

Hot Rolled Ss Coil 304 Stainless Steel Coil In Polished Finish For Durable Construction

Our Product Introduction

For more products please visit us on sheetstainless-steel.com

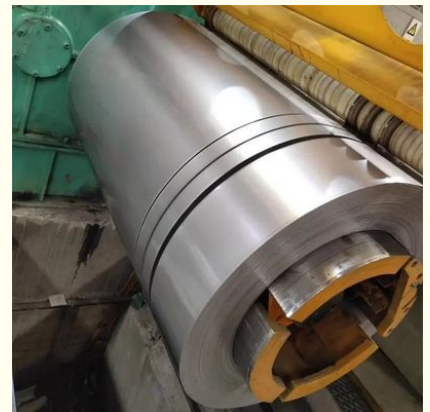

Basic Information

- Place of Origin: China
- Brand Name: Xuda
- Model Number: 304, 316, 401

Product Specification

- Special Use: High-strength Steel Plate
- Surface Treatment: Polished
- Powder Or Not: Not Powder
- Certificate: SGS
- Forms: Coil ,strip ,foil
- Processing: Cutting, Bending, Welding, Decoiling
- Thickness Tolerance: ± 0.03
- Usage: Construction Use
- Highlight: **Hot Rolled ss coil 304,**
Polished Finish ss coil 304,
Durable Construction ss coil 304

Product Description

Product Description:

Manufactured with precision and excellence, our Stainless Steel Coil is certified by SGS, ensuring its quality and reliability. Whether you require it in the form of a coil, strip, or foil, this product offers exceptional performance and durability.

With a customizable length feature, our Stainless Steel Coil can be tailored to your specific requirements, providing you with the flexibility needed for your construction projects. Its adaptability makes it a valuable asset for various applications in the construction industry.

Designed for durability and longevity, our Stainless Steel Coil is ideal for Sport Goods Stainless Steel Coils, offering a reliable solution for your construction needs. Its polished surface treatment not only enhances its visual appeal but also provides protection against corrosion and wear, ensuring a long-lasting performance.

Whether you are working on a large-scale construction project or a smaller DIY endeavor, our stainless steel coil is a versatile and dependable choice. Its SGS certification guarantees that it meets the highest industry standards, giving you peace of mind regarding its quality and performance.

Invest in our Stainless Steel Coil today and experience the benefits of a high-quality product that is tailored to meet your construction needs. With its customizable length, polished surface treatment, and SGS certification, this coil is a reliable and durable solution for various applications in the construction industry.

Applications:

Xuda stainless steel coils, including models 304, 316, and 401, are renowned for their high quality and versatility. These cold rolled stainless steel coils are manufactured in China, ensuring top-notch quality and craftsmanship. The coils undergo a polished surface treatment, adding a sleek finish to their appearance.

The Xuda stainless steel coils find their application in various construction scenarios due to their durability and strength. They are ideal for use in construction projects that require high-strength steel plates. Whether it's for building structures, roofing, or reinforcement purposes, these coils deliver reliable performance and longevity.

Transported in standard packing, the Xuda stainless steel coils are conveniently packaged for safe and secure delivery to the desired location. Their not powder form ensures easy handling and installation at the job site, saving time and effort during the construction process.

With Xuda stainless steel coils, customers can trust in the quality and performance of the product. The high-strength steel plates produced from these coils are a testament to their exceptional strength and reliability. Whether for residential, commercial, or industrial applications, these coils meet the needs of various construction projects with precision and efficiency.

Support and Services:

Our Product Technical Support and Services for the Stainless Steel Coil include:

- Expert assistance with installation and setup
- Troubleshooting guidance for any issues
- Maintenance tips to ensure optimal performance
- Information on product specifications and capabilities

Packing and Shipping:

Product Packaging:

The stainless steel coil will be carefully wrapped in protective material to prevent scratches or damage during transit. It will then be placed in a sturdy cardboard box with ample cushioning to ensure safe delivery.

Shipping:

We offer fast and reliable shipping services for the stainless steel coil product. Once your order is processed, the item will be shipped promptly to your designated address. You will receive tracking information to monitor the delivery status of your package.

FAQ:

Q: What is the brand name of the stainless steel coil?

A: The brand name is Xuda.

Q: What are the available model numbers for the stainless steel coil?

A: The available model numbers are 304, 316, and 401.

Q: Where is the stainless steel coil manufactured?

A: The stainless steel coil is manufactured in China.

Q: Are the stainless steel coils made of high-quality material?

A: Yes, the stainless steel coils are made of high-quality material.

Q: Can the stainless steel coils be customized based on specific requirements?

A: Yes, the stainless steel coils can be customized based on specific requirements.
