

Welded Seamless Steel Pipe MS Tubes for Industrial Machinery 73mm 60mm 101mm OD SCH Thickness

Our Product Introduction

For more products please visit us on sheetstainless-steel.com

Basic Information

- Place of Origin: Shandong
- Brand Name: Hailian
- Certification: ISO SGS MTC
- Minimum Order Quantity: As request
- Price: Negotiate
- Packaging Details: Standard packing
- Delivery Time: 3 - 5 days
- Payment Terms: Discussed
- Supply Ability: 50000 ton/month

Product Specification

- Length: 6m Or As Request
- Customization: Available
- Type: Seamless/welded
- Size: 22 - 720mm OD
- Standard: GB EN ASTM DIN JIS
- Package: Standard
- Surface Treatment: Standard (Can Be Oiled Or Painted)
- Application: Construction, Machinery, Electronics, Oil, Water, Agriculture Etc.
- Highlight: **Industrial Machinery Seamless Steel Pipe, 73mm Seamless Steel Pipe, SCH Thickness Seamless Steel Pipe**

Product Description

Product Description:

The Seamless Steel Pipe is a versatile product that offers high performance and durability for a wide range of applications. With a size range of 22 - 720mm OD, this product is suitable for various industrial uses. Whether you need seamless or welded pipes, this product can meet your requirements with ease.

When it comes to surface treatment, the Seamless Steel Pipe comes with a standard finish that can be further customized by oiling or painting based on your specific needs. This flexibility allows you to tailor the appearance and properties of the pipes to suit your project requirements.

Made from high-quality steel, the Seamless Steel Pipe is known for its strength and reliability. The material used ensures that the pipes can withstand tough conditions and maintain their structural integrity over time. Whether you need pipes for fluid transportation, structural applications, or any other purpose, these steel pipes offer a reliable solution.

Compliant with various standards including GB, EN, ASTM, DIN, and JIS, the Seamless Steel Pipe meets international quality benchmarks. This ensures that you are getting a product that adheres to industry standards and specifications, guaranteeing high performance and reliability.

Whether you are looking for 20# Seamless Steel Pipes, 22mm - 89mm OD, or 45# Carbon Steel Pipes, the Seamless Steel Pipe product line has you covered. With its wide size range and material options, you can find the perfect pipe for your specific needs. Trust in the Seamless Steel Pipe for quality, reliability, and performance in your industrial applications.

Features:

Product Name: Seamless Steel Pipe

Application: Construction, Machinery, Electronics, Oil, Water, Agriculture Etc.

Wall Thickness: As Request

Customization: Available

Standard: GB EN ASTM DIN JIS

Length: 6m Or As Request

Technical Parameters:

Technical Parameter	Description
Wall Thickness	As Request
Standard	GB EN ASTM DIN JIS
Application	Construction, Machinery, Electronics, Oil, Water, Agriculture Etc.
Length	6m Or As Request
Package	Standard
Customization	Available
Size	22 - 720mm OD
Type	Seamless/welded
Material	Steel
Surface Treatment	Standard (Can Be Oiled Or Painted)

Applications:

Hailian Seamless Steel Pipes are a versatile product suitable for a wide range of application occasions and scenarios. With a brand name that signifies quality and reliability, these pipes are manufactured in Shandong, ensuring top-notch craftsmanship and durability. The pipes come with certifications such as ISO, SGS, and MTC, guaranteeing their compliance with industry standards.

Whether you require a small quantity or a large order, the minimum order quantity for Hailian Seamless Steel Pipes is flexible and can be tailored to your specific needs. The price is negotiable, offering you the opportunity to strike a cost-effective deal. The packaging details are standard, ensuring safe transit and storage of the pipes.

With a quick delivery time of 3 to 5 days, you can rely on Hailian Seamless Steel Pipes to meet your urgent project requirements. Payment terms are open for discussion, providing you with flexibility in completing your transactions. The supply ability of 50000 tons per month ensures a steady availability of these high-quality pipes.

These seamless steel pipes are available in a standard length of 6m or can be customized as per your request. The size ranges from 22mm to 720mm OD, with popular sizes including 89mm to 168mm OD. The pipes are ideal for various applications such as construction, machinery, electronics, oil, water, agriculture, and more.

Surface treatment for the pipes is standard, but they can also be oiled or painted based on your specific requirements. The packaging is standard to ensure safe handling during transportation. The material used for these pipes is 20# seamless steel, known for its strength and resistance to corrosion.
