

## 20# 20G Seamless Steel Pipes For Water Resistant Applications Customization

Our Product Introduction

For more products please visit us on [sheetstainless-steel.com](http://sheetstainless-steel.com)

### Basic Information

- Place of Origin: Shandong
- Brand Name: Hailian
- Certification: ISO SGS MTC
- Minimum Order Quantity: As request
- Price: Negotiate
- Packaging Details: Standard packing
- Delivery Time: 3 - 5 days
- Payment Terms: Discussed
- Supply Ability: 50000 ton/month

### Product Specification

- Length: 6m Or As Request
- Material: Steel
- Wall Thickness: As Request
- Customization: Available
- Type: Seamless/welded
- Size: 22 - 720mm OD
- Standard: GB EN ASTM DIN JIS
- Application: Construction, Machinery, Electronics, Oil, Water, Agriculture Etc.
- Highlight: **20# Seamless Steel Pipes,  
20G Seamless Steel Pipes,  
Water-Resistant Seamless Steel Pipes**

Product Description:

The Seamless Steel Pipe is a versatile product that offers exceptional performance in various industries due to its high-quality construction and durability. It is manufactured to meet the GB, EN, and ASTM standards, ensuring reliability and consistency in its properties.

One of the key features of this Seamless Steel Pipe is its customization option, allowing customers to tailor the product to their specific requirements. Whether it's a particular size, length, or surface finish, this product can be adapted to suit individual needs, making it a versatile choice for a wide range of applications.

The Surface Treatment of the Seamless Steel Pipe is standard, with the option to be oiled or painted based on the customer's preference. This additional treatment enhances the pipe's resistance to corrosion and environmental factors, prolonging its lifespan and maintaining its appearance over time.

With an outer diameter ranging from 89mm to 168mm and an inner diameter from 22mm to 89mm, this Seamless Steel Pipe is suitable for various applications. Its sturdy construction and precise dimensions make it ideal for use in construction, machinery, electronics, oil, water, agriculture, and other industries where reliable piping is essential.

The Length of the Seamless Steel Pipe is typically 6m, providing ample versatility for different projects. However, custom lengths can be requested based on specific needs, allowing for seamless integration into various systems and structures.

Constructed from high-quality steel, this Seamless Steel Pipe offers exceptional strength and durability, ensuring reliable performance in demanding environments. Its material composition guarantees resistance to corrosion, impact, and wear, making it a long-lasting solution for critical applications.

Features:

- Product Name: Seamless Steel Pipe
- Customization: Available
- Standard: GB EN ASTM DIN JIS
- Material: Steel
- Package: Standard
- Application: Construction, Machinery, Electronics, Oil, Water, Agriculture Etc.

Technical Parameters:

Customization	Available
Package	Standard
Standard	GB EN ASTM DIN JIS
Type	Seamless/welded
Application	Construction, Machinery, Electronics, Oil, Water, Agriculture Etc.
Wall Thickness	As Request
Size	22 - 720mm OD
Surface Treatment	Standard (Can Be Oiled Or Painted)
Length	6m Or As Request
Material	Steel

Applications:

Hailian Seamless Steel Pipes, with a diameter ranging from 22mm to 89mm, are a versatile product suitable for various application occasions and scenarios. These 20# Seamless Steel Pipes, manufactured in Shandong, meet the GB, EN, ASTM standards, ensuring high-quality and reliable performance.

Thanks to their seamless construction, Hailian Seamless Steel Pipes are ideal for use in industries such as oil and gas, construction, automotive, machinery, and more. The seamless design eliminates weak points in the pipe structure, making them suitable for high-pressure applications.

With certifications including ISO, SGS, and MTC, customers can trust the quality and authenticity of Hailian Seamless Steel Pipes. Whether it's for industrial projects, infrastructure development, or mechanical applications, these pipes offer durability and long-lasting performance.

Customers can benefit from the flexible ordering options, with a minimum order quantity that can be tailored to their specific needs. The pricing is negotiable, allowing for cost-effective solutions for various projects. The packaging details are standard, ensuring safe transportation and storage of the pipes.

With a delivery time of 3 to 5 days, customers can rely on prompt and efficient service. Payment terms can be discussed to accommodate different preferences and requirements. With a supply ability of 50000 tons per month, Hailian ensures a steady and consistent availability of Seamless Steel Pipes.

Customization options are available for customers looking for specific requirements in terms of dimensions, surface treatment, or material grade. The pipes come with standard surface treatment, but can also be oiled or painted based on customer needs.

Overall, Hailian Seamless Steel Pipes offer a reliable, high-quality solution for a wide range of applications, backed by certifications,

customization options, and efficient supply chain capabilities.
