Product Description

SGCC Z30 Electronic Embossed Galvanized Steel Sheets GI Non-slip Plates Customized Size

Product Description

Galvanized steel means that to prevent the surface of the steel from being corroded and prolong its service life, a layer of metallic zinc is coated on the surface of the steel. This kind of zinc-coated steel is called galvanized steel. And it is chemically treated to prevent corrosion. This steel is coated with a layer of zinc because it is difficult for rust bacteria to corrode this protective metal material.

Product Properties
