

Silver Color Zinc Coated Steel Wire Within Diameter 0.3-10 Mm

Our Product Introduction

For more products please visit us on sheetstainless-steel.com

Basic Information

- Place of Origin: Shandong
- Brand Name: Hailian
- Certification: ISO SGS
- Model Number: Galvanized wire
- Minimum Order Quantity: 1 ton
- Price: Negotiation
- Packaging Details: Standard seaworthy packing
- Delivery Time: 15-21 days
- Payment Terms: L/C, T/T
- Supply Ability: 1000 ton per month

Product Specification

- Features: Zinc Coated Steel Wire, GI Wire Rope, Galvanized Iron Wire
- Surface: Zinc
- Grade: Galvanized
- Sample: Could Be Provided
- Product Name: Standard MTC Certification Galvanized Steel Wire With Zinc Coating Of 15g/m²-600g/m²
- Color: Silver Color
- Packaging: Standard Seaworthy Packing
- Highlight: **Silver Color Zinc Coated Steel Wire, 10 Mm Zinc Coated Steel Wire, 0.3mm galvanized steel wires**

Product Description:

Our Galvanized Steel Wires are made with an alloy, making them even more durable and long-lasting. The silver color of the wire makes it an ideal choice for a wide range of applications, from industrial to commercial uses, and everything in between.

The Standard MTC Certification Galvanized Steel Wire with Zinc Coating of 15g/m²-600g/m² is a top-quality product that is designed to meet the highest standards of quality and durability. The wire comes in a diameter range of 0.3-10 mm, making it suitable for a wide range of different applications.

One of the key benefits of our Galvanized Steel Wires is the high level of protection that they provide against corrosion and rust. The zinc coating on the wire ensures that the wire will not corrode or rust, even when exposed to harsh environmental conditions such as rain, snow, and humidity. This makes our Galvanized Steel Wires a great value for the galvanized wire price.

Our Galvanized Steel Wires are also highly versatile, making them ideal for a wide range of different applications. They can be used for everything from fencing and construction to automotive and industrial uses. The zinc on galvanized steel also makes it an ideal choice for electrical wiring and other applications where conductivity is important.

Overall, our Galvanized Steel Wires are a top-quality product that offers excellent durability, versatility, and protection against corrosion and rust. Whether you are looking for a wire for industrial, commercial, or personal use, our Galvanized Steel Wires are an excellent choice that will provide you with years of reliable service.

Features:

Product Name: Standard MTC Certification Galvanized Steel Wire with Zinc Coating of 15g/m²-600g/m²

Zinc coating: 15g/m²-600g/m²

Delivery Time: 15-21 days

Certifications: ISO and SGS

Application: Construction

Coated steel wire with zinc on galvanized steel

Technical Parameters:

Product Name	Standard MTC Certification Galvanized Steel Wire with Zinc Coating of 15g/m ² -600g/m ²
Delivery Time	15-21 days
Alloy Or Not	Is Alloy
Application	Construction
Grade	Galvanized
Zinc coating	15g/m ² -600g/m ²
Surface	Zinc
Sample	Could Be Provided
Diameter	0.3-10 Mm
Product Category	Galvanized Steel Wires

Applications:

The Galvanized Steel Wires from Hailian are commonly used in the construction industry for applications such as reinforcing concrete structures, fencing, and wire mesh. The wires are also used in the manufacturing of automotive parts, industrial equipment, and household appliances.

The Hailian Galvanized Steel Wires are ideal for use in agricultural applications as well. The wires can be used for fencing, trellising, and other applications that require strong, durable wire that can withstand harsh outdoor conditions.

The Galvanized Steel Wires from Hailian are available in a range of sizes and strengths to meet the needs of different applications. The wires are certified by ISO and SGS, ensuring that they meet the highest standards of quality and safety.

With a minimum order quantity of 1 ton, the Hailian Galvanized Steel Wires are an affordable and practical solution for a range of applications. The wires are available at a negotiable price, with payment terms of L/C and T/T accepted. With a supply ability of 1000 tons per month, customers can rely on Hailian to meet their needs for galvanized steel wire.

The delivery time for Hailian Galvanized Steel Wires is 15-21 days, with standard seaworthy packing to ensure safe and secure transportation. The wires come with a Standard MTC Certification, providing assurance of quality and performance.

Overall, the Hailian Galvanized Steel Wires are a reliable and versatile product that can be used in a range of occasions and scenarios. Whether for construction, agriculture, or manufacturing, these zinc-coated steel wires provide the strength, durability, and corrosion resistance needed to get the job done.

Support and Services:

Our Galvanized Steel Wires are manufactured to meet the highest technical standards and are designed for use in a variety of applications. We offer comprehensive technical support and services to ensure that our customers get the most out of their purchase.

Our team of experts is available to provide assistance with product selection, installation, and troubleshooting. We can also provide training on the proper use and maintenance of our Galvanized Steel Wires.

In addition, we offer custom fabrication services to meet the specific needs of our customers. Our state-of-the-art facilities and experienced technicians can produce custom wire products to meet even the most challenging requirements.

At every step of the way, we are committed to providing the highest level of customer service and support. Contact us today to learn more about our Galvanized Steel Wires and the technical support and services we offer.

Packing and Shipping:

Product Packaging:

Coils wrapped in waterproof paper

Placed in wooden pallets

Wrapped with plastic film

Secured with steel strapping

Shipping:

Shipped via sea or land transportation

Delivery time varies based on location

Shipping cost determined based on distance and weight

FAQ:

Q1: What is the brand name of the galvanized steel wires?

A1: The brand name of the galvanized steel wires is Hailian.

Q2: What is the minimum order quantity for the galvanized steel wires?

A2: The minimum order quantity for the galvanized steel wires is 1 ton.

Q3: What are the payment terms for the galvanized steel wires?

A3: The payment terms for the galvanized steel wires are L/C and T/T.

Q4: What is the supply ability for the galvanized steel wires?

A4: The supply ability for the galvanized steel wires is 1000 ton per month.

Q5: What is the delivery time for the galvanized steel wires?

A5: The delivery time for the galvanized steel wires is 15-21 days.

Q6: What is the packaging details for the galvanized steel wires?

A6: The packaging details for the galvanized steel wires is standard seaworthy packing.

Q7: What is the model number of the galvanized steel wires?

A7: The model number of the galvanized steel wires is Galvanized wire.

Q8: What is the place of origin for the galvanized steel wires?

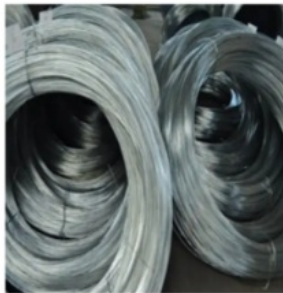

A8: The place of origin for the galvanized steel wires is Shandong.

Q9: What is the certification of the galvanized steel wires?

A9: The certification of the galvanized steel wires is ISO SGS.

Q10: Is the price negotiable for the galvanized steel wires?

A10: Yes, the price for the galvanized steel wires is negotiable.
