

22mm- 720mm OD Seamless Steel Pipes Alloy for High Temperature Applications

Our Product Introduction

For more products please visit us on sheetstainless-steel.com

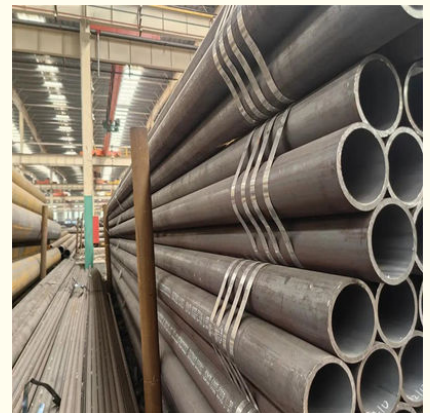

Basic Information

- Place of Origin: Shandong
- Brand Name: Hailian
- Certification: ISO SGS MTC
- Minimum Order Quantity: As request
- Price: Negotiate
- Packaging Details: Standard packing
- Delivery Time: 3 - 5 days
- Payment Terms: Discussed
- Supply Ability: 50000 ton/month

Product Specification

- Customization: Available
- Type: Seamless/welded
- Standard: GB EN ASTM DIN JIS
- Package: Standard
- Wall Thickness: As Request
- Length: 6m Or As Request
- Size: 22 - 720mm OD
- Application: Construction, Machinery, Electronics, Oil, Water, Agriculture Etc.
- Highlight: **High Temperature Seamless Steel Pipes, 720mm OD Alloy Steel Seamless Pipes, 22mm OD alloy steel seamless pipes**

Product Description:

The Seamless Steel Pipe is a high-quality product made from steel, ensuring durability and reliability for a wide range of applications. Available in seamless or welded type, this steel pipe is designed to meet various industrial needs with its exceptional performance. With a size range of 22 - 720mm OD, this seamless steel pipe offers versatility to suit different project requirements. Whether for small-scale applications or large construction projects, this pipe can handle the job effectively. Compliant with multiple standards including GB, EN, ASTM, DIN, and JIS, this seamless steel pipe guarantees high quality and consistency in its manufacturing process. This ensures that the product meets industry standards and specifications, making it a reliable choice for various applications. The Seamless Steel Pipe is packaged in a standard manner, ensuring safe transportation and storage. The standard packaging helps protect the product from damage during handling and shipping, maintaining its quality until it reaches its destination. With a size range of 89 - 168mm OD, this seamless steel pipe offers a more specific option for projects that require a particular diameter. Additionally, the pipe comes in a standard 6m length, providing convenience for common applications. For projects with specific length requirements, the pipe can also be customized to meet the desired specifications. Furthermore, the seamless steel pipe offers customized thickness options, allowing customers to tailor the product to their specific needs. This customization feature ensures that the pipe can meet the exact requirements of the project, providing enhanced flexibility and precision in its application.

Features:

Product Name: Seamless Steel Pipe
Customization: Available
Size: 22 - 720mm OD
Standard: GB EN ASTM DIN JIS
Wall Thickness: As Request
Type: Seamless/welded

Technical Parameters:

Standard	GB EN ASTM DIN JIS
Package	Standard
Application	Construction, Machinery, Electronics, Oil, Water, Agriculture Etc.
Length	6m Or As Request
Type	Seamless/welded
Surface Treatment	Standard (Can Be Oiled Or Painted)
Wall Thickness	As Request
Size	22 - 720mm OD
Customization	Available
Material	Steel

Applications:

Hailian Seamless Steel Pipe is a versatile product that finds application in a wide range of industries and scenarios. With its origin in Shandong, this product boasts certifications from ISO, SGS, and MTC, ensuring high quality and reliability. The seamless steel pipe is suitable for various product application occasions due to its adherence to GB, EN, ASTM, DIN, and JIS standards. The size range of 22mm to 720mm OD caters to different needs, providing flexibility in usage. Whether it is for construction, oil and gas transportation, machinery manufacturing, or other industrial purposes, the Hailian Seamless Steel Pipe is a preferred choice. Its welded version is also available, offering options based on specific requirements. Customers can order the product as per their need, as there is no fixed minimum order quantity. The pricing is negotiable, and packaging details include standard packing to ensure safe delivery. With a quick delivery time of 3 to 5 days, clients can rely on the timely availability of the seamless steel pipe. Payment terms are open for discussion, adding to the convenience of procurement. Furthermore, the supply ability of 50000 tons per month showcases the capability of Hailian in meeting bulk demands efficiently. The length of the steel pipe is 6m by default, but customization options are available as per the customer's request.
