

## GB EN ASTM DIN JIS S355 Q235 Seamless Steel Pipe Standard Oiled Or Painted for Customization

### Our Product Introduction

For more products please visit us on [sheetstainless-steel.com](http://sheetstainless-steel.com)

#### Basic Information

- Place of Origin: Shandong
- Brand Name: Hailian
- Certification: ISO SGS MTC
- Minimum Order Quantity: As request
- Price: Negotiate
- Packaging Details: Standard packing
- Delivery Time: 3 - 5 days
- Payment Terms: Discussed
- Supply Ability: 50000 ton/month

#### Product Specification

- Surface Treatment: Standard (Can Be Oiled Or Painted)
- Size: 22 - 720mm OD
- Customization: Available
- Standard: GB EN ASTM DIN JIS
- Length: 6m Or As Request
- Type: Seamless/welded
- Material: Steel
- Application: Construction, Machinery, Electronics, Oil, Water, Agriculture Etc.
- Highlight: **Painted Seamless Steel Pipe,  
Customization Seamless Steel Pipe,  
Oiled Seamless Steel Pipe**

## Product Description

### Product Description:

Seamless Steel Pipe

Our Seamless Steel Pipe is a high-quality product designed for various industrial applications. With its exceptional properties and specifications, this seamless steel pipe is a reliable choice for projects requiring durability and strength.

**Surface Treatment:** Standard (Can Be Oiled Or Painted)

**Standard:** GB, EN, ASTM, DIN, JIS

**Type:** Seamless/welded

**Size:** 22 - 720mm OD

**Package:** Standard

Designed to meet the highest industry standards, our Seamless Steel Pipe comes in various sizes to cater to different project requirements. The available sizes include 22 - 720mm OD, offering versatility and flexibility in applications.

With a surface treatment option of being standard, the pipe can also be oiled or painted based on specific project needs. This feature enhances the pipe's durability and resistance to environmental factors, ensuring a longer lifespan.

Compliant with GB, EN, ASTM, DIN, and JIS standards, our Seamless Steel Pipe guarantees quality and reliability. Whether for domestic or international projects, this product meets the necessary regulations and requirements, providing peace of mind to customers.

Whether you require seamless or welded pipes, our product offers both options to suit different project specifications. The seamless design ensures a smooth interior surface, ideal for applications requiring high flow efficiency and resistance to corrosion.

Our Seamless Steel Pipe is available in lengths of 6m or can be customized to meet specific project requests. For applications needing precise dimensions, the pipe can be tailored accordingly, ensuring a perfect fit and minimizing waste.

For added convenience, the standard packaging of the Seamless Steel Pipe ensures safe transportation and storage. Customers can rely on the secure packaging to protect the product during transit and maintain its quality until installation.

Overall, our Seamless Steel Pipe is a superior choice for industrial projects requiring durability, quality, and compliance with international standards. With its versatile size range, surface treatment options, and adherence to various standards, this product is a reliable solution for a wide range of applications.

### Features:

Product Name: Seamless Steel Pipe

Material: Steel

Package: Standard

Length: 6m Or As Request

Customization: Available

Application: Construction, Machinery, Electronics, Oil, Water, Agriculture Etc.

### Technical Parameters:

Customization	Available
Surface Treatment	Standard (Can Be Oiled Or Painted)
Package	Standard
Type	Seamless/welded
Wall Thickness	As Request
Length	6m Or As Request
Size	22 - 720mm OD
Material	Steel
Standard	GB EN ASTM DIN JIS
Application	Construction, Machinery, Electronics, Oil, Water, Agriculture Etc.

### Applications:

Hailian Seamless Steel Pipes are a versatile product suitable for various applications across different industries. With a brand reputation for quality and reliability, these pipes are manufactured in Shandong and come with ISO, SGS, and MTC certifications to ensure high standards are met.

Whether you need 45# Carbon Steel Pipes, 20# Seamless Steel Pipes, or other specifications, Hailian offers customization options to meet your specific requirements. The pipes are available in sizes ranging from 22mm to 720mm OD and can be ordered in lengths of 6m or as requested.

The seamless steel pipes from Hailian are well-suited for a wide range of applications, including construction, machinery, electronics, oil, water, agriculture, and more. Their durability and strength make them ideal for demanding environments where reliable performance is crucial.

When it comes to ordering, Hailian is flexible and accommodating. There is no set minimum order quantity, and pricing is negotiable based on your needs. The packaging details follow standard practices to ensure safe transportation and storage, while the delivery time is quick, typically ranging from 3 to 5 days.

Payment terms are open for discussion, allowing for a mutually beneficial agreement. With a supply ability of 50000 tons per month, Hailian can meet both small and large-scale demands efficiently.

Overall, Hailian Seamless Steel Pipes offer a combination of quality, customization, and reliability, making them a top choice for various industries and applications. Their adherence to international standards such as GB, EN, ASTM, DIN, and JIS further solidifies their reputation as a trusted supplier in the steel pipe market.
