to ensure superior performance and long-lasting durability. We also offer competitive prices, on-time delivery, and excellent customer support to meet your needs. Choose Hailian for all your stainless steel pipe and tube needs.

Customization:

Stainless Steel Pipe Tube Customization Service

Brand Name: Hailian

Place of Origin: Wuxi

Certification: ISO SGS MTC

Minimum Order Quantity: 1 ton

Price: 2300-2518 USD/ton

Packaging Details: Standard packing

Delivery Time: 3 - 5 days

Payment Terms: 30% T/T 70% before shipping

Supply Ability: 50000 ton/month

Invoicing: By Actual Weight

Grade: 304 201 316 304L 420 430 410 310S

Origin: Jiangsu China(Mainland)

Welding Line Type: ERW

Corrosion Resistance: High

Our Stainless Steel Pipe Tube is a top-of-the-line product that is highly customizable to meet your specific needs. Made from the finest materials, our pipes are durable, strong, and resistant to corrosion. With our comprehensive customization service, you can choose from a variety of options to create the perfect pipe for your project.

Our Stainless Steel Exhaust Pipe is perfect for industrial use and is designed to withstand high temperatures and extreme conditions. Our Stainless Steel Decoration Pipe is ideal for adding a touch of elegance and style to any space, while our Stainless Steel Water Pipe is perfect for use in plumbing and water systems.

With a minimum order quantity of just 1 ton, our pipes are perfect for both large and small projects. And with a fast delivery time of 3-5 days, you can have your customized pipes in no time. We also offer flexible payment terms, with 30% T/T and 70% before shipping, making it easier for you to manage your budget.

Our pipes are certified with ISO, SGS, and MTC, ensuring the highest quality standards. They are also available in a variety of grades including 304, 201, 316, 304L, 420, 430, 410, and 310S. We use ERW welding line type to ensure strong and seamless pipes.

Our Stainless Steel Pipe Tube is proudly made in Wuxi, China by our skilled team of professionals. With a supply ability of 50000 tons per month, we can meet all your customization needs. And with invoicing based on actual weight, you can be sure that you are only paying for the materials you receive.

Choose Hailian for all your Stainless Steel Pipe Tube customization needs. Contact us today to learn more!

Support and Services:

Technical Support and Service for Stainless Steel Pipe Tube

At Stainless Steel Pipe Tube, we are committed to providing our customers with the highest quality products and excellent technical support and service. Our team of experts is dedicated to ensuring that our customers have a seamless experience when it comes to using our products.

#### Technical Support

Our technical support team is available to assist you with any questions or concerns you may have regarding our Stainless Steel Pipe Tube. They are well-trained and knowledgeable about our product specifications, usage, and maintenance. You can reach our technical support team through our website, email, or phone.

#### Installation and Maintenance Services

We understand that proper installation and maintenance are crucial for the longevity and performance of our Stainless Steel Pipe Tube. That's why we offer installation and maintenance services to ensure that our products are installed correctly and maintained regularly. Our experienced technicians will work closely with you to ensure that your Stainless Steel Pipe Tube is installed and maintained according to industry standards.

#### Customization Services

We also offer customization services for our Stainless Steel Pipe Tube to meet the specific needs of our customers. Our team will work closely with you to understand your requirements and provide tailored solutions. We use advanced technology and high-quality materials to customize our products, ensuring that they meet your exact specifications.

#### Quality Assurance

We take pride in the quality of our Stainless Steel Pipe Tube and stand behind our products. We have a strict quality control process in place to ensure that our products meet industry standards and exceed our customers' expectations. In the rare event that you encounter any issues with our products, our customer service team is available to assist you and provide solutions promptly.

#### Fast Shipping

We understand the importance of timely delivery, and that's why we have a fast shipping process in place. Our products are carefully packaged and shipped to our customers in a timely manner, ensuring that they receive their orders promptly.

#### Conclusion

In summary, at Stainless Steel Pipe Tube, we are committed to providing our customers with top-notch technical support and service. From technical assistance to installation and maintenance services, customization options, and quality assurance, we strive to ensure that our customers have a smooth and satisfactory experience with our products. Contact us today to learn more about our Stainless Steel Pipe Tube and how we can assist you.

## Packing and Shipping:

#### Packaging and Shipping

The Stainless Steel Pipe Tube is carefully packaged to ensure safe transportation and delivery to our customers.

#### Packaging:

Each piece is wrapped with plastic film to prevent scratches and damage.

The wrapped pipes are then packed into wooden crates or cartons for additional protection.

The crates are sealed and labeled with product information for easy identification.

#### Shipping:

Our products are shipped via sea, air, or land transport, depending on the customer's preference and location.

For sea transportation, the crates are loaded onto shipping containers and secured for safe delivery.

For air transportation, the pipes are packed into strong and lightweight containers to minimize shipping costs.

For land transportation, the pipes are loaded onto trucks or trains and covered with waterproof tarpaulins to protect them from the elements.

We work closely with reliable freight forwarders to ensure timely and efficient delivery of our products to our customers worldwide.

## FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Hailian.

Q: Where is this product made?

A: This product is made in Wuxi, China.

Q: What certifications does this product have?

A: This product is certified with ISO, SGS, and MTC.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1 ton.

Q: What is the price range for this product?

A: The price for this product ranges from 2300-2518 USD per ton.

Q: How is this product packaged?

A: This product is packaged in standard packing materials.

Q: How long does it take for this product to be delivered?

A: The delivery time for this product is 3-5 days.

Q: What are the payment terms for this product?

A: The payment terms for this product are 30% T/T and 70% before shipping.

Q: What is the supply ability of this product?

A: The supply ability for this product is 50000 ton per month.
