

Professional Cutting Service Industry Needs 304 Stainless Steel Plate Technique Cold Rolled

Our Product Introduction

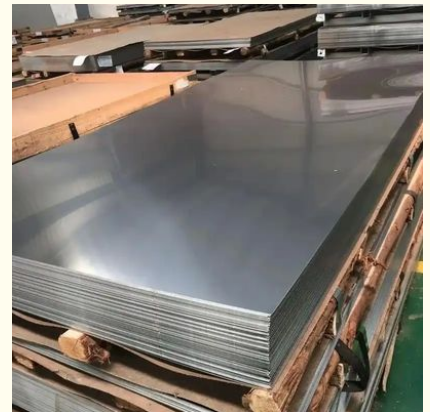

Basic Information

- Place of Origin: Wuxi
- Brand Name: Hailian
- Certification: ISO SGS MTC
- Model Number: 304, 316, 401
- Minimum Order Quantity: 1 ton
- Price: 1500 - 1750 USD/ton
- Packaging Details: Standard packing
- Delivery Time: 3 - 5 days
- Payment Terms: 30% T/T 70% before shipping
- Supply Ability: 50000 ton/month

Product Specification

- Length: 2000mm-6000mm
- Species: Plate
- Technique: Cold Rolled, Hot Rolled
- Material: Stainless Steel
- Package: Standard Export Package, Or As Required
- Processing Service: Cutting, Bending, Welding, Etc.
- Processing Technology: Cold Rolled
- Standard: ASTM, AISI, JIS, DIN, EN
- Highlight: **304 Rolled Stainless Steel Plate,
Industry 304 Stainless Steel Plate,
Professional Cutting Service ss Plate**

Product Description

Product Description:

The Stainless Steel Plate is a versatile and durable product that offers exceptional strength and corrosion resistance. It is commonly used in various industries such as construction, automotive, and manufacturing due to its excellent properties.

With a width range of 1000mm to 3000mm, the Stainless Steel Plate is available in different sizes to suit various applications. Whether you need a small piece for a specific project or a large sheet for industrial use, this product can meet your requirements.

One of the key features of the Stainless Steel Plate is its processing service options. It can be easily cut, bent, welded, and customized to fit specific needs. This flexibility makes it a popular choice among fabricators and manufacturers who require precise shapes and designs.

When it comes to packaging, the Stainless Steel Plate is typically delivered in a standard export package to ensure safe transportation and handling. However, custom packaging options are also available based on individual requirements. This ensures that the product reaches its destination in perfect condition.

As a species of plate, the Stainless Steel Plate offers exceptional durability and longevity. Its resistance to corrosion and high temperatures makes it ideal for use in challenging environments where other materials may fail. This product is designed to withstand heavy loads and harsh conditions, making it a reliable choice for various applications.

Overall, the Stainless Steel Plate is a high-quality product that combines strength, versatility, and reliability. Whether you need it for construction projects, industrial applications, or manufacturing processes, this product delivers outstanding performance and durability. Invest in the Stainless Steel Plate today for long-lasting results and peace of mind.

Applications:

Hailian Stainless Steel Sheet Plate is a versatile product that can be used in a wide range of applications due to its durable and corrosion-resistant properties. The product is available in various models including 304, 316, and 401, ensuring that customers can find the right fit for their specific needs.

Manufactured in Wuxi, each Stainless Steel Sheet Plate is rigorously tested and certified with ISO, SGS, and MTC standards, guaranteeing high quality and reliability. With a minimum order quantity of 1 ton and a price range of 1500 - 1750 USD/ton, customers can easily obtain the product at competitive rates.

Whether customers require Stainless Steel Sheet Plate for industrial, construction, or decorative purposes, Hailian provides standard packing and quick delivery within 3 - 5 days. The flexible payment terms of 30% T/T and 70% before shipping make transactions convenient and secure.

With a supply ability of 50000 ton/month, Hailian Stainless Steel Sheet Plate ensures a consistent and reliable source of material for various projects. The product is made using advanced techniques such as Cold Rolled and Hot Rolled, resulting in a high-quality finish.

Each Stainless Steel Sheet Plate is packaged in standard export packaging or as required by the customer, ensuring safe transportation and storage. The product is categorized as a Plate and is available in sizes tailored to meet customer's specific requirements.

The Stainless Steel Sheet Plate from Hailian is ideal for a variety of occasions and scenarios including but not limited to building facades, kitchen equipment, automotive parts, and industrial machinery. Its versatility, durability, and aesthetic appeal make it a popular choice in the market.

Customization:

Product Customization Services for the Stainless Steel Plate:

Brand Name: Hailian

Model Number: 304, 316, 401

Place of Origin: Wuxi

Certification: ISO SGS MTC

Minimum Order Quantity: 1 ton

Price: 1500 - 1750 USD/ton

Packaging Details: Standard packing

Delivery Time: 3 - 5 days

Payment Terms: 30% T/T 70% before shipping

Supply Ability: 50000 ton/month

Steel Grade: 304, 316, 316L, 430, 201, 310s

Length: 2000mm-6000mm

Species: Plate

Material: Stainless Steel

Standard: ASTM, AISI, JIS, DIN, EN

Packing and Shipping:

Product Packaging:

The stainless steel sheet plate is carefully wrapped and placed in a sturdy cardboard box to ensure safe transportation.

Shipping:

We offer fast and reliable shipping services to deliver the stainless steel sheet plate to your doorstep. The product will be securely packaged to prevent any damage during transit.

FAQ:

Q: What is the brand name of the Stainless Steel Sheet Plate?

A: The brand name is Hailian.

Q: What are the available models of the Stainless Steel Sheet Plate?

A: The available models are 304, 316, and 401.

Q: Where is the Stainless Steel Sheet Plate manufactured?
A: The product is manufactured in Wuxi.
Q: What certifications does the Stainless Steel Sheet Plate have?
A: The product is certified with ISO, SGS, and MTC.
Q: What is the minimum order quantity for the Stainless Steel Sheet Plate?
A: The minimum order quantity is 1 ton.
