## Product Description

Stainless Steel Plates 430 Chinese Inox Sheets GB DIN Standard Customized Size 1.5mm 2mm thickness Cold-rolled

### Product Description

430 stainless steel is not suited to the highest-stress applications and has only moderate resistance to aggressive environments. These materials, however, function extremely well and offer fairly good processing characteristics which make them well-suited to the majority of stainless steel applications. This article will further discuss 430 stainless steel, its uses, composition, and properties.
